JAN 24 1973

W. DONLON EDWARDS

Photograph dated 10-1941.

— XEROX —
JAN 24 1978

This employee entered on duty on 12-16-40, as a Special Agent, Grade CAF-9, \$3200 per annum.

At the conclusion of his training period Mr. Nathan stated he was all right, that he could be better than average if he wanted to be and developed a little animation. It was reported he had a pleasing personality, was quiet, interested, and average.

On 2-9-41, he was assigned to the Grand Rapids Office.

On 3-25-41, SAC McFarlin commented that he presented a nice personal appearance, evinced a sincere interest in his work, was loyal, conscientious; however, it was believed his personality, although pleasing, was too retiring and he lacked forcefulness. It was also believed that he was somewhat lacking in confidence in himself. It was believed that with additional training and experience he would overcome any deficiencies which existed and that his development would be satisfactory with close supervision.

On 8-8-41, SAC McFarlin advised that he had performed his general investigative work in an outstanding manner considering his length of service, he had developed many good contacts for the Bureau and he presented a good personal appearance, had a pleasing and engaging personality and evinced a sincere interest in his work which he performed in a conscientious manner. He had developed a more aggressive and forceful attitude in his contacts and his progress had been satisfactory.

On 9-9-41, SAC McFarlin stated he had performed his assignments in a manner which had been more than satisfactory, he presented a good personal appearance, had a pleasing, engaging personality, and evinced a sincere interest in the work. He had organized his work in an excellent manner and dictated rapidly. His investigations had been thorough and well conducted. He had required a minimum amount of supervision in the work which he had performed and he had been assigned some administrative duties which he performed in a capable and able manner. He had a good knowledge of the Bureau's work and applied that knowledge with judgment. He had progressed satisfactorily and it was believed he would continue to develop more rapidly than the average agent. On 9-12-41, he was TRANSFERRED to the New York Office.

Effective 9-16-41, he received a promotion to \$3500 per annum in Grade CAF-10.

On 9-25-41, he was enrolled in the Bookkeeping and Elementary Accounting Course and was furnished with lessons from 1 through 36.

On 10-28-41, Mr. P. E. Foxworth reported that he appeared to organize his work in a satisfactory manner and conducted his investigations in a satisfactory manner, with a moderate amount of supervision. He

appeared to be a very willing worker who had a good attitude toward the Bureau's work and he appeared to be progressing satisfactorily.

By letter dated 10-30-41, he submitted his resignation which became effective 12-27-41, active duty having ceased on 11-29-41. He advised Mr. Foxworth of the New York Office that he had been offered such a good position by his former employers, the San Jose Abstract and Title Company, that he did not feel, in fairness to his family, he could decline it.

By letter dated 11-22-41, SAC Hood of the Los Angeles Office advised he had met a Mr. Fred Hinze, who was counsel for the Douglas Aircraft Company, Santa Monica, California, and in general conversation he informed SAC Hood that he (Hinze) had a cousin named Edwards who was employed in the Bureau as a Special Agent and that he became an Agent for the purpose of avoiding the draft. This was submitted for information purposes.

By wire dated 12-8-41, Edwards requested permission to cancel his resignation as Special Agent because of extreme necessity of looking after family in California, and requested transfer to San Francisco. He was advised on 12-9-41, that it was not possible to grant his request.

By wire dated 12-16-41, he advised he had applied for commission with Office of Naval Intelligence and they had requested that a communication be addressed to him stating the Bureau had no objection to such an appointment. This information was furnished to him on 12-19-41. Edwards also requested this information by letter dated 12-28-41, and by another wire dated 12-20-41.

By letter dated 1-22-42, he again requested reinstatement in the Bureau and was advised by letter dated 1-30-42, that it was not possible to take favorable action in his case. He was not considered for reinstatement inasmuch as he had resigned in the face of a national emergency.

On 2-21-42, his service record was furnished to the Office of Naval Intelligence.

On 3-21-42, his service record was furnished to the Lockheed Aircraft Corporation, Burbank, California.

In February, 1947, his name was received by the Bureau as having applied for membership in the Society of Former Special Agents of the Federal Bureau of Investigation.

In April, 1950, an inquiry was received from [redacted] a student at Stanford University questioning whether Edwards was a former Bureau Agent. In accordance with Bureau instructions [redacted] was interviewed in the San Francisco Office and was apprised of the service record of Edwards. [redacted] stated that he and other members of the Young Republicans at Stanford had been somewhat suspicious of Edwards who was President of Young Republicans in California, because he appeared too young to have been both a former Special Agent of the FBI and a veteran of World War II. [redacted] advised he had no reason other than the above for suspecting Edwards but stated that he and other members of the Young Republicans were resentful of Edwards' representations that the Young Republicans and his inferences that the Republican Party itself endorsed the United World Federalists, of which [redacted] said Edwards was a member. [redacted] advised that neither organization even approved of the policies of the United World Federalists and he questioned the integrity of a member of the Young Republicans who would make such representations. In this connection, a Resident Agent at San Jose attended a meeting of the United World Federalists whose principal speaker was Myron C. Fagan, described as a famous playwright, producer, author, and National Director of the Cinema Educational Guild, Hollywood, California. Before the meeting started a group of about thirty young people came into the auditorium accompanied by Edwards. Fagan spoke for about thirty minutes stating he had investigated Communists in Hollywood and further, he had made a study of the Organization, aims and purposes of the United World Federalists and expressed the opinion that the organization was infiltrated with Communists. At the conclusion of the talk the group with Edwards appeared obviously displeased with Fagan's remarks and "booed" and others made unmistakable Fascist salutes toward Fagan. Edwards then arose and addressed Fagan from the audience and said, "I am Don Edwards, former FBI Agent and President of Young Republicans in California." He then said, "The Young Republicans are in favor of the UWF" and then mentioned the names of a number of prominent Republicans who were reported members of the United World Federalists, and Edwards shouted to Fagan, "Are these persons Communists?" Fagan answered Edwards by saying he felt the question was unfair and that insofar as he knew the Republican Party had not endorsed the UWF. Fagan further stated he intended to report Edwards to the head of the Republican Party of California. Edwards made no further comment.

By letter dated 10-10-62, SAC, San Francisco advised that Edwards was the Democratic nominee for Congressman from the Ninth District of California, and was heavily favored to win in the general election. One of Edwards' campaign managers was identified as Patrick Thomas Hancock, Hayward, California, a Security Index subject of the San Francisco Office. A brother of Patrick's, Donald Hancock, had also been active in Edwards' campaign and was reportedly employed by the Valley Title Company, San Jose, California, a firm owned by Edwards. Donald Hancock had also been the subject of a San Francisco security investigation. The SAC advised that an informant reported on 5-31-62,

that the signatures of Patrick and Donald Hancock had appeared on a petition circulated by the Committee for Constitutional Liberties which had been drawn up for the purpose of petitioning the President to repeal and nullify enforcement of the Internal Security Act of 1950. On 11-6-62, Edwards was elected to the U. S. Congress from the 9th District of California. He did not replace an incumbent.

Memorandum dated 3-28-63, reflected that Mr. DeLoach called on Congressman Edwards on 3-27-63, and was received by the Congressman most cordially and asked that his best regards be extended to the Director. This memorandum stated Edwards recently voted against appropriations for the House Committee on Un-American Activities (HCUA). Congressmen H. Allen Smith and Glen Lipscomb, both California Congressmen, professed a dislike for Edwards indicating he was extremely liberal and could not be trusted. Mr. DeLoach called on Edwards for several reasons. First, it was felt that due to his extremely liberal leanings he might be ripe for an approach from characters like Levine, Turner and Burnett. Mr. DeLoach wanted him to know that he had a contact with the Bureau that would be willing to talk these matters over with him at any time. Secondly, it was thought it best to acquaint ourselves with Edwards so that at least he would give consideration to contacting us prior to discussing matters regarding the Director or the FBI.

An item in the Washington Daily News dated 10-25-63, reported that Representative Ed Foreman (R-Texas) had labeled 20 Hill colleagues as "pinkos" and Edwards was one of them. Edwards, furious, consulted with House Speaker John McCormack (D-Mass.), Majority Leader Carl Albert (Okla.) and Majority Whip Hale Boggs (La.). The result was that Edwards went to Foreman with an apology all typed out. Foreman would not sign it but did write an apology of his own and signed it. Foreman stated he wrote the retraction to keep from being sued by Edwards. Foreman still said Edwards was a "Pinko" and that he would speak out against his voting record and the voting records of others who aid the communists with their votes.

On 6-16-64, Edwards assisted Representative William F. Ryan (D-NY) in reporting to the House the results of the meeting held by the Council of Federated Organizations on 6-8-64. This Council, made up of CORE, SNCC, NAACP, and the Southern Christian Leadership Conference (SCLC) held hearings which consisted primarily of testimonies from individuals who alleged they had been subjected to police brutalities while engaging in integration activities in Mississippi. Ryan and Edwards, who were joined by Congresswoman Green and Representative Nix, in placing these results before the House, constantly deplored what they termed the failures of law enforcement authorities to protect demonstrators. Edwards referred to his former employment with the FBI and criticized agents for not making arrests of those who Edwards claimed violated the demonstrators rights in their presence.

A news item in the 7-10-64 edition of the Washington Evening Star reflected that Edwards' son was a civil rights worker in Mississippi at this time, that Edwards had visited [] in Mississippi and stated there was great concern among students as to what would happen to local Negroes when summer was over and the students leave the state. According to the news item Edwards said he was "immensely proud" of his son for going to Mississippi to try to get Negroes registered to vote but was "terribly concerned" for his safety. Edwards and [] had slept in a house in McComb, Mississippi, in a Negro district, which was ripped the following night by three bombs thrown from the street. The article concluded by saying that Edwards said, "There is a very deep distrust of the FBI among students in the Mississippi project." []

On 11-9-64, Edwards wrote a letter to Mr. DeLoach stating that during his election campaign in 1962, his opponent came up with some information that could only have been obtained from his personnel file at the Bureau. He was quite disturbed and indicated this information should not have been furnished. Mr. DeLoach quickly acknowledged Edwards' letter on 11-16-64, indicating he was astonished by his (Edwards) accusation and denying this allegation. By letter 11-20-64, Edwards stated he was sorry if his previous letter was offensive, that it was not so intended, that he had always been proud of his former employment with the Bureau and could count himself as one of its friends. Further, the subject of his letter was of no great importance to him, that he thought he (DeLoach) might be interested because it concerned procedures. He stated he would be glad to discuss the matter personally. The Director noted, "DeLoach should see him." This was done on 1-28-65.

Memorandum dated 1-14-65, stated Judge E. A. Tamm called and stated he had heard Congressman Don Edwards, who was described as a former FBI Agent, was very hostile to the Bureau and had introduced a bill or resolution to abolish the House Committee on Un-American Activities (HCUA). Judge Tamm continued that it was reported that the bill or resolution was written in the presence of Wilkinson, a convicted communist, and Mr. and Mrs. Braden, who formerly operated a communist school in Georgia. This same information also came from Chairman Edwin Willis of the House Committee on Un-American Activities.

A routing slip from the Director dated 4-8-65, stated Edwards was the new head of the Americans for Democratic Action.

b6

On 6-16-65, the Bureau received a request from the Civil Service Commission to conduct an investigation of [] who was applying for a position with the Peace Corps as a volunteer. []

By letter dated 9-7-66, information was furnished to the White House that on 8-31-66, a confidential source had advised Congressman Edwards accepted an invitation for himself and his wife to attend a dinner on 9-13-66, at the residence of []

(U)

By letter to the Director of 9-25-67, Edwards advised he had read several reports in the press that there were no Negroes in Mississippi

offices of the Justice Department. These reports were very unsettling to him particularly in light of the Federal Government's commitment to equal employment opportunities and he wondered if the Director could tell him if the reports were accurate. It was recommended that he be told that while we could not speak for the Department as a whole, FBI employees were assigned wherever the need for them was greatest. He was so advised by letter 10-2-67.

In a memorandum dated 10-5-67, it was stated a telephone call from the Personnel Section in the Department had been received to the effect that Congressman Edwards had inquired as to the number of Negroes in the Mississippi Offices of the Justice Department. The Department desired to know whether we have any, was canvassing the other segments of the Department having offices in Mississippi and contemplated advising Edwards briefly as to what the situation was. It was recommended and approved by the Director that the Personnel Section of the Department be advised telephonically that we have no Negroes presently assigned in Mississippi and that we advise them that a similar inquiry from Edwards had been received and our reply to him. This was done 10-9-67.

By letter dated 1-8-68, Edwards referred to a complaint received from [redacted] by SAA [redacted], assigned to Hayward Resident Agency, San Francisco Office. This related to matter captioned, "Unknown Subjects, Alleged Irregularity in Operations, Central Valley National Bank, Oakland, California, Federal Reserve Act." [redacted] alleged that Central Valley National Bank officials declined business loans unless the borrower would purchase stock in a subsidiary of that bank known as Small Business Investors Corporation. [redacted] Edwards' constituent, and former Assistant Cashier, Livermore, California, informed SA [redacted] he considered this activity to be illegal. Edwards was advised by letter 1-12-68, that this was discussed with the U. S. Attorney in San Francisco who advised that no Federal criminal violation was involved. A notation on the yellow stated that in view of Edwards' critical attitude toward the Bureau, he had been characterized as "one of our worst enemies."

Gentlemen:

Attention of Mr. N. J. L. Pieper
Special Agent in Charge

You will find enclosed my application for appointment as Special Agent (Law Trained). The following are further remarks relative to the questions on the application.

15. In case of appointment both of the mentioned notes would be immediately paid in full from my savings account. The note to the First National Bank was executed largely for business reasons, and the F.H.A. loan was for repairs on an apartment house acquired for investment purposes.

16. I attended Stanford Law School for two years. At the beginning of the third year the San Jose Abstract & Title Insurance Co. offered me an excellent position as Secretary of the firm. This offer was too inviting to turn down, and I have been with them ever since.

Yours very truly

William Donlon Edwards

The following is a summary of Mr. Edwards' record for the Director's use.

Mr. Edwards entered on duty on 12-16-40, as a Special Agent, Grade CAF-10, \$3500 per annum. Following training school he was assigned to the Grand Rapids Office on 2-9-41 and on 9-12-41, he was transferred to the New York Office. He resigned 12-27-41, while in Grade CAF-10 and while assigned to the New York Office, stating he had been offered such a good position by his former employers, the San Jose Abstract and Title Company, he did not feel, in fairness to his family, he could decline it. Prior to his cease-duty date, SAC, Los Angeles advised on 11-22-41, he had met a Fred Hinze who was a cousin of Edwards and who stated Edwards had become a Special Agent for the purpose of avoiding the draft. By wire dated 12-8-41, Edwards requested permission to cancel his resignation as a Special Agent because of extreme necessity of looking after his family in California and requested a transfer to San Francisco. He was advised on 12-9-41, that it was not possible to grant this request.

On 12-16-41, he advised he had applied for commission with the Office of Naval Intelligence and they had requested from him a communication from the Bureau that the Bureau had no objection to such an appointment. This information was furnished him on 12-19-41.

On 1-22-42, he requested reinstatement in the Bureau and was advised on 1-30-42, that it was not possible to take favorable action in his case. He was not considered for reinstatement since he had resigned in the face of a national emergency.

His service record was furnished to the Office of Naval Intelligence on 2-21-42, and to the Lockheed Aircraft Corporation, Burbank, California, on 3-21-42.

On 11-6-62, Edwards was elected to the U. S. Congress from the 9th District of California. He did not replace an incumbent. His campaign manager was a former Communist Party member and Security Index Subject.

On 3-27-63, Mr. DeLoach called on Edwards and was received most cordially and asked that his best regards be extended to the Director. Memorandum of 3-28-63, stated that Edwards voted against appropriations for the House Committee on Un-American Activities (HCUA). Congressmen H. Allen Smith and Glen Lipscomb, both California Congressmen, professed a dislike for Edwards, indicating he was extremely liberal and could not be

RE: W. DONLON EDWARDS
Former Special Agent

trusted. Mr. DeLoach called on Edwards for several reasons. First, it was felt that due to his extremely liberal leanings he might be ripe for an approach from persons like Levine, Turner and others.. Mr. DeLoach wanted him to know he had a contact with the Bureau that would be willing to talk these matters over with him at any time. Secondly, it was thought best to acquaint ourselves with Edwards so that at least he would give consideration to contacting us prior to discussing matters regarding the Director of the FBI.

An item in the Washington Daily News dated 10-25-63, reported that Representative Ed Foreman (R-Texas) had labeled 20 Hill colleagues as "pinkos" and Edwards was one of them. Edwards, furious, consulted with House Speaker McCormack (D-Mass.), Majority Leader Carl Albert (Okla.) and Majority Whip Boggs (La.). The result was that Edwards went to Foreman with an apology typed out for him (Foreman) to sign. Foreman would not sign this apology but did write one of his own and signed it. Foreman stated he wrote the retraction to keep from being sued by Edwards, but still said Edwards was a "Pinko" and that he would speak out against his voting record and the voting records of others who aid the communists with their votes.

In June, 1964, Edwards assisted Representative William F. Ryan (D-NY) in reporting to the House the results of the meeting held by the Council of Federated Organizations. This Council, made up of CORE, SNCC, NAACP, and the Southern Christian Leadership Conference (SCLC) held hearings which consisted primarily of testimony from individuals who alleged they had been subjected to police brutalities while engaging in integration activities in Mississippi. Ryan and Edwards, who were joined by Congresswoman Green and Representative Nix, in placing these results before the House constantly deplored what they termed the failures of law enforcement authorities to protect demonstrators. Edwards referred to his former employment with the FBI and criticized agents for not making arrests of those, who Edwards claimed violated the demonstrators rights in their presence.

b6

b7C

A news item of 7-10-64. edition of Washington Evening Star reflected Edwards' son, [redacted] was a civil rights worker in Mississippi at that time, that Edwards had visited his son in Mississippi and stated there was great concern among students as to what would happen to local Negroes when summer was over and the students had left the state. This item said Edwards was "immensely proud" of his son for going to Mississippi to try to get Negroes registered to vote but was "terribly concerned" for his safety. Edwards and his son had slept in a house in McComb, Miss., in a Negro district, which was ripped the following night by 3 bombs thrown from the street. The article concluded by saying that Edwards said, "There is a very deep distrust of the FBI among students in the Mississippi project."

In November, 1964, Edwards wrote a letter to Mr. DeLoach stating that during his election campaign in 1962, his opponent came up with some information that could only have been obtained from his (Edwards) personnel file at the Bureau. He was quite disturbed and indicated this information

Memorandum to Mr. Callahan

should not have been furnished. Mr. DeLoach acknowledged his letter on 11-16-64, indicating he was astonished by his (Edwards) accusation and denied this allegation. By letter 11-20-64, Edwards stated he was sorry if his previous letter was offensive, that it was not so intended, and that he had always been proud of his former employment with the Bureau and could count himself as one of its friends. Further, the subject of his letter was of no great importance to him, that he thought DeLoach might be interested because it concerned procedures, and that he would be glad to discuss the matter personally. The Director noted, "DeLoach should see him." This was done on 1-28-65.

On 1-14-65, Judge E. A. Tamm called and stated he had heard Edwards was very hostile to the Bureau and had introduced a bill or resolution to abolish the House Committee on Un-American Activities (HCUA). Judge Tamm continued that it was reported the bill was written in the presence of Wilkinson, a convicted communist and Mr. and Mrs. Braden, who formerly operated a communist school in Georgia. This same information also came from Chairman Edwin Willis of the HCUA.

A routing slip from the Director dated 4-8-65, stated Edwards was the new head of the Americans for Democratic Action.

By letter 9-7-66, information was furnished to the White House that on 8-31-66, a confidential source had advised that Congressman Edwards had accepted an invitation for himself and his wife to attend a dinner on 9-13-66, at the residence of [REDACTED] b6 b7C

~~S~~ (U)

By letter to the Director of 9-25-67, Edwards advised he had read several reports in the press that there were no Negroes in Mississippi offices of the Justice Department. He wondered if the Director could tell him if the reports were accurate. It was recommended that he be told that while we could not speak for the Department as a whole, FBI employees were assigned wherever the need for them was the greatest. He was so advised 10-2-67. A similar request was received by the Justice Department and they (Justice Department) telephonically called the Bureau's Personnel Section and desired to know whether we had any Negroes in Mississippi, was canvassing the other segments of the Department having offices in Mississippi and contemplated advising Edwards briefly as to what the situation was. It was recommended and approved by the Director, that the Personnel Section of the Department be advised telephonically that we have no Negroes presently assigned in Mississippi and that they be advised a similar inquiry was received from Edwards and of our reply to him. This was done.

Congressman Edwards has been a persistent critic of the FBI over the years. In view of his critical attitude he has been characterized as "one of our worst enemies."

Dear Mr. Watson:

On August 31, 1966, a confidential source who has furnished reliable information in the past advised that Congressman Don Edwards of California accepted an invitation for himself and his wife to attend a dinner on September 13, 1966, to be given at the residence of [REDACTED] to the United States. (U)

The information contained herein is being furnished as of possible interest to the President. It is also being made available to the Attorney General.

Sincerely yours,

Memorandum

TO : Mr. W. C. Sullivan

DATE: 8/23/67

FROM : C. D. Brennan *CD/B* ~~CONFIDENTIAL~~

SUBJECT: NATIONAL CONFERENCE
FOR NEW POLITICS
INFORMATION CONCERNING
(INTERNAL SECURITY)

1 - Mr. Bishop

BACKGROUND:

Due to the interest of the White House in the National Conference for New Politics Convention to be held at Chicago, Illinois, August 31, 1967, through September 4, 1967, we have prepared a summary, copy attached for ready reference, setting forth current and planned future activities of the Communist Party and other organizations in support of this Convention. Highlights of this summary are as follows:

The Convention seeks to solidify the antiwar, black power, and campus left movements into an effective third political force. The Convention leadership at this time is drawn from "graduates" of the Students for a Democratic Society (SDS). The Communist Party is reportedly the only organization substantially mobilizing its membership in support of the Convention. While some factions desire to see Dr. Martin Luther King, Jr., and Dr. Benjamin Spock emerge from the Convention respectively as third party Presidential and Vice Presidential nominees, the Communist Party prefers nominations be held for a subsequent Convention. In the words of Gil Green, Communist Party National Committeeman, the Convention "slogan" should be "power for all people who are politically powerless." Over 100 members of the Socialist Workers Party may attend the Convention. Stokely Carmichael is expected to speak at the Convention, however, an effort may be made to remove him from the Convention's Executive Board because of anti-Semitic statements made by the Student Non-Violent Coordinating Committee (SNCC). *ST-108* It is noted the SDS is a militant youth group which Gus Hall, General Secretary of the Communist Party, has stated the Party has "going for us." SNCC is a militant civil rights movement. The Communist Party and the SWP have been designated as subversive by the Attorney General pursuant to Executive Order 10450.

~~CONFIDENTIAL~~

D.C. [redacted] employed by Congressman Don Edwards of California, will attend the Convention representing seven Congressmen including Edwards. Edwards is a former FBI Agent who served in 1940 and 1941. He resigned to enter his father's business. He has been critical of the Bureau in the past. ✓

OBSERVATIONS:

Approximately two thousand people drawn from most of the militant groups known are expected to attend the Chicago Convention. This brings to that city all the necessary elements for riot. We are covering this Convention from all aspects and responsible authorities are being kept advised. Informant coverage of the Convention has been arranged. ✓

RECOMMENDATION:

That the attached memorandum to Mrs. Mildred Stegall, the White House; the Vice President; the Secretary of State; the Secretary of Defense; Director of the Central Intelligence Agency; the Attorney General; the Deputy Attorney General; and Assistant Attorneys General Yeagley, Doar and Vinson, be approved. ✓

Honorable Don Edwards

The enclosed 379 pages are stapled into documents as the originals appear in our files. The documents are assembled and fastened together in six packages which also match the manner in which they appear in our files.

January 21, 1975

Honorable Don Edwards
House of Representatives
Washington, D. C. 20515

Dear Congressman Edwards:

This will acknowledge the receipt of your letter dated January 7, 1975, and I appreciate your interest in writing.

In discharging its responsibilities for the coordination and dissemination of information regarding espionage, sabotage and matters pertaining to the internal security of the United States, the FBI makes available to other Federal agencies within the Executive Branch of the Government information in which such agencies have a legitimate interest. A large segment of this dissemination is handled in the form of "name checks" requested by Federal agencies. Pertinent information developed by FBI investigations or received from outside sources is summarized from our files and furnished the requesting agency as it relates to those individuals in which the agency has an interest, such as an applicant for employment, appointments for positions or contract-business type relationships with the agency.

In making such checks, our investigative files cannot be reviewed feasibly by a "name" submission alone. In order to insure a productive, adequate and intelligent check, identifying data such as alias, maiden name, date and place of birth, residence and employment for at least 15 previous years, names of relatives and identifying numbers such as social security or armed forces serial number are essential items. The actual check of FBI files is performed by FBI personnel and it is understood that any data furnished by this Bureau should not be considered a "clearance" or "non-clearance" of that individual by the FBI.

Honorable Don Edwards

With respect to arrest records maintained by FBI Identification Division, a separate or duplicate request is made to the Identification Division directly. To insure a positive check, fingerprints of the individual, or the individual's name plus FBI Identification Number or other identifying number must be submitted. The FBI recognizes that all persons are not fingerprinted at the time of arrest, and that all fingerprints taken at the time of arrest are not necessarily sent to the FBI. Consequently, a check of FBI arrest records does not necessarily prove that an individual has never been arrested.

If you desire further clarification, I would be pleased to have an FBI representative contact you personally to explain our procedures in greater detail.

Sincerely yours,

Clarence M. Kelley
Director

NOTE: Congressman Edwards, a former Special Agent, is Chairman of the Subcommittee on Civil Rights and Constitutional Rights exercising oversight of the FBI. He inquired concerning our use of the phrase "name checks" in the FBI Annual Report for fiscal year 1974. He requested amplification of the use of this phrase and what the processing entails. This response has been coordinated with the Name Check Section of the General Investigative Division, Employees Security and Special Inquiry Section of the Special Investigative Division, the Freedom of Information Act Unit of the Legal Counsel Division, and the Recording and Posting Section of the Identification Division.

The Honorable Clarence M. Kelley
Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20530

Dear Mr. Kelley:

I have just received a copy of the Federal Bureau of Investigation's Annual Report for the fiscal year, 1974.

On pages 24 and 25, the report describes the Bureau's activities in the area of applicant and employee investigations. At various places the description "name checks" is used.

I am greatly interested in an explanation of the phrase "name checks." Are there files maintained by the Bureau in which checks are made by name alone? I have previously been advised that the manual files of the Bureau can only be activated and utilized with a fingerprint. I would appreciate your further amplification of the use of the phrase "name check" and what this process fully entails.

Thank you for your cooperation in this request.

Sincerely yours,

Dear George:

I do appreciate your letter of January 18, 1974, and it is now being studied by our Identification people in an effort to possibly draw up some sort of responses to the type of questions that were uttered by Congressman Edwards. As you well know, we have little control over rap sheets after they go into the files of local police departments and, frankly, some are bootlegged to employers who want to have a check of potential employees. One of the ways whereby this might be minimized as a menace would be to do as was suggested, to make only convictions available, but, of course, this is something very difficult to do inasmuch as courts, prosecutors, and the police are slow in giving dispositions and sometimes actually refuse to do so. We are, however, working on this and possibly some progress can be made.

I hope things are going along well for you and maybe you will make the 1974 Ex-Agents Convention in Seattle. Dick Auerbach is spearheading it and he promises it will be the best ever. I will be there and have already received several instructions, as usual, from Richard. He will undoubtedly keep me informed throughout the ensuing months.

Sincerely,

1st Clarence

Mr. Clarence M. Kelley
Director, FBI
United States Department of Justice
Washington, D.C. 20535

Dear Clarence:

Thought you would be interested in the following and if it is "old hat" or you're already informed, there is nothing lost.

I am presently on the board of X-Squared Foundation which is directed toward operation of a half-way house for Federal and State prisoners. At yesterday's session, Congressman Don Edwards, California, was a guest. While establishing the fact that he was a former FBI agent (1940-1941), he mentioned service afterward with ONI. He is presently on the House Judiciary Committee.

In conversation with him yesterday, he mentioned he was disturbed about the manner in which rap sheets were seemingly available to municipalities and agencies, other than law enforcement, and he was going to direct questions to you regarding correction of this type of dissemination. He used as an example, whether true or not, of a person applying for a job as a cook whose rap sheet had been made available to a municipality, thereby negating any opportunity for employment. While being unable to get into a more thorough discussion, he seemed to feel the rap sheets should contain only those crimes in which there had been a conviction.

He made a couple of off-hand remarks such as, "I think Kelley's doing a good job." "He seems to have opened things up." "Looks like he's doing a good PR job."

Unfortunately I was not able to make the meeting of ex-FBIers at San Diego but I'm looking forward to the conference in Seattle for a renewal of old friendships.

With personal wishes for your continued success.

Very truly yours,

TRANSCRIPT OF
CONGRESSMEN DON EDWARDS (D-CAL.) AND
LAWRENCE J. HOGAN (R-MD.)
ON "FACE THE NATION"
MAY 7, 1972

(Note: Three commentators, George Herman, CBS News; Robert Novak, CBS News; and Robert Pierpoint, CBS White House Correspondent, interviewed the Congressmen. It is not clear who asked some of the questions and in these cases the questioner is designated as Announcer.)

It was announced that Congressmen Larry Hogan and Don Edwards, both former FBI Agents, would appear on "Face the Nation" and they would discuss the FBI and the appointment of Mr. Gray. Edwards and Hogan then made the following brief opening statements.

EDWARDS: He should be confirmed or not confirmed by the United States Senate and so leaving Mr. Gray in there for a number of months is not in the Congressional intention.

HOGAN: I don't agree with that. I think that under the circumstances it's the appropriate and proper thing to do. Because I think it would be a disservice to the American people if we were to allow the FBI to now become a political football because it is an election year. I think President Nixon did the right thing in taking it and insulating it from politics until after the election, then he or whoever else is elected has the opportunity to appoint the Director of the FBI.

ENCLOSURE

ENCLOSURE

JAN 24 1973

ANNOUNCER: Both of you gentlemen have served as former FBI Agents. One of the points to the question I think that Mr. Hogan said quite clearly that he has removed it from the area of politics as far as confirming is concerned but still the FBI as an investigatory body can have some impact on politics one way or another. The question or part of the question still remains. Is it fair to have a political adviser to the President in charge of our national investigating body during the campaign period, Mr. Hogan?

HOGAN: Well, the FBI is and always has been under the Department of Justice which has always been under a political appointee of the incumbent President, so I don't see what the difference is. As a matter of fact, Mr. Gray's confirmation as Deputy Attorney General has been pending before the Senate while the Kleindienst investigation has been going on so, in fact, the Senate already has an opportunity to probe and assess his background for the job so I think that under all things considered, he was probably the ideal choice for the job, at least on an interim basis, until we can piece together what the transition from the Hoover years to the new years should be.

JAN 24 1978

NOVAK: Mr. Hogan, do you envision that Mr. Gray is going to last forever and ever as FBI Director if Mr. Nixon is reelected or whoever Mr. Nixon names if he is re-elected is going to act in that role for many years as Mr. Hoover or is this going to become an appointment, do you think, that would change as the Presidency changes?

HOGAN: Well, it's difficult to answer that, Bob. I don't think that we can expect or even if it would be a good thing to have somebody to serve as Director of the FBI for 48 years. But, what we have to recognize that J. Edgar Hoover, in effect, created the FBI at its inception as a young man of 29 and we're not going to have those parameters in the current situation. I would hope that the Directorship of the FBI would not become a political football where the incumbent President would appoint a political hack to run the FBI. I think that would be a tragedy and with all the criticism that has been leveled at Mr. Hoover, one thing has to be recognized...he was completely nonpartisan and the very fact that he did have independence of judgment and action where Presidents and Attorneys General were afraid to fire him because of the rapport he had with the American people. This

JAN 24 1973

was a built-in protection for the American people that the FBI would not be used, or misused I should say, in a political way.

ANNOUNCER: Mr. Edwards, you seem to feel that the President's appointing Mr. Gray as an interim Director was somehow wrong and that in this, we all agree this is going to be a highly political year, that Mr. Gray should have been submitted to the Senate for approval. Do you think that the Senate would, in fact, have approved Mr. Gray without a strong political fight?

EDWARDS: I have no way of answering that question because Mr. Gray is somebody that no one knows anything about. I had hardly heard of him before he was appointed interim Director, but I reiterate the plans of the President are to have Mr. Gray as Director, interim or not, for nearly an indefinite period of time, more than half a year, and this is not what Congress intended in the Omnibus Crime Bill. It said that any Director of the FBI has to be confirmed by the Senate and it is being circumvented by this procedure.

ANNOUNCER: But, the legalities of the case aside, what is it that really bothers you about this method of operation? After all, that's the way FBI Director Hoover was appointed many, many years ago and the way he stayed

in office all the time. It is without the Congress' approval. Why is it that for six months you're worried about Mr. Gray staying in that job? Are you afraid that he may use his office in a political way?

EDWARDS: Not necessarily; however, I think that it must be admitted that Mr. Gray's appointment is a political appointment. He is an old and valued friend of the President, the relationship going back to when Mr. Nixon was a Congressman. So, it is a political appointment. It is not in the realm of possibilities that I would consider appropriate for this job.

ANNOUNCER: In that connection, Mr. Hogan, as a former Agent, would you have preferred to have seen Mr. Hoover's successor come from within the ranks of the Bureau?

HOGAN: I'm not sure that I would. I've been talked to myself as a possible replacement for the job because I was there and then I was out.

ANNOUNCER: Who talked to you about it?

HOGAN: Some of my colleagues in Congress had proposed this and discussed it with me, and in time past I have discussed it with other people in the Administration. But, I don't expect that that is going to happen. But, I do think there is an advantage in having someone within the organization who knows how it operates, but

JAN 24 1978

I also think there is an advantage of having an infusion or cross-pollination from the outside world with the FBI. I think that this is the kind of balance that we need. I think the President's appointment of Mr. Gray was a good one. He's a political friend and associate of the President. Well, you could hardly expect the President to appoint a political enemy to that job...obviously.

ANNOUNCER: What about the permanent appointment of Mr. Gray? Would you rather see someone with some expertise in the law enforcement field succeed Mr. Gray if Mr. Nixon is elected?

HOGAN: I don't think that police work is necessarily the best... I'm talking about a local police department...because the police department's responsibility is protection, not investigation primarily, and it's riot control, parade control, and so forth. So, I don't think that that's the best preparation. Someone ought to be a lawyer, he ought to be able to meet the qualifications for an FBI Agent, as Mr. Gray does. I think if Mr. Gray does the job well in this interim period, that he probably will be the one appointed and perhaps should be the one appointed.

ANNOUNCER: We've left hanging the question of how long an FBI Director should serve. Do you have some ideas on the subject, either of you?

EDWARDS: Yes, I don't think that the FBI Director should serve more than six years. There are too many built-in machineries for excess power in the FBI as it is run today, and I do not think definitely that the new Director should be of the family of the FBI, trained in the organization and a protege of the late Mr. Hoover.

ANNOUNCER: Well, let me get back to that machine for excesses in a moment. But first I want to find out what Mr. Hogan thinks about the length of term.

HOGAN: I don't think that it's really appropriate to put a fixed number of years on the term. I mean, he's not a politician running for office as we, Don and I, are. I think it ought to be someone who can serve at the will of the President. But, I would hope the Presidents in succession would recognize that this ought to be a position as aloof from politics as Mr. Hoover has always kept it.

ANNOUNCER: In other words, the Director should submit his resignation pro forma when there is a change of Administration and then the President should make up his mind.

JAN 24 1978

HOGAN:

I would say so, but I would hope that the Presidents would leave...I've got a great deal of confidence in the men who survive and become Presidents of the United States, regardless of Party. I think most of them are genuinely concerned with protecting the liberties of Americans, so I would hope that that would be the case, that they would appoint someone who, if he were in politics, or as Mr. Gray...Mr. Gray is making great efforts now to completely disassociate himself from politics, as he should.

NOVAK:

Now, I want to ask Congressman Edwards about this statement which is made frequently. Now, you didn't make it, Congressman Hogan did just now, but that is that the FBI under Director Hoover has been aloof from politics. In view of the...let's take, for instance, the heavy investigation of antiwar groups of the past few years. Do you agree with that that it's always been aloof from politics?

EDWARDS:

I wish I could say that it's always been aloof from politics, and it was, I believe, when I was an FBI Agent more than 25 years ago. However, in the past few years it has become rather...not closely connected, but connected with politics. The late Director wrote two letters that were used as recommendations in

JAN 24 1978

Senatorial races. The nearly obsessive concentration on conservative domestic politics...student unrest, Black unrest...rather than on the problems of international communism and the international situation, do have a flavor of politics about them.

HOGAN: Could I comment about that? I just can't let that go unchallenged. Now is it politics when antiwar groups bomb the Capitol building? Is it politics when they blow up ROTC buildings, or blow up banks? That's not politics. Those are violations of the law, and the FBI not only has the right, it has the obligation, to investigate these violations. Whether they happen to be antiwar groups is completely immaterial. But, the FBI has been completely aloof from politics. J. Edgar Hoover served under eight different Presidents, four Republican, four Democrats.

ANNOUNCER: Could we use the word "partisan" politics? It has been aloof from the problems of the Republican and Democratic Parties, but the Director has indicated a political stance.

HOGAN: Well, if you define antiwar radical activities as politics, then yes, the FBI has been involved in politics, but I don't think violence is politics.

NOVAK: Mr. Hogan, is your definition of "aloof from politics," take into consideration the very close relationships

JAN 24 1978

that the late Director had with several Presidents including Lyndon Johnson, the fact that he was on intimate terms with his staff, was cooperating closely with him. Is that aloof from politics or political consideration?

HOGAN: I think it's aloof from partisan politics, yes, which I think it's entirely normal for a man of Mr. Hoover's stature to be friendly with a number of Presidents.

NOVAK: Well, I don't think it's a matter of friendliness. I mean in making political decisions and discussing what's in the best interests of the President. There's much information on that.

HOGAN: There's rumors on a lot of things, Mr. Novak, but I know of no instance of my personal knowledge where Mr. Hoover has, in any way, been known of helping the political fortunes of any incumbent President.

ANNOUNCER: Gentlemen, I want to get back to the tantalizing hint that Mr. Edwards dropped a few moments ago when you said, "The possibilities for excesses are so great." I'd like you to develop that theme a little bit and also to tell us if these possibilities have been at any time, in any way, utilized.

EDWARDS: The responsibilities by statute of the FBI are rather immense. Internal subversion in the United States,

JAN 24 1970

espionage, and counterespionage, as well as the criminal code of the United States. There are 25,000 to 30,000 fingerprints coming in a day...information coming into the data bank of the FBI...and the need for respect and for the defense of constitutional liberty is huge. So, any organization with this kind of power has to be carefully scrutinized and Congress should maintain constant oversight of its activity which Congress does not do today.

NOVAK: Why does Congress not do it, and why has Congress not done it for the past forty-some years?

EDWARDS: I regret to say that it has much to do with our procedures in Congress, our seniority system, and in addition the real fear that taking on Mr. Hoover is a little like taking on motherhood.

ANNOUNCER: The second half of the question is, do you think the possibility for exploitation is being utilized? Has the FBI done the type of thing that you think it might do?

EDWARDS: The FBI is like every other agency. It is good, and there are aspects where it has not done particularly well.

ANNOUNCER: Such as?

EDWARDS: Such as in its data processing and fingerprint identification files to use the recent Menard judge's decision;

JAN 24 1978

it has been inaccurate and the system is out of control. It has been very bad as far as race relations in the United States is concerned. It has 9,000 Agents, yet fewer than a hundred are brown or black. Not a single woman FBI Agent. When I was in the FBI, I thought it was 20 years ahead of its time. I'm afraid now it is 20 years behind its time.

ANNOUNCER: Congressman Hogan, would you say that the FBI has kept up with the times?

HOGAN: I would say that it has, but I'd like to comment on the excesses because I don't think that should go unchallenged; it's just not true. The FBI has been zealous in protecting the civil rights and the liberties of Americans and to have the things happen that the FBI is accused of presupposes that there is a conspiracy of 20,000 loyal Americans who are somehow involved in this activity. I'd like to cite one thing. Mr. Hoover was involved in a commission...committee that the President set up to study the problem of campus radicalism. Everyone on that committee recommended rampant wiretapping to get to the root of campus unrest. Mr. Hoover, who was chairman, was the sole opponent of this rampant wiretapping and went to the Attorney General and the President, and it was not done. This is the kind of

thing...by his very nature he was dedicated to personal liberty...so it's paradoxical that he would be criticized for the very thing he feels strongest about.

NOVAK: Didn't he, in fact, order that his Agents infiltrate Black student unions on all campuses in the country, and Black student unions are a fairly common thing and simply an organization of Blacks, and yet he did not order the infiltration of white student unions.

HOGAN: Well, I can't believe that. He certainly tried to infiltrate the SDS and other radical revolutionary organizations. That's part of the responsibility in trying to protect the United States against revolution. We have to recognize that in virtually every nation in the world where there's been a successful revolution the seeds of it were on college campuses.

NOVAK: Among the Blacks?

HOGAN: Well, I don't know among the Blacks. I don't know if this is true, but I'm sure it hasn't been exclusively. If there are Black power groups who are dedicated to revolutionary activities, and bombings, and police snipings, I think the FBI ought to know what's going on.

NOVAK: You're not accusing Black student unions of that?

HOGAN: I'm not accusing anyone, but I'm just saying that for the FBI to carry on its responsibilities, it ought to know what radical revolutionaries are doing, whether they be Black, red, or white.

ANNOUNCER: Mr. Edwards, I'd like to know what you, as a liberal, think the FBI ought to be doing. One--do you think the FBI should maintain surveillance over the Black Panthers?

EDWARDS: The FBI should maintain appropriate surveillance in accordance with the statutes which we have enacted over any groups that is...has as its object the overthrow of the United States.

ANNOUNCER: So you think, unlike some of your colleagues in the ADA, that the FBI does have a legitimate function in the political and security area apart from catching bank robbers and auto theives.

EDWARDS: Of course it has, and by Federal law it has that responsibility and it must comply.

ANNOUNCER: Do you think that the FBI should maintain surveillance over members of Congress who may be in some way connected with any of these organizations, who may be speakers, for example, at their rallies?

EDWARDS: No, I think that members of Congress are not entitled to any privileges that are not those of the American.

public in general. So, if a Congressman is involved in any possible illegal activity, then certainly he should be investigated by the FBI.

NOVAK: Congressman Hogan, do you feel that the FBI should be allowed to investigate the private lives of leaders of civil rights groups, such as the private life of Martin Luther King which we know was investigated by the FBI?

HOGAN: No, I don't think they should, and I think what we have to recognize here is the information to which you're alluding came as a result of a wiretap in an internal security case.

NOVAK: Which was much more than a wiretap, sir.

HOGAN: Well, you know more than I do then, but I don't think that anyone, because they are prominent should be exempt from the same type of investigative scrutiny that the average citizen has. Why should someone because they are prominent...

ANNOUNCER: I think the point of Bob's question is, should that type of material be then widely disseminated and...

EDWARDS: Absolutely not, under no circumstances should it be. You have to recognize that the only time the FBI should conduct any kind of investigation is where there is a violation of Federal law, or a potential violation of

JAN 24 1978

Federal law, or falls within the other responsibilities of the Agency. During the course of that investigation, you might gather information which is not vital to the prosecutive action, but you don't discard that.

NOVAK: What can the Congress do to stop the passing along of juicy tidbits of gossip by Special Agents in Charge in the field to the Director, which then went to the... in recent past...to the President of the United States. Do you think that Congress ought to establish some safeguards so that the powers of the FBI are not so abused?

HOGAN: If this is done...I think it's reprehensible...I don't think it should go on...I don't know how Congress would control that...That's a human frailty, like women gossiping over the backyard fence. That's deplorable. But, I don't see how we can legislate to protect it.

NOVAK: Well, it's been common knowledge in the Bureau, that it's been done. Isn't that true, Mr. Hogan?

HOGAN: It's not common knowledge to me. Of course, I was only in ten years.

NOVAK: Mr. Edwards, do you have any suggestions as to what Congress might do to put a stop to what is common knowledge to many of us, but apparently not to Congressman Hogan? Namely, the dissemination of private

JAN 24 1978

sex information on the private six lives of some of our civil rights leaders and some of our sports figures and of some of our actors and actresses in this country?

EDWARDS: Well, if that is taking place, and I've heard of an instance or two, but not widespread violations...

NOVAK: But, presumably one instance is bad enough.

EDWARDS: Yes, it is bad enough and I reiterate that Congress has been derelict in its oversight of the FBI. The House Judiciary Committee should have hearings from time to time and ask them what they are doing. Ask them what their practices are and call individual Agents before the Committee.

NOVAK: Is your problem your Chairman? Is that why you're not getting anywhere with legislative oversight of the FBI?

EDWARDS: Well, up until the death of Mr. Hoover, a portion of it was that Mr. Hoover refused to come to Congress except to Mr. Rooney's subcommittee of the House Appropriations Committee. He refused to go to the Senate and he insisted on having his testimony in secret, and I might add, that most of the employees, 65 percent of this particular committee, go to the FBI...the employees of the committee are 65 percent FBI employees.

HOGAN: Could I comment on that? I, as a member of Congress, resent the implication that we are somehow not doing what we're supposed to do with regard to a Government agency. The Appropriations Committee has to approve the FBI budget every year as part of the Department of Justice's (budget). Now, do we have this kind of scrutiny with the Bureau of Narcotics, the Bureau of Customs, with the Office of Equal Opportunity? We don't hone in and pinpoint every activity of other agencies.

ANNOUNCER: (Unintelligible questions concerning FBI's budget not being cut.)

HOGAN: That's not the question. He's talking about wholesale scrutiny and surveillance over the FBI's activities. We don't do that with other agencies. We do approve appropriations.

NOVAK: Mr. Hogan, isn't there a tremendous neglect of duty by Congress that you have never even had one line of testimony about the international operations of the FBI which they have no legislative mandate for. Isn't that a failing?

HOGAN: Well, I don't know that that's true. They have liaison men with the police agencies in various governments. Why do they need legislative authority for this when it's part of the FBI's administrative activities. I'm

on the Post Office and the Civil Service Committee, and I've only been in Congress three years. We've had, on at least five occasions, representatives of the FBI testify. Other committees do as well.

ANNOUNCER: A question that must philosophically trouble a lot of people who visit Washington. We watch the FBI building going up on Pennsylvania Avenue. It is going to be the second...third largest Government building in Washington, smaller only than the Pentagon and the Rayburn Office Building. Do we need such an enormous national police building and operation in this country for our safety and our well-being?

HOGAN: Well, I resent the words "national police" because...

ANNOUNCER: I'll strike the word...Federal Bureau...

HOGAN: OK, but we have to recognize we have billions of fingerprints on file and that's occupying one separate building. The FBI's facilities are now occupying about four different buildings...

ANNOUNCER: Did you say billions?

HOGAN: Billions. Yes, fingerprint cards.

NOVAK: They show more people than there are in the United States.

HOGAN: There are multiple people there and there are also people who are dead. There are also aliens in there. This all puts it in one building.

JAN 24 1978

ANNOUNCER: I'd like Mr. Edwards' answer also.

EDWARDS: I think that it's a mistake to have in the Nation's Capitol an FBI building that dwarfs the Department of Justice. The Department of Justice is the boss, the FBI is a part of it, and I think it would have been better if it had been a less pretentious building.

ANNOUNCER: The building isn't really what's important here. I mean, it's the function of the organization itself. After all, if you're going to have a large national police, or whatever you're going to call the FBI, you do need a decent place for them to work.

EDWARDS: Yes, that is correct.

ANNOUNCER: We have one minute left. Do you think, though, that the FBI operation is dwarfing the Department of Justice, and should it?

EDWARDS: No, it certainly should not. To a great extent, it has in the past few years, because it has acted independently from the Justice Department, and that's a great mistake. During the last six months of Robert Kennedy's tenure as Attorney General he did not have any words at all with Mr. Hoover.

ANNOUNCER: We have less than 30 seconds left. I just want to ask you for sort of a one-word answer. Do you think now that with this changeover that the Justice Department will get more

control over the FBI than it's had in the past?

Mr. Edwards...

EDWARDS: I think it is essential that it do.

HOGAN: I think we're contradicting the point that was made earlier. You're saying now that it should have more control under a political appointee, which is the converse of what was said when we opened this program.

ANNOUNCER: OK, and on that rather complex note we have to sign off. Thank you gentlemen very much for being with us today on "Face the Nation."

Congressmen Edwards and Hogan were interviewed on "Face the Nation" by George Herman, CBS News; Robert Novak, CBS News; and Robert Pierpoint, CBS White House Correspondent. The initial question was whether or not President Nixon should have appointed an Acting Director. Congressman Edwards said that the appointee should be confirmed and it was not the intent of the Senate to leave an Acting Director in this position for half a year without being confirmed. Mr. Hogan said it was perfectly proper to appoint an interim Director to prevent the FBI from becoming a political football in an election year. Mr. Hogan was asked if it was fair to have the President's political advisor as head of the FBI and Hogan replied that the FBI Director has always been an appointee of the President through the Attorney General. He felt that Mr. Gray was an ideal choice for the job at least until we see what the transition from the Hoover era will bring. He also pointed out that the President could not be expected to appoint a "political enemy" to the position of Director. Mr. Hogan felt that the Director should at least have the qualifications of an Agent, that Mr. Gray has, and if he does a good job he probably will be appointed, and perhaps should be.

Mr. Edwards said that no Director should serve more than six years because there are too many chances for excess power and whoever is appointed should not be from within the FBI. Mr. Hogan stated that he felt it was not appropriate to name a fixed number of years but the Director should serve at the will of the President and "aloof from politics" and he pointed out that Mr. Gray was making a great effort to divorce himself from politics.

RE: APPEARANCE OF CONGRESSMEN DON EDWARDS (D-CAL.) AND

Mr. Novak referred to heavy investigations of anti-war groups and asked Edwards if he would agree the FBI was non-political. Edwards said that the FBI was non-political when he was in it but in the past few years had become connected with politics. He claimed that Mr. Hoover had written two letters used as recommendations in Senatorial races and the FBI has an obsessive concern with student and black unrest rather than concentrating on international problems.

Hogan said he could not let that statement go unchallenged and pointed out that it was not political to investigate people bombing the Capitol and blowing up ROTC buildings and banks and he felt the FBI has been aloof from politics. Novak stated that Mr. Hoover had very close relations with several Presidents including President Johnson. Hogan explained it was normal for Mr. Hoover to be friendly with Presidents and he had no knowledge of Mr. Hoover helping the political fortunes of any incumbent President.

M. A. Jones to Mr. Bishop Memo

RE: APPEARANCE OF CONGRESSMEN DON EDWARDS (D-CAL.) AND
LAWRENCE J. HOGAN (R-MD.) ON "FACE THE NATION"
MAY 7, 1972

that the FBI had certainly investigated SDS and other revolutionary organizations. Edwards said it was appropriate for the FBI to surveill organizations advocating overthrow of the Government and also that members of Congress should certainly not be exempt from investigation if they are violating the law.

Novak asked if the FBI should be permitted to investigate the private lives of civil rights leaders as in the case of Dr. Martin Luther King, Jr. Hogan replied that it definitely should not, but it should be remembered that the information alluded to was the result of a wiretap in an internal security case. He said that no one should be exempt from investigation simply because they are prominent. Often in an investigation information is obtained which is not essential to the prosecution but it is not simply discarded. Novak asked about the alleged practice of SACs gathering juicy tidbits and passing them along to the Director. Hogan said that if this was done it is reprehensible but it is something that cannot be legislated. Novak claimed it was common knowledge to everyone that this was done and Hogan replied it was not common knowledge to him. Novak then addressed a question to Edwards asking if he could suggest what Congress could do to put a stop to what is common knowledge to most of us but not to Mr. Hogan, the dissemination of sex information on civil rights leaders, sports figures, actresses, and actors. Edwards replied that he had heard of one or two instances but did not believe practice was widespread. He said Congress has been derelict in its oversight of the FBI. He said that Mr. Hoover had refused to appear before Congressional bodies other than the Appropriations Committee and then much of his testimony was secret. Mr. Hogan said he resented the implication that Congress was not doing what it should do and pointed out that Congress did not zero in on other Federal investigative agencies in the manner it is being proposed to investigate the FBI.

Novak said that it was a tremendous neglect of duty by Congress that it had never investigated the overseas operations of the FBI. Hogan replied that he did not see why a legislative mandate was required since these were merely liaison men and part of the administrative activities of the FBI.

M. A. Jones to Mr. Bishop Memo
RE: APPEARANCE OF CONGRESSMEN DON EDWARDS (D-CAL.) AND
LAWRENCE J. HOGAN (R-MD.) ON "FACE THE NATION"
MAY 7, 1972

There was then some talk on the size of the new FBI building and Edwards said that it was essential for the Justice Department to have more control over the FBI. Hogan said that this was a contradiction from Edwards' statement in the beginning of the program, because in the beginning he said the FBI should not be under the control of a political appointee but he was now saying that the Justice Department, which is under the control of a political appointee, should have more control over the FBI.

Congressman Hogan entered on duty as a clerk on 8-30-48 and was appointed a Special Agent on 6-28-54. He voluntarily resigned on 10-17-58 and has been a staunch supporter of the FBI.

Congressman Edwards was appointed as a Special Agent on 12-16-40 and voluntarily resigned on 12-27-41. He has frequently criticized the Bureau in the past.

RECOMMENDATION:

For information.

ADDENDUM, ASSISTANT DIRECTOR BISHOP *TEB* 5/8/72 TEB:asg

In accordance with Mr. Felt's instructions, Bishop contacted Congressman Hogan on 5/8/72 and advised him that Mr. Gray had attempted to reach him on Sunday, 5/7/72, to commend him on his appearance on the above-captioned program and to thank him for the very capable manner in which he had defended the FBI. Mr. Hogan advised that he was aware that Mr. Gray had been attempting to reach him on 5/7/72, was sorry that he was not available on that date, and that he is going to return Mr. Gray's call on 5/8/72.

Alan Parker, Counsel of Subcommittee Number Four, chaired by Congressman Don Edwards (D-Calif.), called on 1/31/73, and advised that Congressman Edwards would appreciate a briefing for Congressional members of the Subcommittee on FBI Criminal Arrest Record Operations and Procedures at 10 a. m., 2/7/73, at the Identification Division Building. Parker stated the Subcommittee would be primarily interested in the process of receiving, maintaining and disseminating of records. This request is in connection with Congressman Edwards' Bill, H. R. 188, which was introduced on 1/3/73. The same Bill was introduced in the 92nd Congress by Edwards and contains a series of provisions, previously highlighted, objectionable to the FBI. Briefly these related to limited exchange of identification data to law enforcement officials only, destruction of arrest records which contain no felony conviction after a two-year period, revealing the names of persons to whom identification records have been disseminated for a six-month period prior to receipt of such a request, and requiring law enforcement officials to obtain a court order to maintain an arrest record without a felony conviction beyond the two-year period.

0

Through the Department all of these objections were presented to the Subcommittee in testimony during hearings on the Bill on 3/23/72. During the period of the hearings, a few staff members of the Subcommittee were given a tour of the Identification Division and a briefing on its operations, and they appeared to be impressed with our procedures and had mentioned that it might be beneficial to members of the Subcommittee to see the operations.

J. W. Bowers to Mr. Kinley
RE: REQUEST BY HOUSE JUDICIARY SUBCOMMITTEE

Parker stated that those to be included in the briefing would be the nine Subcommittee members and himself. He explained that there was a possibility, of course, that some of the Congressmen might not be able to attend. Aside from Chairman Edwards, the other Democratic members are Congressmen Jerome R. Waldie (Calif.), Paul S. Sarbanes (Md.), Robert F. Drinan (Mass.), and Charles B. Rangel (N. Y.). The Republican members are Congressmen Charles E. Wiggins (Calif.), Robert McClory (Ill.), Trent Lott (Miss.), and M. Caldwell Butler (Va.).

We have had friendly and cordial relations with Congressmen Wiggins and McClory. Congressmen Lott and Butler are new Representatives elected in November, 1972, and a courtesy visit was made with Butler by the Congressional Services Office on 1/30/73. Our relations with Congressman Sarbanes have been somewhat limited; however, he has never indicated close support of the Bureau. Chairman Edwards was employed as an SA from 12/16/40 to 12/27/41. Over the years, he has exhibited hostility toward the FBI and our dealings with him are most circumspect. Likewise, Congressman Waldie's attitude to the FBI has been unpredictable and he has opposed legislation relating to liberal retirement benefits for FBI employees. Congressman Drinan, since elected to Congress in 1970, at times has been critical of the Bureau, but contacts with him have been limited. Congressman Rangel, a Black Representative from New York City, has had some contacts and relations with known Black extremist organizations. He was elected to Congress in 1970 and there is no indication as to what his feelings are concerning this proposed legislation.

OBSERVATIONS:

The possibility exists that the briefing requested could probably result in some purpose or action unfavorable to the FBI. However, inasmuch as a similar visit was provided certain staff members of the Subcommittee last year and there appears to be no logical basis on which the request can be denied, it would appear that arrangements for the briefing should be made and that we take this opportunity to highlight the outstanding features of our present operations in the handling of criminal arrest records.

OBSERVATIONS:

Congressman Edwards is former Special Agent who served from 12/16/40 to 12/27/41 and in recent years has adopted extremely critical and hostile attitude toward Bureau. Edwards has accused FBI of every form of improper practice, including FBI investigation of congressmen, including Edwards, and other political interference. It is quite possible that if Edwards were contacted concerning activities of [redacted] such information would be used by him as ammunition for further accusations that FBI is investigating congressmen, and in this case specifically Edwards. Further, considering Edwards' antiwar sympathies, it is not inconceivable that [redacted] is acting with full knowledge of Edwards. In addition, contact with Edwards regarding this matter could compromise our investigative interest in VVAW and could possibly lead to the compromise of our San Francisco informant. For these reasons, it is felt that no contact should be made with Congressman Edwards regarding this matter. However, in view of the fact that information has been leaked concerning the activities and travels of the President, this matter should be orally discussed with high-level official of Secret Service and consideration given to Secret Service contact with Edwards concerning the potential danger to the President if advance information is released concerning the President's itinerary.

SUBJECT: TOUR OF IDENTIFICATION BUILDING
CHIEF COUNSEL AND ASSISTANT COUNSEL
HOUSE JUDICIARY COMMITTEE, 3-29-72

You will recall in hearings before House Judiciary Subcommittee No. 4 on 3-23-72 when Associate Deputy Attorney General Donald E. Santarelli presented testimony and was accompanied by Section Chief Beverly E. Ponder of Identification Division, some interest was expressed of having a tour of Ident and observing the manual fingerprint record keeping process. Committee Counsel were assured they would be welcome and could communicate later for a definite appointment. The testimony presented was in opposition to the Bill introduced by Subcommittee Chairman Don Edwards (D - Calif.), former FBI agent, which is the Bill (H. R. 13315) that would severely limit maintenance and dissemination of arrest records for law enforcement purposes, as well as for applicant checking.

DC
[redacted] of the Legislative and Legal Section of the Department advised this morning that he had received a telephonic request from Subcommittee [redacted] to have a tour of Ident Building by himself and his Assistant Counsel, Jerome M. Zeifman, on the afternoon of 3-29-72. (No derogatory information Bureau files on either).

The tour for the Chief Counsel and Assistant Counsel of this Committee will be most beneficial in conveying to them demonstrable clarification of the voluminous and complex operations involved in our manual system. While this was explained fully by the Department in the testimony submitted on this legislation, the tremendous work regularly processed through the Division always has a substantial impact upon visitors actually seeing the operation.

ACTION TAKEN

[redacted] was advised he could inform [redacted] that he would be welcome to tour Ident 3-29-72. You will be informed of any observations of interest in connection with this tour.

Anti-HUAC Congressmen Are Upheld by Voters

VOTING for abolition of the House Un-American Committee was "no kiss of death" for 20 congressmen. All of them were re-elected and in many cases with heavier majorities. So noted an editorial of the Dec. 15 "Advance" official paper of the Amalgamated Clothing Workers. The editorial follows:

"In 1963, when the appropriation for the House Un-American Activities Committee (HUAC) came up for a vote, 20 congressmen voted in opposition. They were immediately marked for political extinction by the hysterical right wing.

"It is good to report that all 20 of them were reelected in the Nov. 3 election, most of them by even higher pluralities than they received in 1962. The time when voting against budgetary appropriations for HUAC was a kiss of death has ended. Perhaps the

time is approaching when the committee itself will be abolished, or, at the very least, forced to adopt ground rules and methods more in keeping with our American standards of fair play.

Be that as it may, hats off to the courageous 20: Thomas L. Ashley, Ohio; George E. Brown, Jr., Philip Burton, W. Donlon Edwards, James Roosevelt and Edward R. Roybal, all of California; Charles C. Diggs, Jr., John R. Dingell and Lucien N. Nedzi, of Michigan; Robert B. Duncan and Edith Green, of Oregon; Leonard Farbstein, John V. Lindsay, Abraham J. Multer, Benjamin S. Rosenthal and William Fitts Ryan, all of New York; Donald M. Fraser, Minnesota; Henry B. Gonzales, Texas; Robert W. Kastenmeier, Wisconsin, and Barratt O'Hara, Illinois. May their ranks increase."

On June 16, 1965, we received a request from the Civil Service Commission to conduct an investigation of [redacted]

[redacted] Congressman, Don Edwards (Democrat of California), who is a former Bureau Agent. The congressman's true name is William Donlan Edwards and he was employed as a Special Agent from 12/16/40 to 12/27/41 when he voluntarily resigned.

[redacted] was born [redacted] in San Francisco, California, and is a graduate of [redacted]. He lists his stepfather as [redacted]

Basis of referral of this case to the Bureau is Patrick Thomas Hancock, former security index subject was one of Congressman Edwards' campaign managers in 1962. Congressman Edwards employed Wayne Richard Hultgren in the Valley Title Company of San Jose, California. Hultgren and his wife, Ruth, were identified as Communist Party members. Applicant's stepfather, John Henry Merryman, has been affiliated with Communist Party front groups.

[redacted] was a civil rights worker in Mississippi in 1964. Congressman Edwards visited his son in Mississippi and stated "there is a very deep distrust of the FBI among students in the Mississippi Project." It is noted Congressman Edwards has a record of voting for abolishment of the House Committee on Un-American Activities.

ACTION:

AUG 23 1965

The application of [redacted] is being processed, files are being reviewed and the investigation is being sent to the field. The field has been instructed they should not conduct investigation in a manner which will leave impression we are conducting investigation of Congressman Edwards. Judge Edward A. Tamm called and advised he had heard an amazing story this afternoon. He stated that Congressman, Don Edwards, who is described as a former FBI Agent, is very hostile to the Bureau and has introduced a bill or resolution to abolish the House Committee on Un-American Activities (HCUA). Judge Tamm continued that it is reported that the bill or resolution was written in a hotel across the street from the House Office Building and present at the writing or drafting of the bill were Wilkinson, a convicted communist, and Mr. and Mrs. Braden, who formerly operated a communist school in Georgia. Judge Tamm stated it sounded so odd to him that an ex-FBI Agent would be associating with that kind of people. I stated I did not know what district he came from and Judge Tamm stated he was listed as from San Jose in the Congressional Directory. He stated he could not understand why anybody who was mad at the FBI would think he was accomplishing anything by abolishing the HCUA. I inquired if he had mentioned the FBI in the bill and Judge Tamm stated that apparently he did not.

Judge Tamm stated that the name Wilkinson meant nothing to him and I stated he was convicted and the Bradens have always been active in communism. Judge Tamm stated the three are supposed to have collaborated with Edwards in a hotel room across from the House Office Building in writing the resolution and he thought that might be of some interest to me.

I stated it is because there is an intensive drive on to abolish the HCUA or to cut its appropriations materially. I stated they have already lined up 13 Congressmen in opposition to it led by Jimmy Roosevelt, who has always opposed it. I stated there is a delegation coming down from New York week after next to try to line up Congressmen to abolish the HCUA and we have already advised the Committee of that possibility. I stated I was glad to have this as there are three or four Congressmen, former Agents, who are high class fellows and from California and perhaps one of them can get to Edwards and try to pull his fangs.

MR. MOHR:

HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES

Chairman Edwin Willis of the captioned Committee called me this morning. He had received what he termed to be reliable information indicating Congressman Don Edwards, former FBI Agent who served approximately 11 months in our service, had met at the Congressional Hotel with two communists by the name of Braden and Wilkinson. I told the Chairman in confidence that we had received the same information. The Chairman told me that he understood that Congressman Edwards drafted a bill to abolish the House Committee on Un-American Activities (HCUA) during the meeting. I told him this was our understanding.

Chairman Willis mentioned that he plans to handle the above information in a discreet manner. He stated he had discussed it with Judge Howard Smith, Chairman of the House Rules Committee. There are 7 bills before the House at the present time to abolish the HCUA. Last year there were also 7 bills introduced for the same purpose. Only one was brought to the floor of the House. This bill received only 20 affirmative votes. Chairman Willis has asked Judge Howard Smith to consider the 7 current bills and to hold hearings regarding Congressman Edwards' specific bill. Edwards will be called before Judge Smith's Committee, of which Congressman and former Agent H. Allen Smith is a ranking member. At this time Edwards will be asked questions concerning his association with communists in attempting to abolish the HCUA. Judge Smith will later release the testimony, proving that the communists are guiding various Congressmen in an attempt to abolish the HCUA.

Chairman Willis will keep us advised regarding this matter.

Dear Mr. DeLoach:

I recall your kindness in visiting my office and extending a welcome shortly after my election in 1962. I am therefore writing you personally about this matter which came up in the election just passed. My opponent came up with some information that could only have been obtained from my personnel file at the Bureau. He quoted a telegram sent by me to Mr. Hoover on or about December 8, 1941. It would seem to me that this information should not have been furnished to my opponent, and I am somewhat disturbed that it was.

My dear Congressman:

I am astonished by the accusation you made in your letter of November 9th. You are very badly mistaken in your claim that the FBI made information concerning you available to your opponent in the recent election. I know this for several reasons.

For one thing, I doubt seriously that anyone in this Bureau had even the slightest interest in the outcome of your campaign and, consequently, would have no reason to be guilty of the tactics you so gratuitously accuse us of. For another, we do not play ball in that manner, not being a political organization.

As you should certainly know, information contained in FBI files is confidential pursuant to regulations of the Department of Justice. It is only made available to authorized individuals. I am quite sure that your opponent, whoever he may have been, did not fall into that category. REC-141 107-174351-64

If you have any specific facts to back up your allegation that we have violated the Department's rules, I would appreciate your giving me the benefit of them.

Sincerely yours,

NOTE: Edwards was a Special Agent from 12/16/40 to 12/27/41, when he voluntarily resigned to accept a position with his father's title company at San Jose, California. In 1962 he was elected to Congress, using as one of his campaign managers, Patrick T. Hancock, a Security Index subject of the San Francisco Office. In February, 1963, Edwards was among those who voted to trim funds of the House Committee on Un-American Activities. [] was among those who worked on civil rights in Mississippi this past summer. Edwards visited him and was quoted as saying "There is a very deep distrust of the FBI among students in the Mississippi project." He refers to his former FBI service at every opportunity and used it as a basis for criticizing the Bureau in June, 1964, when he deplored the fact that FBI Agents were not making arrests of those who Edwards claimed were violating the rights of civil rights demonstrators in the presence of these Agents. The telegram he is probably referring to was sent to the Director on 12/8/41, requesting that his resignation from the FBI be canceled and that he be given an immediate transfer to the San Francisco Office because of the necessity of looking after his family. This was refused by telegram dated 12/9/41.

SAC Moore of the Jackson Office has furnished the following information concerning the up-to-date picture of coverage in the McComb, Mississippi, area.

There are now on assignment in McComb 14 Special Agents temporarily housed in Room #1 of the State Theater Building, 221 State Street, McComb, Mississippi. No Agents have had any holidays, week ends or annual leave since the beginning of the Summer. Overtime has fluctuated between six and eight hours daily. The McComb Police Department is comprised of 20 individuals including two Negro officers.

b7D

There are regularly assigned six to eight Mississippi Highway Patrolmen in the Brookhaven area, 24 miles from McComb, and usually four other Highway Patrolmen covering Pike County. According to reliable racial informants, 80 per cent of the Mississippi Highway Patrol in that area at one time were in the Klan but have since been sworn out as Governor Johnson has made the statement he would fire any Mississippi Highway Patrolman he found to be a Klansman. The Jackson Office has furnished the Governor the names of several Mississippi Highway Patrolman who were Klansmen and he had them dismissed.

Since the opening of the Jackson Office, being operational since August 17, 1964, we have made seven penetrations of the Klan. One, is the best informant in the State, being of a top echelon variety. According to this informant, he is positive there are at least 200 Klansmen in the McComb area of which this office has the names of 125.

b7D

The Council of Federated Organizations (COFO) Office in McComb has been staffed with a variety of people during the summer. The Jackson Office has reported that of 700 COFO workers in the State of Mississippi during the summer, they have positive subversive references on 189. The COFO Office in McComb has often times called on matters that when checked could not be verified. They have read press releases to Agents in McComb which they intended to give out involving certain matters, in order to exert pressure.

RE: CIVIL RIGHTS MATTERS

C. C. Bryant, President, McComb Chapter, National Association for the Advancement of Colored People (NAACP), steward, railroad union, brags of his "direct line" to representatives of the Department and has on at least six different occasions furnished us alleged violations of civil rights laws that when investigated were found to be unfounded. Bryant advised an Agent on September 24, 1964, that he was telephoning the following named persons requesting legal assistance in making bond for Negro juveniles among 19 Negroes currently in Pike County Jail, Magnolia, Mississippi: Clarence Mitchell, Director, Washington Bureau of NAACP; Dr. Aaron Henry, Mississippi State President, NAACP, Clarksdale, Mississippi; [redacted] NAACP Field Representative, [redacted] Mississippi; b6 and (First Name Unknown) Hall, attorney, Jackson, Mississippi. b7C

We have been most prompt in our arrivals at the scenes of those explosions which have occurred in the McComb area, many times being first on the scene. Prior to establishment of the Resident Agency there, the men were housed in the Holiday Inn. A recent explosion involved the home of [redacted] and Agents were first on the scene. SA Frank Ford and those assisting him had to depart due to missiles being hurled at them and their cars. Ford was hit on the right hand by a rock. The victim, [redacted] has 14 convictions since 1955 for illegal possession of alcoholic beverages, all were of a local nature. It is alleged by local police she is a prostitute. It was she who recently visited the President and made complaints against SA Ford to the Department representatives. Federal prosecution for assaulting Agent Ford is presently under consideration. b6 b7C

The reason the Sheriff's Office and the Chief of Police at McComb have been picking up so many Negroes is that they have statements from certain Negroes wherein the parties named in the affidavits and warrants issued have been identified as taking part in the violence committed by the unruly mob of Negroes which gathered at the scene of the [redacted] residence at [redacted] on the night of 9-20-64, when the dynamiting occurred. These statements described the activities of individuals involved as throwing bricks and other objects, being in possession of firearms and cursing officers on the scene. A Highway Patrolman advised he personally was present when SA Frank Ford identified himself as a Special Agent of the FBI, that he was on the scene to help them and pleaded with the mob to disperse so the officers could continue investigation. SA Ford was jeered, cursed and struck on the right hand. Standing adjacent to SA Ford was Chief of Police Guy, McComb Police Department. As the mob became more unruly, it was necessary for officers in the interest of personal safety and to avoid bloodshed to leave the area until the mob had dispersed. b6 b7C

Memorandum to Mr. Belmont
RE: CIVIL RIGHTS MATTERS

During the evening of 9-24-64, Agents of the Jackson Office observed a Klan meeting near Crystal Springs wherein 17 cars bearing approximately 30 Klansmen appeared. The meeting took place with armed guards on top of the meeting house and outside. It is the definite opinion that appropriate coverage of future meetings will be afforded both in person and otherwise as has been authorized by the Bureau.

Jackson also states [] up to 9-24-64, had furnished the names of perpetrators of three prior acts of violence occurring this Summer. This is being checked out. It will be recalled Henry Dee and Charlie Moore are the persons whose half bodies were removed from the Mississippi River July 12-13, 1964. The informant has furnished information re this which Jackson is attempting to verify.

b7D

In addition to the above, I also spoke to Burke Marshall concerning the comment in the news dispatch and indicated that it would appear that the comments are more than just happenstance. Marshall stated that he had been aware of this and that Congressman William Fitts Ryan (D. - New York) and Congressman Burton of California are concerned, and they are wild ones. He said they and others apparently are repeating comments that had been made by Student Nonviolent Coordinating Committee (SNCC) people which heretofore have been brought to the attention of the Bureau concerning Agent Frank Ford. These allegations were to the effect that Ford had stated the FBI force in Southern Mississippi had been reduced and these cases are handled by local authorities. It is recalled we checked out these allegations and found them to be totally without foundation in fact. I advised Burke Marshall of this.

He also advised Congressman Edwards of California (Congressman Edwards is William Donlon Edwards who was a Special Agent from 12-16-40 to 12-27-41) has also joined with Burton above. He voluntarily submitted his resignation to accept a position with his father's title company at San Jose, California. He was elected to Congress in November, 1962, and one of his campaign managers was a security index subject of the San Francisco Office. In June, 1964, Edwards, Ryan, Congresswoman Green and Congressman Nix (D. - Penna.) joined in placing before the House the results of a meeting held by COFO at the National Theater, Washington, D. C. This consisted primarily of testimony from individuals alleging they had been subjected to police brutality while engaging in integration activities in the State of Mississippi.

Memorandum to Mr. Belmont
RE: CIVIL RIGHTS MATTERS

Burke Marshall said that he had learned that the young Sweeney, whose parents expressed concern to Congresswoman Green, was a strong supporter of the FBI and heretofore at the convention of the Democratic Party at Atlantic City, the elder Sweeneys who were active in supporting the campaign of Congressman Green were most favorably inclined toward the FBI. Burke Marshall stated he could not understand this complete change in their attitude.

Marshall also stated that some of these Congressmen wanted to meet with him on Tuesday of next week and that he did not know whether he would meet with them but he has talked to a couple. He did not mention their names and he has merely indicated to them that the FBI was performing its job and the attitude of the FBI had not changed.

With regard to the action being taken by the appropriate state and local authorities, as a result of the investigative efforts of the Jackson Office and pressure generated through the Governor's Office, officials of the Mississippi Highway Patrol conferred with SAC Moore at Jackson on 9-25-64. As a result of this conference, these officials stated that they will interview each patrolman on the Mississippi Highway Patrol for the identity of Klansmen known to him most likely to be involved in the violence. Thereafter the Mississippi Highway Patrol will interview the pertinent Klansmen so identified in such manner as to clearly indicate that the Mississippi Highway Patrol "means business." These officials also stated that they will assign additional troupers to the McComb area to act as a deterrent to future bombings and in addition, on a selective basis, will saturate certain areas where acts of violence may occur, in an effort to identify and apprehend those responsible for the bombings.

According to SAC Moore, this is the first real indication that the Mississippi Highway Patrol intends to take concrete, positive action to deter future incidents of racial violence in the state.

SAC, Jackson has advised that all possible and investigative avenues are being thoroughly and completely explored, including the immediate and complete exploration on a continuing basis of all pertinent information developed through Jackson sources and informants. In addition, surveillance teams of Agents are covering logical targets in the McComb area as well as all pertinent roads in the vicinity of McComb in order to identify the individuals responsible for the bombing violence.

ACTION

Investigation of these bombings will continue to receive continuous "priority" attention.

Dear Miss [Redacted]

Your letter of July 12th, with enclosure, has been received.

I would like to emphasize that this Bureau's actions in the civil rights field are governed by laws as they are in all fields. We cannot exceed our authority nor will we attempt to do so. In the event of a violation of a Federal law within our jurisdiction, the FBI will conduct a prompt, thorough and objective investigation. If no Federal law is involved, we are not authorized, and cannot investigate.

Acting within the law, the FBI has recorded a number of accomplishments in the civil rights field. As a result of our investigations the Department of Justice has been able to file more than sixty suits in five states to end racial discrimination in voting. FBI Agents solved the case involving the burning of a Greyhound bus transporting "Freedom Riders" through Alabama in 1961, and six persons have been convicted for their part in this crime. As a result of an FBI investigation in September, 1962, four persons were arrested and convicted in state court for burning a Negro Church in Terrell County, Georgia. FBI Agents also arrested Byron De La Beckwith, the man charged with the murder of Medgar Evers, the Mississippi leader of the National Association for the Advancement of Colored People.

More currently, one individual has received a seven-year sentence in connection with the bombing of a home at Jacksonville, Florida, which was the residence of the only Negro student attending an elementary school in compliance with an integration order of the Federal court. Three men in the Itta Bena, Mississippi, area were arrested by the FBI on June 26th as a result of this Bureau's investigation. They were charged with conspiracy to intimidate civil rights workers in the free exercise of rights guaranteed them under the Constitution and with intimidating these civil rights workers in their voter registration efforts; however, the Federal Grand Jury failed to indict them. As the result of FBI investigations, six law enforcement officers in Tennessee were indicted on June 25, 1964, by a Federal Grand Jury at Nashville on charges involving alleged police brutality.

Enclosed is some material I hope will give you additional understanding of the FBI's responsibilities in connection with civil rights.

(A news item in the 7-10-64 Washington Evening Star reflected that captioned individual, [redacted] is a civil rights worker in Mississippi this summer, just returned from a tour of southwestern Mississippi where there is great concern among students as to what will happen to local Negroes when summer is over and the students leave the state. According to the news item Edwards said he was "immensely proud" of [redacted] for going to Mississippi to try to get Negroes registered to vote, but was "terribly concerned" for his safety. Edwards and [redacted] had slept in a house in McComb, Mississippi, in a Negro district last Monday night which was ripped the following night by three bombs thrown from the street. The article concludes by saying that Edwards, who was an FBI Agent before he joined the Navy in World War II, said, "There is a very deep distrust of the FBI among students in the Mississippi project.")

This is not Edwards' first derogatory comment concerning the FBI.

BACKGROUND:

Edwards was a Special Agent from 12-16-40 to 12-27-41 when he voluntarily submitted his resignation to accept a position with his father's title company at San Jose, California. In 1962, he campaigned successfully for the Democratic nomination for the 9th Congressional District of California and was elected to Congress in November, 1962. By letter 10-10-62 the San Francisco Office advised that one of Edwards' campaign managers had been identified as Patrick Thomas Hancock, a Security Index subject of that office.

In February, 1963, Edwards was listed with those Democrats who voted to trim the funds of the House Committee on Un-American Activities. On 3-27-63 you (Mr. DeLoach) called on Representative Edwards, inasmuch as it was felt that due to his extremely liberal leanings he might be ripe for an approach from characters such as Levine, Turner, etc. Edwards received you most cordially and asked that his best wishes be extended to the Director.

On 6-16-64 Edwards assisted Representative William F. Ryan (D.-N.Y.) in reporting to the House the results of the meeting held by the Council of Federated Organizations on 6-8-64. This Council, made up of CORE, SNCC, NAACP, and the Southern Christian Leadership Conference, held hearings which consisted primarily of testimonies from individuals who alleged they had been subjected to police brutalities while engaging in integration activities in the State of Mississippi. Ryan and Edwards, who were joined by Congresswoman Green and Representative Nix, in placing these results before the House, constantly deplored what they termed the failures of law enforcement authorities to protect demonstrators. Edwards referred to his former employment with the FBI and criticized agents for not making arrests of those who Edwards claimed violated the demonstrator's civil rights in their presence.

Mr. Turnbow was insulted and cursed. His home was bombed and set afire. He was shot at as he left the burning house with his wife and daughter. And have the culprits been arrested? Not to date by either the local police or the FBI." Mr. Edwards made reference to his employment with the FBI and stated "Why are these men not arrested by a Federal marshal? Or by the FBI? As you know, Mr. Speaker, I was an FBI agent in 1940 and 1941. I know that FBI agents have the power of arrest where Federal law is violated in their presence." (William Donlon Edwards was employed with the Bureau as an Agent from December 16, 1940, to December 27, 1941.) The testimony of Robert Harris, associate professor of law, University of Michigan Law School, was included. Mr. Harris comments on investigation of civil rights cases and pointed out that "there is no feasible way to cooperate with local police officials in enforcing routine crime, and also be the agency that polices these very officials with whom you are trying to cooperate very closely. The FBI is in that position, and it doesn't like the position. - - - The other difficulty is that the FBI, by its very nature, is interested in having a good batting average. It lives in the press. Its appropriations are geared to its public image. - - - So I think it is very difficult, given the FBI's other roles and other images and its recent traditions, to expect it to turn out to be the investigative force for the Justice Department Civil Rights Division." Congressman Stratton, (D) New York, stated "I would like to join with my colleague from New York (Mr. Ryan) in urging the Attorney General and the Justice Department to take preventive measures in Mississippi to insure the safety and constitutional rights of those student volunteers working on voter registration drives and education projects in connection with the Mississippi summer project."

Adjournment: Until Wednesday, June 17, 1964, at 12 noon.

APPENDIX

Pages A3252-A3255. Congressman Curtis, (R) Missouri, extended his remarks concerning Federal employment costs. He pointed out that the Tax Foundation had prepared a recent study entitled "The Federal Budget for Fiscal 1965." He included number 7 of the series of budget briefs prepared by the Foundation. A reference to the Justice Department indicating an increase in civilian employment has been noted.

Mr. Foreman stated "That fact of the matter is, as I was saying, to set the record straight, I have only referred to one Member of this body as a 'pinko.'" GOP Congressman 'Apologizes' for Slur

Rep. Edwards Can Hardly Be Tickled Pink

By Scripps-Hoy and Newspapers

Rep. Ed Foreman (R., Tex.), who has labeled 20 Hill colleagues as "pinkos," has apologized to one of them.

During a speech at San Jose, Calif., Friday Rep. Foreman, referring to Rep. Edwards (D., Calif.) said:

"If you had an outright leftist, avowed communist (in congress), you wouldn't be getting any different kind of votes than you're getting from Don Edwards."

MILLIONAIRE

Rep. Edwards, 48, a millionaire businessman and former FBI agent, is a Freshman congressman.

Rep. Foreman's words were reported in the San Jose Mercury & News. He told the Scripps-Howard newspapers:

"I was quoted exactly correctly."

REP. FOREMAN
An apology, of sorts.

Rep. Edwards, furious, consulted with House Speaker John McCormack (D., Mass.), Majority Leader Carl Albert (Okla.) and Majority Whip Hale Boggs (La.).

The result was that

went to Rep. Foreman with an apology all typed out.

Rep. Foreman would not sign it, but did write an apology of his own and signed it. This is what he wrote.

"Dear Don:

"In view of the publicity given my remarks in San Jose, Calif., last week-end, causing embarrassment to you personally, I regret that the news people reported me as describing you as a pinko. I retract the statement regarding your voting record.

"Altho we strongly disa-

gree philosophically, a description of this sort was not in the best taste or good manners. Best wishes and regards,

"(Signed) Ed Foreman."

FEARED SUIT

Rep. Foreman said today:

"I wrote the retraction to keep from being sued by Edwards. But I still say he is a pinko. I will speak out against his voting record and the voting records of others who aid the communists with their votes."

SAC, San Francisco, by letter dated 10-10-62, advised that Edwards is the Democratic nominee for Congressman from the Ninth District of California and is heavily favored to win in the general election. One of Edwards' campaign managers has been identified as Patrick Thomas Hancock, Hayward, California, a Security Index subject of the San Francisco Office. A brother of Patrick's, Donald Hancock, has also been active in Edwards' campaign and is reportedly employed by the Valley Title Company, San Jose, a firm owned by Edwards. Donald Hancock has also been the subject of a San Francisco security investigation. SAC advised that an informant reported on 5-31-62 that the signatures of Patrick and Donald Hancock had appeared on a petition circulated by the Committee for Constitutional Liberties which had been drawn up for the purpose of petitioning the President to repeal and nullify enforcement of the Internal Security Act of 1950.

CHECK OF BUFILES

William Edwards was a Special Agent from December 16, 1940, to December 27, 1941, when he voluntarily submitted his resignation while assigned to the New York Office. He resigned to accept a position with his father's title company at San Jose. Edwards' file contains no derogatory information and he is not known to have been critical of the Bureau. He is now the successful operator of Valley Title Company of San Jose, a firm he started several years ago after leaving his father's company. *174330-58*

Elmhurst Club of the Communist Party (CP) in Alameda County, California. He attended numerous meetings of the Marxist Institute, Oakland, California, a CP school, during 1949. He reportedly attended CP functions intermittently in the Berkeley, Oakland areas until early 1957; however, there is no indication in the files that he has had direct association with CP organizations since that time. Agents attempted to interview him in 1958 but he was uncooperative. Hancock was designated as a Security Index subject of the San Francisco Office in 1949.

A Security Matter--Communist investigation was conducted by San Francisco in 1955 regarding Donald Hancock, Patrick's brother. While it was shown that Donald Hancock was a subscriber to the "Daily People's World" and was on a mailing list of the Independent Progressive Party in California, an organization cited by the House Committee on Un-American Activities, it was not disclosed that Hancock was a member of the CP or was directly associated with any CP activities. The investigation regarding Donald Hancock was terminated in 1955.

SUBJECT: WILLIAM DONLON EDWARDS
FORMER SPECIAL AGENT

WILLIAM DONLON EDWARDS, more commonly referred to as DON EDWARDS, is the successful democratic nominee for the new 9th District of California, which has just been granted under the Re-Appportionment Act. The 9th District encompasses the northeast section of Santa Clara County, the southern portion of Alameda County. This office by letter dated 5/29/50, brought the Bureau's attention to EDWARDS who at that time was associated with the Young Republicans. Considerable political criticism was levied against EDWARDS because of this party switch by his unsuccessful democratic opponent.

The margin of victory for EDWARDS was just over 600 votes and his opponent has now demanded a recount.

EDWARDS has been a successful operator of the Valley Title Company with a main office in San Jose and branches throughout the County. It was started by EDWARDS as a new company a few years ago and before that he was associated with his father in the father's title company.

EDWARDS' former Special Agent position with this Bureau was made known in his campaign. He has not been known to have been critical of the Bureau.

This information is forwarded to the Bureau for information purposes. The Bureau is requested to advise of any information in its files regarding EDWARDS subsequent to 1950 for the information and guidance of this office.

Rebulet dated 5-2-50, captioned "DONALD EDWARDS".

In accordance with referenced letter, [redacted] a student at Stanford University, address Box [redacted] was interviewed and apprised of the service record of former SA WILLIAM DONLON EDWARDS. It was clear from the interview that [redacted] in his letter to the Director of 4-18-50 had reference to former Special Agent EDWARDS.

[redacted] stated that he and other members of the Young Republicans at Stanford had been somewhat suspicious of EDWARDS because he appeared too young to have been both a "former Special Agent of the FBI" and a veteran of World War II. [redacted] advised that he had no reason other than the above for suspecting EDWARDS. [redacted] and other members of the Young Republicans are resentful of EDWARDS' representations that the Young Republicans and his inferences that the Republican Party itself endorses the United World Federalists, of which [redacted] said EDWARDS was a member. [redacted] advised that neither organization even approves of the policies of the United World Federalists and he questioned the integrity of a member of the Young Republicans who would make such representations.

In this connection, SA LOUIS D. WINE, resident agent at San Jose, has advised that he attended on 3-23-50 a meeting at the Fremont High School near San Jose, California, under the auspices of the Veterans of Foreign Wars. This meeting advertised that MYRON C. FAGEN, described as "A famous playwright, producer, author, and National Director of the Cinema Educational Guild, Hollywood, California," would be the principal speaker on the subject of "Americanism", and that representatives of the United World Federalists had been invited to present their views. SA WINE before the meeting started noticed a group of about thirty young people, probably Stanford University students, come into the auditorium accompanied by WILLIAM DONLON EDWARDS. During the course of the meeting MYRON C. FAGEN spoke for about thirty minutes, stating that he had investigated Communists in Hollywood and further, that he had made a study of the Organization, aims and purposes of the United World Federalists, and expressed the opinion that this organization was infiltrated with Communists. At the conclusion of his talk the group with EDWARDS appeared obviously displeased with Mr. FAGEN's remarks and "booed" and others made unmistakable Fascist salutes toward Mr. FAGEN. Former SA EDWARDS

then arose and addressed Mr. FAGEN from the audience. He said, "I am DON EDWARDS, former FBI Agent and President of Young Republicans in California." He then said, "The Young Republicans are in favor of the UWF" and then mentioned the names of a number of prominent Republicans who are reported members of the United World Federalists, and EDWARDS shouted to Mr. FAGEN, "Are these persons Communists?" Mr. FAGEN answered EDWARDS by saying that he felt the question was unfair and that insofar as he knew the Republican Party had not endorsed the United World Federalists and that he intended to report EDWARDS to the head of the Republican Party of California. EDWARDS made no further comment.

In this connection, this office is in receipt of a letter dated 4-18-50 from Los Angeles setting forth that the above MYRON FAGEN had reported the above incident to the Los Angeles Office. FAGEN had reported, however, that EDWARDS identified himself as "an FBI man."

It would appear from the information furnished by SA LOUIS WINE and from that furnished by [] that FAGEN reported inaccurately when he said EDWARDS had described himself as an "FBI man" with the implication that he is presently with the FBI.

Washington 25, D. C.

Dear Mr. Hoover:

I am writing to you in an effort to secure a confirmation of a statement made by a local resident of this area, Donald Edwards of Palo Alto.

Mr. Edwards is serving at the present time in the capacity of State President of the California Young Republicans. He has consistently claimed that he was an agent of the FBI, and he was elected to his present position on that claim or qualification which naturally seemed a good recommendation. Recently, however, there has risen some doubt among members of the State Young Republican organization concerning the truth of Edwards' claim. I should appreciate having some official confirmation of this claim in order that I may satisfy the doubts of some of my friends in the Palo Alto area.

Thanking you for this consideration, I am,

There is enclosed for your information and prompt attention a copy of a letter received from [redacted] the contents of which are self-explanatory. A search of the Bureau's records indicates no one by the name of Donald Edwards has been employed but the subject of the inquiry may be identical with William Donlon Edwards who entered on duty as a Special Agent on December 16, 1940. For your confidential information former Special Agent Edwards resigned allegedly to accept a position with the San Jose Abstract and Title Company of San Jose, California. His active duty with the Bureau ceased at the close of business November 29, 1941 and on December 7, 1941 he applied for reinstatement stating that the extreme necessity of looking after his family in California prompted his action. He was not favorably considered because he had resigned during an emergency period. Your attention is also called to the report of Special Agent Edwin O. Raudsep dated at San Francisco November 16, 1949 in the case entitled, Rose Selma Isaak, was., Internal Security - R, wherein former Special Agent Edwards is mentioned.

You should interview [redacted] and ascertain from him the reason for his inquiry. He should merely be advised of former Special Agent Edwards' service record. The Bureau should be advised of the results of this interview.

MEMORANDUM FOR MR. CUNNINGHAM

RE: WILLIAM DONLAN EDWARDS
Former Special Agent

The name of the above individual was included in a list from ONI on which name checks were requested.

A review of his personnel file reflects that he entered on duty as Special Agent December 16, 1940, and voluntarily submitted his resignation to become effective December 27, 1941. He stated that he was resigning to accept a position with the San Jose Abstract and Title Company of San Jose, California. There is no derogatory information appearing in Edwards' file. It is noted, however, that his active duty with the Bureau ceased prior to December 7th and after commencement of hostilities he requested to be reinstated. His reinstatement, however, was not considered in view of the fact that he resigned in the face of an emergency.

The matter of clearing this information was discussed with Mr. L. B. Nichols and he instructed the writer to advise an official of ONI that Edwards voluntarily resigned to accept the position above referred to and that there was no derogatory information appearing in his file.

This information was accordingly transmitted to Lieutenant Truscott, of ONI, on February 21, 1942.

Respectfully,

W. S. Crawford.

Dear Mr. Hoover:

From December 15, 1940 to November 29, 1941 I was a Special Agent of the Federal Bureau of Investigation, being assigned first to the office at Grand Rapids, Michigan, and later to New York City. On November 1, 1941 I was offered a position as Vice-President of the San Jose Abstract & Title Insurance Company at a salary of \$4550.00 per year. I decided to accept this position after due consideration only because it was an opportunity to provide more adequately for my wife and son. I so informed you of my desire to resign on November 1, 1941, and active duty ceased November 29, 1941.

I have declined the position in San Jose mentioned above and desire above all things to again be a Special Agent. I have been informed that there is a Bureau regulation to the effect that a re-appointment is not possible. I earnestly request that you consider making an exception in my case. While in the service of the Bureau I worked hard and conscientiously and was fortunate enough to receive an increase in pay in October, 1941. I am competent in the use of firearms and my efficiency reports in Grand Rapids rated me as an outstanding agent.

Your serious consideration of this matter will be greatly appreciated, and should it be possible to re-appoint me, I assure you that I will again be a loyal and industrious employee.

Mr. John Edgar Hoover

Dear Sir:

On November 29, 1941 I resigned my position as Special Agent of the Federal Bureau of Investigation to accept a position as Vice-President of the San Jose Abstract and Title Insurance Company, in San Jose California. Since that time, however, our country has gone to war, and I am desirous of securing employment which is nearer to the war effort.

Inasmuch as I am unable to again be employed by the Federal Bureau of Investigation, I intend to apply for a commission with the Office of Naval Intelligence in San Francisco, California. The Commanding Officer, ONI, San Francisco, requests that I submit with my application a communication from you stating that you have no objection to my securing such an appointment.

If you would be so kind as to address a letter or telegram to me at the address given below stating that you have no such objection, it would be greatly appreciated. I am very sorry that there is no way that I could again become associated with the Bureau. My association with the Bureau even further increased my great admiration and respect for it, and I resigned only at the entreaties of my family to accept a job paying a great deal more. Although this position is still open, I have decided not to take it, because I believe that as a trained man I want to do whatever I can to assist the country in pursuing the war.

Thanking you for whatever attention you may give to this matter, and with kindest personal regards, I remain

Re: WILLIAM DONLON EDWARDS
FORMER SPECIAL AGENT

Dear Sir:

To complete the Bureau's file concerning the above named individual, I wish to advise that Mr. EDWARDS personally called at this office on the morning of December 15, 1941, and conferred with Assistant Special Agent in Charge H. C. Van Pelt.

He informed that he entered on duty as a Special Agent of the Bureau on December 15, 1940 and was assigned to the Grand Rapids and New York Field Divisions, but resigned to take a position as vice president of the San Jose Abstract and Title Company. He ceased active duty on November 19, 1941 and his resignation was to become effective December 27, 1941. He was driving across the country to commence work in his new position when he learned of the attack on Pearl Harbor by the Japanese. He advised that he wired the Bureau on December 7, 1941, requesting re-instatement in the service but received a reply on December 9, 1941, that the Bureau was unable to grant the request. He inquired whether he could consider this decision of the Bureau as final and asked that his request again be brought to the attention of the Bureau by this office.

Assistant Special Agent in Charge H. C. Van Pelt questioned EDWARDS as to just why he had changed his mind about leaving the service of the Bureau, and the latter advised he realized he made a mistake when he tendered his resignation, that he did so thoughtlessly and has deeply regretted his action ever since then. He pointed out that he is not afraid of being drafted, inasmuch as he is married and has one child. He also insisted he still had the opportunity of securing the above mentioned position at San Jose.

Mr. Van Pelt advised him that the matter would be brought to the attention of the Bureau for possible re-consideration, but that he should not construe same as any encouragement that he would

To Director

be re-instated. In a telephonic conversation with Assistant Director L. P. Nichols of the Bureau later in the day, I mentioned the foregoing and was informed that inasmuch as EDWARDS had resigned at a time when this country was faced with war, and because the Bureau's policy had been established with respect to such matters, the Bureau could not make an exception and re-instate him in the service.

Assistant Special Agent in Charge H. C. Van Pelt telephonically contacted EDWARDS later that evening and informed him of the above decision. EDWARDS merely thanked him for securing a final and definite decision from the Bureau.

MEMORANDUM FOR MR. TOLSON

RE: WILLIAM EDWARDS ✓
Former Special Agent

SAC Pieper advised me that the above-mentioned Agent ceased active duty October 29th, and his resignation was effective December 27th. He wired in asking to be reinstated. He quit the Bureau to accept the job of Vice President of the San Juan Abstract and Title Company.

I told Pieper that since Edwards had chosen to go into private business in the very face of war the Bureau would of course not want in any way to interfere with his personal plans. In other words, we did not want to take him back.

Dear Sir:

Recently I attended a dinner in Los Angeles and met MR. FRED HINZE, who is counsel for the Douglas Aircraft Company in Santa Monica, California, with offices located at the plant.

In general ^{W.D.} conversation he informed me that he has a cousin named EDWARDS who is employed in the Bureau as a Special Agent, and that he became an Agent for the purpose of avoiding the Draft. He stated this person was assigned to the Grand Rapids Office and is now located in New York City. I did not question HINZE further about this matter, but I am submitting it for your information.

Re: Special Agent William D. Edwards;
45-Day Report.

Dear Sir:

Special Agent Edwards entered on duty on December 16, 1940. He arrived in the New York Office on September 12, 1941, and is in Grade CAF 10 at \$3500.00 per annum.

Agent Edwards presents a good appearance, dresses neatly, and has a good personality.

He has been assigned to the investigation of Custodial Detention cases since his arrival in this office. His work along this line has been satisfactory. Due to the stenographic situation in this office, only a few reports dictated by this Agent have been typed. Therefore, an accurate opinion as to the type of report submitted by him cannot be given at this time. He appears to organize his work in a satisfactory manner and conducts his investigations with a moderate amount of supervision. He appears to be a very willing worker, has a good attitude toward the Bureau's work, and appears to have a good knowledge of the Bureau's work, considering the length of time that he has been in the Service.

9-12
He handles the Bureau firearms in a satisfactory manner and is an efficient automobile driver. He has not had an opportunity to testify in any of his cases since arriving in this office.

RE: WILLIAM D. EDWARDS, SPECIAL AGENT.

Dear Sir:

Confirming my telephone conversation with Mr. Glavin of the Bureau today, Special Agent Edwards has advised me that he intends to submit his resignation tomorrow. He states that he has enjoyed his work with the Bureau, has no dissatisfaction of any kind, but that such a good position has been offered to him by his former employers, the San Jose Abstract & Title Company, that he does not feel, in fairness to his family, he could decline it.

Edwards is submitting his resignation to take effect on December 1st.

The position which he is getting is General Counsel for the Company.

Re: Special Agent William Dolon Edwards.

Dear Sir:

Reference is made to a letter from the National Defense Division in New York City, dated September 29, 1941, advising of the arrival of Special Agent William Dolon Edwards in this district at 8:30 P.M. on September 12, 1941. This form letter also listed the Bureau property in the possession of Special Agent Edwards at the time he reported to the National Defense Division.

It is noted that the fly sheets on the Manual of Instructions and the National Defense Manual issued to Special Agent Edwards were missing at the time his property was checked by Supervisor Carl Herring of the National Defense Division.

Special Agent Edwards was required to submit a memorandum as to why these pages were missing and in this memorandum he advised that he cannot locate these two fly pages, which contained the identifying numbers of the Manual of Instructions and the National Defense Manual, and that he is at a loss to explain why they are missing. He also stated that the only possible explanation he can offer for these two pages being missing is that both of his manuals were used considerably in the Grand Rapids Division at the new Agents' conferences and that possibly these pages became lost at that time.

Agent Edwards advises that the Manual of Instructions and the National Defense Manual which have been assigned

to him have carried identification number 2241. In the event the Bureau has fly pages available, together with identifying numbers for both of these manuals, it is requested that these be forwarded so that they can be placed in the manuals of Agent Edwards.

Agent Edwards has been advised that he has been careless in the handling of Bureau property assigned to him and that in the event there is any future indication of carelessness on his part in the handling of Bureau property, appropriate administrative action will be taken against him.

REMARKS

At the conclusion of this agent's training on February 7, 1941, Mr. Nathan said he thought he was all right; that he could be better than average if he wanted to. He was assigned to the Grand Rapids Office on February 9, 1941. On March 25, 1941, Mr. McFarlin said he believed that with additional training and experience he would overcome any deficiencies which then existed and that his development would be satisfactory with close supervision. This agent has received his Detective Service Questionnaire and on June 20, 1941, was furnished with the deferment form.

On August 8, 1941, SAC McFarlin said he had been engaged in general investigative work and had spent considerable time developing American Legion contacts; that he had performed his work in an outstanding manner considering his length of service; that he had developed many good contacts for the Bureau, principally among police agencies as a result of which he had secured a considerable number of new cases for the Grand Rapids Office; that he presented a good personal appearance, had a pleasing and engaging personality, evidenced a sincere interest in his work, which he performed in a conscientious manner, that he was loyal; that he had developed a more aggressive and forceful attitude in his contacts, voluntarily performed a considerable amount of overtime, handled firearms in an able manner and he would hesitate to place him on a raid assignment; that he had required a minimum amount of supervision and dictated work in an able manner and that considering his length of service he was more than satisfied with this agent's progress and it was believed that with additional experience he would be able to satisfactorily perform administrative duties.

Respectfully,

J. B. Wilcox

Re: WILLIAM D. EDWARDS, SPECIAL AGENT;
SPECIAL EFFICIENCY REPORT.

Dear Sir:

This efficiency report is being written on the above Agent in view of his transfer from this office to Assistant Director F. J. CONNELLEY, New York City.

The Grand Rapids Office was the first office of assignment of this Agent, he reporting for duty here February 9, 1941. Since that date he has been engaged in the general investigative work of the Bureau, principally National Motor Vehicle Theft Act, White Slave Traffic Act, Applicant investigations, internal security cases, Selective Service Act cases, and like matters. He has spent considerable time in the development of American Legion contacts, sources of information, and confidential informants, all of which he has performed in a manner which has been more than satisfactory. He has been particularly successful with his contacts with the various police agencies in this district. As a result of such contacts he has brought into the Grand Rapids Office many new cases and I have heard many commendatory remarks made by the heads of local police agencies concerning the excellent conduct and personality of this Agent.

Agent EDWARDS presents a good personal appearance, has a pleasing and engaging personality,evinces a sincere interest in his work, and his loyalty to the Bureau cannot

be questioned. He has organized his work in an excellent manner and dictates rapidly. His investigations have been thorough and well conducted. He has voluntarily performed a considerable amount of overtime, is an efficient automobile driver, and is proficient with the typewriter. He handles firearms in an able manner, and I would not hesitate placing him on a raid assignment.

He has required a minimum amount of supervision in the work which he has performed. I have not had the opportunity of hearing this Agent testify in court since his assignment. I have had occasion on one or two instances to assign some administrative duties to this Agent, which duties he performed in a capable and able manner. He has a good knowledge of the Bureau's work, and he applies this knowledge with judgment.

Although this Agent's experience has been limited due to his length of service, I am confident that with additional experience he will be able to satisfactorily perform administrative duties. His development and progress in Bureau work have been more rapid than most Agents with the same amount of experience. I am more than satisfied with his progress and believe that he will continue to develop more rapidly than the average Agent.

Very truly yours,

M. WILSON MCFARLIN

I was requested by Mr. M.W. McFarlin, Special Agent in Charge of the Grand Rapids Office of the Federal Bureau of Investigation, to drive immediately to Wayland, Michigan, where William D. Edwards was waiting in a local doctor's office after having been cut by glass when a pheasant went through his windshield. I drove to Wayland, arriving there about 11:30 A.M. August 29, 1941. I found Edwards with several cuts on his face and took him to Butterworth Hospital, Grand Rapids, Michigan, where he was treated. I examined the car and took pictures of same. The left windshield had been shattered and there was glass all over the inside of the car, and in the rear seat I found a dead pheasant.

Re: WILLIAM D. EDWARDS, SPECIAL AGENT;
SPECIAL EFFICIENCY REPORT.

Dear Sir:

In conformity with Bureau letter of July 30, 1941 the following special efficiency report is being submitted relative to the above-named Special Agent.

This Agent was assigned to the Grand Rapids Office as his first office of assignment on February 9, 1941. He has been engaged in the general investigative work of the Bureau, principally National Motor Vehicle Theft Act, White Slave Traffic Act, Applicant investigations, internal security cases, Selective Service Act cases, and like matters. He also has spent considerable time developing American Legion contacts, sources of information, and confidential informants. Agent EDWARDS has performed this work in an outstanding manner considering his length of service in the Bureau. He has developed many good contacts for the Bureau, principally among police agencies, as a result of which he has secured a considerable number of new cases for the Grand Rapids Office.

Agent EDWARDS presents a good personal appearance, has a pleasing and engaging personality, evinces a sincere interest in his work, which he has performed in a conscientious manner. I believe he is entirely loyal to the Bureau and the work which it is performing.

Since my last efficiency report on this Agent I have noted that he has developed a more aggressive and forceful attitude in his contacts. He voluntarily performs a considerable amount of overtime, is a good automobile driver, and is proficient with the typewriter. He handles firearms in an able manner, and I would not hesitate placing him on a raid assignment.

I have not had the opportunity of hearing this Agent testify in court since his assignment. He has required a minimum amount of supervision in the work which he performs and arranges and dictates his work in an able manner.

Considering the length of service of this Agent, I am more than satisfied with his progress. Although I have not assigned this Agent any administrative duties, I believe on the basis of his past development that with additional experience he will be able to satisfactorily perform administrative duties.

FEDERAL BUREAU OF INVESTIGATION
U. S. DEPARTMENT OF JUSTICE

WILLIAM D. EDWARDS

I am the Director of the Federal Bureau of Investigation, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country. At the present time this Bureau is required by Act of Congress to expand its personnel in order effectively to discharge the important duties devolving upon it.

William D. Edwards is a trained Special Agent and has been continuously employed by the Federal Bureau of Investigation since December 16, 1940. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications and experience in such activity, and his removal for induction would cause material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation. Extreme difficulty is being experienced at present in obtaining a sufficient number of qualified applicants to take care of the increasing expansion of this Bureau and it is impossible to consider a replacement of any individual for this reason. Turnover of personnel is extremely detrimental to efficiency, as trained and experienced members of the staff, such as William D. Edwards, must form the nucleus of the expanded staff which this Bureau must recruit in order to fulfill its function, and therefore it is suggested that he be given Classification II-B.

Re: SPECIAL AGENT WILLIAM D. EDWARDS;
45-DAY EFFICIENCY REPORT.

Dear Sir:

This Agent was assigned to the Grand Rapids Division as his first office of assignment. During this forty-five day period he has been engaged chiefly in White Slave Traffic Act, National Motor Vehicle Theft Act, Selective Training and Service Act, and internal security cases. He has also spent considerable time in developing American Legion contacts and sources of information. His work along these lines has been average for a new Agent.

Agent EDWARDS presents a nice personal appearance, evinces a sincere interest in his work, is loyal and conscientious. It is believed, however, that his personality, although pleasing, is too retiring, and he lacks forcefulness. It is further believed that he is somewhat lacking in confidence in himself, which, of course, does not inspire confidence in others with whom he has contact.

He voluntarily performs a considerable amount of overtime, is a good automobile driver, and is proficient with the typewriter. I have not had the opportunity of seeing this Agent handle firearms, and due to his lack of experience, I would hesitate placing him on a dangerous assignment. He has not testified in court since his assignment to this office.

I believe that with additional training and experience he will overcome any deficiencies which presently exist and that his development will be satisfactory with close supervision.

Very truly yours,

W.D.E.

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

Applicant was located at his place of business, the San Jose Title and Abstract Co., 76 North First Street. resourceful and to have executive ability; and is likely to develop: however, he is slightly nervous; has not studied Federal Procedure; and has had no investigative experience. Mr. Pieper states applicant has had experience in the examination of records. He is used to close analysis and accuracy, observation of detail and thoroughness. It is believed he shows imagination because he states that he has invented some kind of gadget which is of assistance in records and charts in connection with his business. Applicant was very modest about this, saying it was just a lazy man's effort to save work, but it is believed it shows practical imagination. Applicant grows on one. He is intelligent. His nervousness, it is believed, made him show up less favorably at first; however, as he loosened up, he impressed very well. He is unusually sincere, and in spite of the fact that he does not have his LLB, it is believed his experience in business will compensate for this. With training, applicant should

At San Jose, California: Mr. FOREST G. MURDOCK, Principal, San Jose High School, advised agent that applicant entered this institution on September 17, 1928 and graduated from this school on June 15, 1932. He stated that applicant pursued a regular academic course and graduated with an A-B record, having taken courses in Spanish, Algebra, Geometry, History, Chemistry, Public Speaking, English, and Commercial Law.

Mr. MURDOCK stated that he does not know the applicant personally, applicant having graduated from high school the year before he came to this school as principal, but that he knows applicant's father and family well. He added that the applicant's family have an excellent reputation in San Jose; that applicant's father is a very well-to-do business man, and that he has never heard anything in the least derogatory about applicant or his family.

Mr. MURDOCK further advised that the school records do not reflect what outside activities applicant may have been engaged in while he was a student in this high school or what athletic teams he may have participated in; that because applicant graduated from this school several years ago, and because of the large number of students in the classes at this school, he doubted whether any teachers in the school at this time would remember applicant's work in their classes. Mr. MURDOCK added that were there anything derogatory about applicant's record in high school, it would be revealed on the file in his office.

At Palo Alto, California: Miss P. J. BRADFORD, Registrar's Office, Stanford University, advised upon interview that the records in this office reflected that applicant entered this institution on March 1, 1932 and graduated therefrom with an AB degree on June 14, 1936, having majored in History and English. She further advised that applicant maintained about an average of B minus, having made 12 - A's, 20 - B's, 13 - C's and 1 - D in public speaking.

Miss BRADFORD further advised that the records reflect applicant's birth date as January 6, 1915 at San Jose, California; that while he was in school at Stanford University he was a member of Delta Kappa Epsilon social fraternity, the Scalpers, a sophomore honor society, the Circle S, an athletic club, Phi Phi, an honorary social fraternity, the Inter-fraternity Council, a member of the Freshman Golf Team in 1932 and 1933, a member of the Varsity Gold Team in 1933 - 1934, 1934 - 1935, and 1935 - 1936.

Miss BRADFORD permitted agent to examine the personnel file of applicant in the Registrar's Office, which contained the following information:

The applicant's Application for Admission to Stanford University, dated April 18, 1932, reflected that the applicant's father, LEONARD P. EDWARDS, was living at the date of the application, had attended Stanford University, and was in the Title Insurance business in San Jose, California; that applicant's mother, the former CLARA E. DOWTON, was also living at the date of application. The blank further reflected that applicant considered himself to be an American, to be five feet and eleven inches tall, to weigh one hundred and forty-five pounds; that he had never experienced any difficulties with his eyesight or his hearing.

The blank further reflected that the applicant was a member of the Christian Science church and planned to enter the profession of law; that he had been a member of the Hi-Y, the golf team, and the Crown and Shield, boy's honor society, while in high school; that he had been president of his Junior High School class; and president of the Boy's League and the Senior Class in high school.

The file contained a letter from DR. T. W. MacQUARRIE, President of San Jose State Teachers College, San Jose, California, dated May 2, 1932 and addressed to the Registrar, Stanford University, which stated: "I have known Don for the past five years. He is a fine young fellow, of good standards, good qualities, and a good sport. He comes from an excellent family, as you very well know from the other members who are students there now. I am glad to recommend him as a Stanford student."

The file further contained a letter from FREDERIK T. SHIPP, Dean of Boys, San Jose Senior High School, San Jose, California, dated April 28, 1932 and addressed to the Admissions Committee, Stanford University, which stated: "At the request of DON EDWARDS, I am writing this letter of recommendation for his application to Stanford. Don has had a unique record in leadership, including three earlier class presidencies: junior high school presidency, boys league presidency, and finally, the senior class presidency. I know of no student in the recent history of the school who has such a record to his credit. The boy is from a fine, high-grade family, and has proven himself a clean, wholesome young man. His skill as a golfer is more than county-wide, and his popularity is great. He, I am sure, will be a real asset to the University, and a valuable alumnus."

The file also contained a letter from FLOYD A. EARTON, President of the Reserve Building and Loan Association at San Jose, California dated April 30, 1932 and addressed to DR. J. P. MITCHELL, Stanford University. This letter states: "I write as an alumnus on behalf of this lad. I am not intimately acquainted with his high school makrs, but I do know the caliber of boy that he is. I have closely observed his climb to young manhood--his character, his habits, and his ambitions are A-1. His home surroundings and family reflect the best there is in wholesomeness and loyalty to Stanford. Here is a boy that Stanford University can help develop into a leader."

The file further contained a Personal Rating Blank signed by CHARLES B. GLEASON, Vice-principal of San Jose High School, and dated April 15, 1932. This rating blank reflected the following:

"Applicant is well-liked by others, does ordinary assignments of his own accord, sometimes leads in important affairs, is well-balanced emotionally, and is engrossed in realizing well-formulated objectives." The blank further stated that "this is a composite of the estimates of four teachers competent to judge this student's work and character"; that they "knew him chiefly from his class-work"; that one of them regarded his chief weakness as "being opinionated"; that his health and strength is normal.

On the back of this blank was written: "I have known EDWARDS ever since he entered school and noted him particularly because I know his family well and have had something to do with his older brother and sister, both of whom are now at Stanford. I have not, however, come into close contact with him. EDWARDS comes of a good family, is bright and capable and has been a thoroughly satisfactory student. His tastes and ambitions are social rather than scholastic, but I believe he will take pride in maintaining a good standing in his studies. He has the good qualities and the weaknesses of the habitual office-seeker."

A transcript of applicant's record from the San Jose High School dated June 15, 1932 and signed by CHARLES B. GLEASON, Vice-principal, reflected that applicant graduated from this high school on June 15, 1932, eleventh in a class of three hundred, having taken regular academic work.

The file reflected upon further examination a petition for leave of absence from July 2, 1934 to the end of the summer session. The reason given was "financial" and the petition stated: "If I continue this quarter I cannot return for the autumn quarter." The petition was granted.

The file also contained a letter from the Registrar, Stanford University, to the Fidelity and Casualty Company, New York City, dated March 1, 1939, which letter stated: "EDWARDS scholastic record was good. He received an AB degree on June 14, 1936. There is nothing in any way unfavorable to his character recorded in this office."

Miss MARION MCKENDRY, Secretary of the Law School, Stanford University, advised that the records in that office reflected October, 1936 as the date of applicant's matriculation in the Law School; that he attended this institution for the school years 1936 - 1937 and 1937 - 1938; that applicant enrolled for the year 1938 - 1939 but withdrew shortly after the beginning of the year because of the death of his brother in an automobile accident.

Miss MCKENDRY stated that applicant was given a leave of absence at this time; that while he was in the law school he had maintained a scholastic average of a C plus. She advised that she knows applicant, and considers him a very likeable and a fine young man, and that understood that applicant took the California State Bar Examination in October of 1940.

Dean M. R. KIRKWOOD of the Stanford University Law School advised that he knows applicant and also knows applicant's father, who is president of the San Jose Abstract & Title Company in San Jose, California; that he is surprised to hear that applicant has made application for a position with the Bureau, because he thought applicant would continue to work in his father's business.

Dean KIRKWOOD advised that applicant had a very favorable record in the Law School; that he gave promise of being a very good lawyer. He stated that applicant has a splendid personality, is easy in meeting people, and mixes well with them; that he has no radical views about the government or politics to his knowledge; that he does not know if applicant has any bad personal habits, but that he would be very surprised if he should hear that he had; and that he considers him excellent material for the FBI and is glad to give him a very high recommendation.

- REFERENCES -

At San Jose, California: Mr. PAUL RUDOLPH, First National Bank of San Jose, who resides at 310 Tillmann Street, advised that he has known applicant since applicant's birth. He stated that while he is a much older man than applicant and has never associated with him in a social way, he sees applicant nearly every day.

Mr. RUDOLPH advised that applicant has excellent personal habits; that he does not believe that applicant drinks; that his family are all members of the Christian Science Church and are not "drinking people themselves." He advised that he has known applicant's family for a great number of years; that applicant's father is President of the San Jose Abstract Company and controls most of the stock in the company and is one of the more successful business men in San Jose.

Mr. RUDOLPH further advised that applicant has a sister, and had one brother, who was accidentally killed in an automobile collision about two years ago; that applicant was attending the law school at Stanford University at the time, but gave it up after his brother's death and returned to San Jose to take his brother's place as secretary in the abstract company with his father. Mr. RUDOLPH advised that applicant married a young lady from Kentucky about two years ago; that he is an excellent golfer, and met his bride while participating in a golf match at the Del Monte Country Club, Del Monte, California. Mr. RUDOLPH knows nothing derogatory about applicant; considers him an excellent young man with no radical tendencies, and very acceptable material for a position as Special Agent with the Federal Bureau of Investigation.

DR. THOMAS W. MacQUARRIE, President of San Jose State College, who resides at 5302 Greenside Terrace, advised that he has known applicant for about seven years. He stated that he does not know applicant intimately, but knows him and his family well; that the family have an excellent reputation in San Jose and that he knows "nothing but good things" about applicant.

DR. MacQUARRIE stated that he does not think applicant has ever been in any kind of trouble; that he has a very pleasing personality and seems to mix well with other people; that so far as he knows, applicant's personal habits are exemplary. He advised that he is glad to recommend him very highly, giving assurances as to the applicant's integrity, conscientiousness, and ability.

Judge R. R. SYER, Santa Clara County Courthouse, who resides at 535 East Santa Clara Street, San Jose, advised that he has known applicant practically all his life--ever since applicant was five or six years old. He stated that applicant's aunt, Mrs. A. DON HINES, has lived next door to him for a great number of years and that when applicant and his brother were both little, they used to visit Mrs. HINES quite frequently, and that he thus saw them often.

Judge SYER stated that he has watched them grow into young men and knows applicant very well; that applicant married a girl from the South several years ago, and is at the present time working as Secretary of the San Jose Abstract Title Company in San Jose.

Judge SYER informed agent that applicant's grandfather had organized this company, of which applicant's father is now the President. He controls the stock in the company as well. The Judge advised that the applicant does not search records, but acts as an official of the company--as an executive secretary.

Judge SYER advised further that the applicant's family are one of the leading families in San Jose and that applicant himself is a fine young man of exemplary personal habits. He stated that applicant decided to make a lawyer of himself; that applicant's brother, TOM EDWARDS, was working in the Abstract Title Company as secretary, and that applicant was studying law at Stanford University when TOM was killed in an automobile accident; that applicant gave up his law career and came back to San Jose to take his brother's place and to work with his father.

Judge SYER added that applicant mixes "pretty well"; that he is not officious and does not have an "effusive personality;" rather a fine, unobtrusive personality." He stated that applicant is not the type of young man that "would jump at a public meeting to express his views; that he would do a lot of thinking, but would keep his ideas to himself unless called upon to express them."

He stated that neither applicant or his family have any radical views about government or politics; that they are conservative in nature; he advises that applicant has never been in any kind of trouble and that he knows nothing derogatory about him; that applicant has never participated in any "wild life" to his knowledge, and is inclined to be on the "studious side", although he has quite a reputation as a golfer, having participated in several state and national amateur matches.

Judge SYER further advised that applicant has a quiet, determined nature; that he can always be relied upon to do his job and will begin on his own initiative whatever he thinks is his duty to begin; that when his brother was killed, he thought that his place was in San Jose with his father in his business, and that he had therefore given up his law career to do what he considered was the thing for him to do. He advised that while he has never had any personal experiences with applicant, he feels confident that applicant would be suitable material for a Special Agent with the FBI and is glad to give him a strong indorsement as to character, personality, and ability.

Mr. C. B. GOODWIN, City Manager of San Jose, who resides at 863 Riverside Avenue, advised that he has known applicant all during the applicant's life; that he knows applicant's family well and knew applicant's mother, the former CLARA DONLON, before she was married.

Mr. GOODWIN further advised that while he had not been personally associated with the applicant, he knows the family well enough to know that applicant would have no radical tendencies or bad habits. He stated that applicant is quite a golfer, having participated in several tournaments in this state and some national amateur matches as well.

Mr. GOODWIN believes that applicant is associated with his father in the San Jose Abstract and Title Company, one of the largest firms in San Jose; that applicant married a girl from Kentucky about two years ago. He stated that he knows nothing detrimental about applicant, and is glad to recommend him whole-heartedly and without any reservation.

DR. M. F. HOPKINS, Medico-Dental Building, San Jose, who lives at 485 South Sixteenth Street, stated that he has known applicant's family for about thirty years, has attended them professionally, and has known applicant all his life. He stated further that so far as he knows, applicant is in splendid health, is quite a golfer, does not smoke or drink, and has no bad habits.

DR. HOPKINS advised that shortly after applicant's marriage several years ago, he built a home immediately behind the home of his parents; but that about two months ago applicant and his wife moved to Palo Alto, California, where he is living at the present time. He stated that applicant is employed in his father's business; that he is a likeable young man with a good personality; and that he is glad to recommend him one hundred per cent.

- EMPLOYMENT RECORD -

At San Jose, California: Mr. CARL NICKEL, Title Examiner for the San Jose Abstract and Title Company, located at 76 North First Street, was interviewed, and advised that applicant has been secretary of the company for about two years; that his work is of an executive nature, and does not include the examining of records and titles, but rather the usual administrative duties performed by executive secretaries.

Mr. NICKEL stated that applicant handles escrow matters and the closing and handling of firm business after the clerical work has been performed. He stated that applicant has a fine personality, is well-liked by the other employees, and seem to mix splendidly with them.

Mr. NICKEL verified that applicant had recently moved to Palo Alto, California, which is about eighteen miles from San Jose, California, and that applicant commutes to work every day; that he does not know his Palo Alto address. Mr. NICKEL added that the firm business is handled by applicant's father, Mr. LEONARD P. EDWARDS, who controls the majority of stock in the company.

- NEIGHBORHOOD INVESTIGATION -

Applicant's family live in a very exclusive residential section in the foothills near San Jose, California on McKee and Fairway Roads. The home is of a large and expensive type, and immediately behind it is a two-story, white Colonial cottage, built by applicant shortly after his marriage two years ago. He and his wife have resided here until they moved about two months ago to Palo Alto, California.

Mrs. W. L. HOLMES, 5425 McKee Road, advised that applicant and his wife formerly lived at this address, and that applicant had built this home shortly after his marriage two years ago. She stated that applicant and his wife had recently moved to Palo Alto, California; that she knows applicant and his family only casually, but that they seem to be very substantial citizens and that she knows nothing at all detrimental about any of them. Mrs. HOLMES added that she had heard that applicant is an excellent golfer, but that she does not know him personally.

Mrs. E. N. GARAFALO, Box 5345, Fairway Road, advised that she has lived at this address for several years and has known applicant's family, who live across the hill from her, for some time.

Mrs. GARAFALO stated that she and her husband, however, have known applicant's family in a business way and have never met them socially. She stated that she knows applicant when she sees him and has never heard anything derogatory about him; that the family have an excellent reputation in San Jose and in the neighborhood and that while she does not know applicant personally, she has never heard any criticism of him or his family.

Mrs. M. P. COL, who lives on the corner of McKee Road and Bay View Road, advised that she has known applicant's family for several years; that she knows applicant's sister very well and knows who applicant is, but does not know him personally. She states that she knows nothing at all derogatory about the family; stating that they are excellent neighbors and have a splendid reputation in this community.

At Palo Alto, California: Applicant and his wife have lived at 1576 Emerson Street, for about two months, according to the records in the Post Office at Palo Alto as produced for agent by Postmaster EVANS.

Mrs. WILLIAM BERNARD, 1551 Emerson Street, advised that her home is directly across the street from that of applicant; that she has never met applicant or his wife and knows nothing about them at all; that they are quiet neighbors and that she knows nothing derogatory about them.

Mrs. B. McCOSKER, 1610 Emerson Street, who lives two houses down the street from applicant's home, advised that she does not know applicant and knows nothing at all about him.

- CREDIT RATING -

At San Jose, California: Mr. PAUL RUDOLPH, First National Bank of San Jose, advised that applicant is indebted to the bank for about thirteen hundred dollars; that this is a personal loan to the applicant, and that the status of applicant's account at the bank is entirely satisfactory.

Mrs. A. M. MARSHALL, Merchant's Association, First Street, advised that she knows applicant personally and has known his family for a great number of years; that they have an excellent reputation and that she knows nothing derogatory about applicant.

Mrs. MARSHALL stated that applicant has been known to the files of this organization since October, 1936; that in 1939 applicant was twenty-four years of age, married (wife's name, NANCY), and that applicant lived with his parents on Fairway and McKee Roads in San Jose; that he was employed as escrow officer at the San Jose Abstract and Title Company and was the son of L. P. EDWARDS, the president of said company.

Mrs. MARSHALL added that applicant has a satisfactory credit rating; that the file reflects that he married Miss NANCY DYER, the daughter of the late SAMUEL A. DYER and Mrs. SHELBY T. HARBISON of Kentucky in 1938; that applicant's wife was educated at the Warrenton Country Day School in Warrenton, Virginia and at the University of Kentucky, where she was a member of Delta Delta Delta sorority; that applicant is a leading golfer, having at one time been the holder of the Northern California Amateur title (Championship Title).

At Palo Alto, California: Mr. O. S. Mr. PRICE stated that the applicant's father has been known to their records since 1912; that he has a satisfactory credit record and is recorded as having a substantial monthly income; that the record reflects that applicant's father built a \$25,000.00 home in San Jose, California in 1928, where he is living at the present time.

Judge BELL informed that applicant was fined \$10.00, and that applicant paid this fine in two installments of \$5.00 each. Judge BELL stated that he knows applicant personally, considers him a very bright lad, and stated that there were no aggravating circumstances surrounding applicant's arrest; that applicant was "a mere kid" at the time.

At Santa Cruz, California: Captain JOHN E. PAYTON, of the State Highway Patrol, advised that the records in his office reflect that applicant was arrested on July 6, 1931 for speeding forth miles an hour in a fifteen-mile zone in the city of Santa Cruz. Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. Flat foot of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. Urinalysis to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

5. HEALTH RECORD: Very good. No glasses.

6. GENERAL IMPRESSIONS OF APPLICANT: WILLIAM DONOLON EDWARDS is married. His wife's name is NANCY; she is American of American background. They reside at 76 N. First Street, San Jose, California. Applicant was born January 6, 1915 at San Jose. His father, LEONARD P. is in the title insurance business; his mother, CLARA, both are Americans of English-American background. Mrs. GERALD TWIST is applicant's sister, and her husband is with the Atlas Diesel Engineering Co., Oakland. There is no arrest records for applicant's relatives. Applicant was fined \$5 for speeding in 1938 on the Monterey-Salinas Highway. FREDERICK EDWARDS, an uncle, is Customs Inspector at Nogales, Arizona.

Applicant graduated from San Jose High School in 1932 where he participated in student politics, football, golf and boxing. He received his AB degree at Stanford in 1936. He took 2½ years of law at Stanford, but left to take a good job with the San Jose Title and Abstract Company. While at school he was Captain of the Golf Team, a member of "Deke" fraternity, Phi Delta Phi legal, and Phi Phi honorary. He took his California bar examination in 1940. He is indebted to the Federal Housing Administration in an amount of \$1450. He has used firearms in hunting. He typewrites very well; drives an automobile. He can read Spanish. Transfer and dangerous assignment regulations are agreeable. He uses intoxicants socially; belongs to no subversive groups, but is a member of San Jose Masonic Lodge No. 10.

Applicant has had experience in the examination of records. He is used to close analysis and accuracy, observation of detail and thoroughness. I believe he shows imagination because he states that he has invented some kind of gadget which is of assistance in records and charts in connection with his business. He was very modest about this, saying that it was just a lazy man's effort to save work, but I do believe it shows practical imagination. This chap grows on you. He is intelligent. His nervousness, I believe, made him show up less favorably at first. However, as I got him to loosen up, he impressed me very well. He is unusually sincere, and in spite of the fact he hasn't his LLB, I believe his experience in business will compensate for this.

With training he should make a good man as he impresses one with his sincerity and his tenaciousness, besides having a good appearance.

Result of dictation test: Good. Fair. Poor.
Bureau test rating %.

7. Do you consider the Applicant qualified for the appointment he seeks and, if appointed, do you believe he would develop into better than an average employee?

ReSFlet 10/10/62 captioned "William Donlan Edwards,
Former Special Agent."

A review of background information available concerning Patrick Thomas Hancock in Bureau files disclosed that an article in the "San Francisco Examiner" on 8/11/62 reported that Hancock appeared before the California State Committee on Un-American Activities on 8/10/62 and refused to answer the committee's questions. In 1948 Hancock was known by his business associates to be the secretary of the Kern County Independent Progressive Party.

We should endeavor to remove Hancock and his brother Donald Edgar Hancock from the political group surrounding Edwards. It is entirely possible that if Edwards is successful in the general election, which he is heavily favored to win, he may consider himself obligated to reward the Hancocks by endorsing them for positions in the state or local governments. If he is made aware of the communist background, he will undoubtedly hesitate to risk his own career by any unqualified recommendations.

You should arrange to make a carefully prepared anonymous telephone call to Edwards using the above information as the basis for urging him to get the communists out of his campaign, unless there are certain reasons known to you that this counterintelligence plan cannot be carried out. If there is some other suggestion you believe would be more effective to obtain the best results, submit your recommendations to the Bureau.

This matter should be handled promptly and the Bureau advised of any tangible results.

BIOGRAPHICAL DATA:

On 11-6-62 Edwards, Democrat of San Jose, was elected to the U. S. Congress from the 9th District of California. He did not replace an incumbent.

INFORMATION IN BUFILES:

William Edwards was a Special Agent from December 16, 1940, to December 27, 1941, when he voluntarily submitted his resignation while assigned to the New York Office. He resigned to accept a position with his father's title company at San Jose. Edwards' file contains no derogatory information and he is not known to have been critical of the Bureau. He is now the successful operator of Valley Title Company of San Jose, a firm he started several years ago after leaving his father's company.

By letter dated 10-10-62 the SAC at San Francisco advised that one of Edwards' campaign managers had been identified as Patrick Thomas Hancock, Hayward, California, a Security Index subject of the San Francisco Office. A brother, Donald Hancock, has also been active in Edwards' campaign and is reportedly employed by the Valley Title Company, San Jose, a firm owned by Edwards.

BUFILES indicate that the San Francisco Office initiated a Security Matter-Communist investigation regarding Patrick Thomas Hancock in 1949. It was determined that in 1949 he had become a member of the Elmhurst Club of the Communist Party (CP) in Alameda County, California. He attended numerous meetings of the Marxist Institute, Oakland, California, a Communist Party school, during 1949. He reportedly attended CP functions intermittently in the Berkeley, Oakland areas until early 1957; however, there is no indication in the files that he has had direct association with CP organizations since that time. Agents attempted to interview him in 1958 but he was uncooperative. Hancock was designated as a Security Index subject of the San Francisco Office in 1949.

A Security Matter-Communist investigation was conducted by San Francisco in 1955 regarding Donald Hancock, Patrick's brother. While it was shown that Donald Hancock was a subscriber to the "Daily People's World" and was on a mailing list of the Independent Progressive Party in California, an organization cited by the HCUA, it was not disclosed that Hancock was a member of the CP or was directly associated with any CP activities. The investigation regarding Donald Hancock was terminated in 1955.

RECOMMENDATION: None. For information.

I called upon captioned Congressman while up on the Hill yesterday afternoon. He was in the Bureau approximately one year. He recently voted against appropriations for the House Committee on Un-American Activities (HCUA).

H. Allen Smith and Glen Lipscomb, both California Congressmen, have professed a dislike for this former Agent indicating he is extremely liberal and cannot be trusted.

I called upon Congressman Edwards for several reasons. First, I felt that due to his extremely liberal leanings he might be ripe for an approach from characters like Levine, Turner, Burnett, etc. I wanted him to know that he had a contact with the Bureau that would be willing to talk these matters over with him at any time. Secondly, I thought it best to acquaint ourselves with this former Agent so that at least he would give consideration to contacting us prior to shooting off his mouth regarding the Director or the FBI.

Congressman Edwards received me most cordially, introduced me to his wife and indicated that any time any matter of mutual interest came up he would certainly be in touch with my office. He asked that his best regards be extended to the Director.

Mr. DeLoach:

Re: REPRESENTATIVE W. DONLON EDWARDS
 DEMOCRAT OF CALIFORNIA

On 6-16-64, captioned individual assisted Representative

William E. Ryan, Democrat of New York, in reporting to the House the results of the meeting held by the Council of Federated Organizations on 6-8-64. This Council, made up of CORE, SNCC, NAACP and the Southern Christian Leadership Conference, held an all-day session of hearings before a panel convened at the National Theater, Washington, D.C. These hearings consisted primarily of testimony from individuals who alleged they had been subjected to police brutality while engaging in integration activities in the State of Mississippi.

Ryan and Edwards were joined by Congresswoman Green, (D) Oregon and Representative Nix, (D) Pennsylvania, in placing these results before the House. These individuals constantly deplored what they termed the failure of law enforcement authorities to protect demonstrators and they alleged a state of anarchy exists in Mississippi. Edwards, who served briefly as a Special Agent from 12-16-40 to 12-27-41, referred to his former employment and criticized Agents for not making arrests of those whom Edwards claimed violated demonstrators' civil rights in their presence.

Attached is a blind memorandum concerning Edwards which you may desire to make available to friends in Congress. The major portion of it is devoted to refuting Edwards' assertion the FBI was derelict in not making the arrests he desired. It does not delve too deeply into Edwards' background since his personnel file is pretty bare of any pertinent material.

Rights Effort Extension Forecast in Mississippi

By the Associated Press

Representative Don Edwards, Democrat of Calif., whose son is a civil rights worker in Mississippi this summer, says the student effort to help Negroes there is sure to continue year-round—"It's working too well to let it stop."

Mr. Edwards, who just returned from a tour of south-

western Mississippi, said there is great concern among students there about what will happen to local Negroes when summer is over and the students leave the State.

He said, "It will have to be planned for. We must let it be established that the program is not going to end, that the eyes of the world and of the Federal

Government are on the white people of Mississippi."

Mr. Edwards said in an interview yesterday he was "immensely proud" of his son, Leonard, 23, a law student, for going to Mississippi to try to get Negroes registered to vote, but was "terribly concerned" for his safety.

The house at McComb, Miss., in a Negro district in which Mr. Edwards and his son slept last Monday night was ripped the following night by three bombs thrown from the street.

"There is a very deep distrust of the FBI among students in the Mississippi project," said Mr. Edwards, who was an FBI agent before he joined the Navy in World War II.

ENCLOSURE

"They cannot understand why workers are confining their efforts to voting registration, not integration, of public accommodations under provisions of the new civil rights law.

"I personally find it hard to understand why it took four hours for a special agent of the FBI to arrive in McComb after the bombing, when I had advised the Department of Justice the night before of my presence there and of the explosive local situation."

FBI Director J. Edgar Hoover today was visiting Mississippi, where more than 100 agents are searching for the three rights workers missing since June 21.

Mr. Edwards said the student

workers are confining their efforts to voting registration, not integration, of public accommodations under provisions of the new civil rights law.

"The last thing anyone wants is a massive Federal intervention," he said "...that would be a real national tragedy. ..."

"Before I went, I had some reservations on whether we were going to make it, as far as integration goes," the Congressman said.

"But after living in Negro homes, eating in their kitchens, sharing what they had, talking at night in their living rooms, I am convinced that not only is it going to work, but it will be one

of the best things that ever happened to our country."

He said he often was followed by white people on his Mississippi trip when he was spotted as an outsider.

"But I want to be fair," he said. "There are areas where the local law enforcement officers are doing an adequate job." He said Ruleville, where his son is working, is one such place. He said the local police patrol the civil rights center there once every half hour.

"A year or two ago, it was one of the most dangerous places in Mississippi," Mr. Edwards said.

He said also he was encouraged by the wide acceptance so far in Mississippi of the public

accommodations section of the new civil rights law.

"I hope there will be continued testing" under this provision, he said, "but it is a lot to ask of local Negroes to test the law. They have had 100 years of peonage and terror. It is almost necessary for NAACP people to come in from outside the State to do these things."

DON EDWARDS

William Donlon Edwards, most commonly referred to as Don Edwards, was born on January 6, 1915, in San Jose, California, and is currently a United States Congressman representing the Ninth Congressional District of California.

Mr. Edwards was the subject of an applicant-type investigation by the FBI in 1940 in connection with his appointment as a Special Agent of the FBI. This investigation revealed no information of a derogatory nature concerning him and he was employed as a Special Agent of the FBI from December, 1940, to December, 1941.

Information was received in October, 1962, that an individual who was a member of the Elmhurst Club of the Communist Party in Alameda County, California, in 1949, was one of Edwards' political campaign managers.

Another individual, who was active in Edwards' political campaign in 1962, was a subscriber to a communist paper in 1955. This same individual was on a mailing list of the Independent Progressive Party in California, which organization was cited by the House Committee on Un-American Activities. (67-174350)

SYNOPSIS

On the afternoon of 1-15-65, Frank McNamara, Director, House Committee on Un-American Activities (HCUA), asked SA Hanning, "Why does Congressman Don Edwards of California hate the FBI so much?" When asked what prompted this question, McNamara stated that Congressman Richard Ichord of Missouri, who is a member of the HCUA, had asked him this question. Ichord was concerned, and while he had given McNamara no details, he indicated from talking to other members of Congress it was evident that Edwards had a deep hatred of the FBI. We enjoy limited but cordial relations with Ichord.

Edwards elected to 88th Congress in November, 1962. He is a former Agent who entered on duty 12-16-40 and resigned voluntarily 12-27-41. In connection with resignation, on 12-8-41 he requested permission to cancel his resignation and requested transfer to San Francisco. Was advised it was not possible to grant his request. Services satisfactory.

When elected to Congress in 1962, Edwards used as one of his campaign managers a Security Index subject of our San Francisco Office. In February, 1963, he was one of the Congressmen who voted to cut the funds of the HCUA. You (Mr. DeLoach) called on Edwards in March, 1963, as Congressmen H. Allen Smith and Glen Lipscomb had professed a dislike for Edwards indicating he was extremely liberal and could not be trusted. You hoped to get him on the right track so that he would come to us before popping off. He was very cordial and asked that his best regards be extended to the Director.

1 JAN 22 1965

In June, 1964, Edwards assisted Congressman Ryan of New York in reporting to the House the results of a meeting held by the Council of Federated Organizations on 6-8-64. This meeting was an all-day session at the National Theater, Washington, D. C., and the Congressmen were critical of law enforcement authorities. Edwards referred to his former employment and criticized Agents for not making arrests. In connection with this matter, we prepared a blind memorandum concerning Edwards which was furnished to Congressman H. Allen Smith in June, 1964.

RE: CONGRESSMAN DON EDWARDS

DETAILS

BACKGROUND:

On the afternoon of 1-15-65, SA Hanning contacted Frank McNamara, Director, House Committee on Un-American Activities (HCUA), on another matter. During the course of conversation, McNamara asked him, "Why does Congressman Don Edwards of California hate the FBI so much?" Hanning asked McNamara what prompted this question and McNamara stated that Congressman Richard Ichord of Missouri, who is a member of the HCUA, had asked him this question. According to McNamara, Ichord was quite concerned, and while he had given McNamara no details, he did indicate that from talking to other members of Congress, it was evident that Edwards has been talking and indicating a deep hatred of the FBI.

CONGRESSMAN RICHARD H. ICHORD:

Congressman Ichord is a Democrat from Missouri, who was elected to the 87th Congress in 1960, and reelected in 1964. We have had limited but cordial relations with him and by letter, dated 5-8-64, the Director thanked Ichord for his kind remarks on the floor of the House.

CONGRESSMAN DON EDWARDS:

Congressman Don Edwards was born January 6, 1915, at San Jose, California. He was elected to the 88th Congress on November 6, 1962, and represents the 9th District which covers the counties of Alameda and Santa Clara.

Although he now goes officially by the name of Don Edwards, this individual entered on duty in the Bureau as a Special Agent on 12-16-40 under the full name of William Donlon Edwards. He resigned voluntarily on 12-27-41. In connection with his resignation, he submitted it by letter dated 10-30-41 to be effective 12-27-41, active duty having ceased 11-29-41. By wire dated 12-8-41 Edwards requested permission to cancel his resignation and requested transfer to San Francisco. He was advised on 12-9-41 that it was not possible to grant his request. While in the Bureau, his services were satisfactory.

In 1962, Edwards was elected to Congress using as one of his campaign managers Patrick T. Hancock, a Security Index subject of the San Francisco Office. In February, 1963, Edwards was among those who voted to trim funds of the HCUA.

M. A. Jones to DeLoach Memo
RE: CONGRESSMAN DON EDWARDS

On March 27, 1963, you (Mr. DeLoach) called upon Edwards while you were on the Hill. You indicated that he had recently voted against the appropriations for the HCUA and that H. Allen Smith and Glen Lipscomb, both California Congressmen, had professed a dislike for this former Agent indicating he was extremely liberal and could not be trusted. You further indicated that you called on Congressman Edwards for several reasons. First, due to his extremely liberal leanings he might be ripe for an approach from characters like Levine, Turner, Burnett, etc. You wanted him to know that he had a contact with Bureau if he wanted to talk matters over at any time. You also indicated you thought it best to acquaint yourself with this individual so that at least he would give consideration to contacting us prior to shooting off his mouth regarding the Director or the FBI. The Congressman received you very cordially, introduced you to his wife and indicated that any time any matter of interest came up he would contact you. He requested his best regards be extended to the Director.

On 6-16-64, Edwards assisted Representative William F. Ryan, Democrat of New York, in reporting to the House the results of the meeting held by the Council of Federated Organizations on 6-8-64. This Council, made up of CORE, SNCC, NAACP and the Southern Christian Leadership Conference, held an all-day session of hearings before a panel convened at the National Theater, Washington, D. C. These hearings consisted primarily of testimony from individuals who alleged they had been subjected to police brutality while engaging in integration activities in the State of Mississippi.

Ryan and Edwards were joined by Congresswoman Green, (D) Oregon and Representative Nix (D) Pennsylvania, in placing these results before the House. These individuals constantly deplored what they termed the failure of law enforcement authorities to protect demonstrators and they alleged a state of anarchy existed in Mississippi. Edwards referred to his former employment and criticized Agents for not making arrests of those whom Edwards claimed violated demonstrators' civil rights in their presence.

In connection with Edwards's mouthings, we prepared a blind memorandum concerning him recommending that it be made available to friends in Congress. The Director indicated, "See that this is done." Accordingly, this information was furnished to Congressman H. Allen Smith on June 22, 1964.

A news item in the 7-10-64 Washington Evening Star reflected that Edwards, [redacted] just returned from a tour of southwestern Mississippi where there was great concern among students as to what would happen to local Negroes when summer was over and the students left the state. According to the news item Edwards said he was "immensely proud"

of [redacted] but was b6
"terribly concerned" for his safety. Edwards and [redacted] had slept in a house in McComb, b7C
Mississippi, in a Negro district last Monday night which was ripped the following night
by three bombs thrown from the street." The article concludes by saying that Edwards,
who was an FBI Agent before he joined the Navy in World War II, said, "There is a very
deep distrust of the FBI among students in the Mississippi project."

On November 9, 1964, Edwards wrote a letter to you (Mr. DeLoach) stating,
"I recall your kindness in visiting my office and extending a welcome shortly after my
election in 1962. I am therefore writing you personally about this matter which came up
in the election just passed. My opponent came up with some information that could only
have been obtained from my personnel file at the Bureau. He quoted a telegram sent by
me to Mr. Hoover on or about December 8, 1941. It would seem to me that this infor-
mation should not have been furnished to my opponent, and I am somewhat disturbed that
it was." You indicated on this letter, "I checked this man's background and called
upon him to indicate that if he planned to seek info. re FBI at any time to call me--is
very irresponsible."

Edwards's letter of November 9th was acknowledged as follows: "I am
astonished by the accusation you made in your letter of November 9th. You are very
badly mistaken in your claim that the FBI made information concerning you available to
your opponent in the recent election. I know this for several reasons.

"For one thing, I doubt seriously that anyone in this Bureau had even the
slightest interest in the outcome of your campaign and, consequently, would have no reason
to be guilty of the tactics you so gratuitously accuse us of. For another, we do not play
ball in that manner, not being a political organization.

"As you should certainly know, information contained in FBI files is
confidential pursuant to regulations of the Department of Justice. It is only made available
to authorized individuals. I am quite sure that your opponent, whoever he may have been,
did not fall into that category.

"If you have any specific facts to back up your allegation that we have vio-
lated the Department's rules, I would appreciate your giving me the benefit of them."
This letter was over your (Mr. DeLoach) signature.

Actually, the December 8, 1941, wire which Edwards referred to in his
letter above merely stated, "Request permission to cancel my resignation as Special
Agent because of extreme necessity of looking after family in California would appreciate
transfer to San Francisco can report for duty there December 13th wire answer by
Western Union." He was, of course, advised that we could not grant his request.

Captioned individual, a former Bureau Agent of some 10 months experience, while in Mississippi last summer made a remark to reporters to the effect "students promoting civil rights down here have little faith in the FBI." In November, 1964, this Congressman wrote me a personal letter insinuating that we had leaked information from his personnel file to his political opponent. The Director approved a personal reply back to this Congressman asking him to put up or shut up and telling him we were not interested in his political activities to the extent that we would give information to his opponent.

As a matter of background, Congressman Edwards has a record of voting for the abolishment of the House Committee on Un-American Activities (HCUA). The Director recently received confidential information indicating that this man had met with 2 communists in the Congressional Hotel to draft a bill for the abolishment of the HCUA. We confidentially furnished this information to Congressman H. Allen Smith, a good friend, who in turn got the word to Congressman Edwards that inasmuch as Smith and Edwards were both members of the California delegation, Edwards should be concerned over the fact that the information regarding his meeting with communists might leak out to the press. Congressman Edwards, of course, was not advised where Congressman Smith's tip came from. Congressman Smith later reported back to us that Congressman Edwards became extremely alarmed and denied meeting with the 2 communists.

At a social event last night in the Caucus Room of the Cannon Congressional Office Building, I met Congressman Edwards. I pulled him over into a corner and told him I wanted to talk to him for a few minutes. The subject of his remarks last summer in Mississippi and his somewhat nasty letter was brought up. I told him we had not appreciated his remark, that it was a very false, gratuitous statement and I thought it was time he put up or shut up in his statements concerning the FBI, both verbally and the insinuation in his letter. Congressman Edwards seemed to be somewhat embarrassed as a result of this confrontation. He denied ever criticizing the FBI. He admitted that his statement in Mississippi was very unfortunate. He stated he had been called to task at least 100 times

Re: Don Edwards, Congressman (D-Calif.)

since then by friends of the FBI. He stated he was rapidly becoming known as "the Congressman who hates the FBI." He indicated that he has no hatred for the FBI. He stated he had complete respect for the Director and the Bureau. He added that he would be glad to be of assistance to us at any time. I asked him if this were true why had he made such statements. He stated he felt that his statement in Mississippi was true to the extent that a number of the students down there did lack confidence in the FBI. I told him this was a matter of misunderstanding of jurisdiction, and rather than shooting off his mouth he, as a former Agent, should have attempted to explain FBI jurisdiction. He admitted this was true and stated that in the future he would attempt to represent his background in a better manner.

I brought up the subject of his letter last November. He stated he wrote the letter to me in a very hasty manner and that he was mad at the time. I told him that this brought up the point that in the future when he wanted facts concerning the FBI, instead of "shooting from the hip," he might want to give me a call so that we could sit down and talk the matter over. He stated he would do this inasmuch as he felt it would keep him out of trouble.

Later during the evening this same Congressman stood up before approximately 330 men and highly praised the Director and the FBI. He told the audience that he was very proud of the fact that he had served with the FBI and he knew of no other organization in the United States that deserved the faith and plaudits of the American people as did the FBI.

I have taken the liberty of briefing Pat Coyne and other leaders of the Ex-Agents Society in Washington on a confidential basis concerning Edwards. Edwards is not a member of the Ex-Agents Society. He has however in the past been invited to events at which the Ex-Agents Society honored the members of Congress.

SUBJECT: The Congressional Record

Page 14991. Congressman Edwards, (D) California, commented on the news reports regarding the statement by the Solicitor General that Mr. Hoover was responsible for the illegal bugging of a hotel room here in Washington and the release by the State Department of an attempt by two Czechoslovak diplomats to plant a listening device in the State Department. Mr. Edwards pointed out that it may be "that the appearance of these two stories at the same time is totally coincidental. But I think it is more than passing strange that the two releases were so neatly timed. Indeed, I wonder whether the spy story would have appeared at this time if it had not been for the image-damaging aspects of the statement by the Solicitor General. It is common knowledge that Mr. Hoover is a master of the art of public relations. This is a valuable asset to any public figure. But I most seriously question the release of information, of potential consequence to our own intelligence and security

operations, for the purpose of 'blanketing' a negative story about Mr. Hoover." (Congressman W. Donlon-Edwards is a former Special Agent, 12-16-40 to 12-27-41. He has been critical of the Bureau in the civil rights field and in 1964 claimed the FBI made information concerning him available to his opponent in recent election but later admitted his letter to the Bureau had been written in a hasty manner when he was mad.)

RIGHTS ERODING, A.D.A. IS WARNED

**Viet War Fever Is Blamed
By National Chairman**

The national chairman of the Americans for Democratic Action warned last night against "leaks in the dikes that guard our rights."

Representative Don Edwards (D., Cal.), a 51-year-old San Jose business man, told an audience of 250 at the Sheraton Belfvedere Hotel that civil liberties have been eroding in the last few months because of Vietnam war fever.

Signs Of Deterioration

The dinner, an annual affair of the Baltimore A.D.A., is held as a memorial to Franklin Roosevelt. When Roosevelt Day dinners began 10 years ago, they were held on the late President's birthday, January 30. Now, however, the dinners are held whenever weather and speakers' scheduling permits.

Mr. Edwards said that the signs of deteriorating civil rights were the permissive draft reclassification

of Michigan students for holding an anti-draft sit-in; the feeling of mentoring on Vietnam demonstrations, to the internal security division of the Justice Department, and recent statements by J. Edgar Hoover and some congressmen charging that the anti-war movement is Communist-dominated.

Congressman Edwards, who is a former agent of the Federal Bureau of Investigation, urged the audience to take a stronger stand in protecting First Amendment freedoms.

He warned that if the voices of dissent were muted, as was anti-war agitation during World War I, meaningful steps toward peace would be more difficult when the conflict was over.

Victor Reuther Speaks

Another speaker last night was Victor G. Reuther, director of the international affairs department of the United Auto Workers and the brother of Walter Reuther, UAW president.

Mr. Reuther said that the Vietnam war "had warped and twisted America's image around the world because people like you haven't spoken out."

He said that there are not enough voices in this country proclaiming America's peaceful and humanitarian commitment in world affairs.

One guest at the banquet was the newly declared candidate for governor, Hyman A. Pressman, city comptroller, who before the dinner was busily distributing imitation dollars to the A.D.A. faithful.

The toy money, about the size of a theater ticket, had this slogan written on the back: "Make your tax dollar grow, vote for Hyman Pressman."

On the front of the bills was written "one hollar," flanked by the words (in small print) "janitor" and "stenographer."

Later that afternoon [REDACTED] came to the Bureau and was interviewed by SA Stukenbroeker, Crime Records Division. [REDACTED] identified himself as being [REDACTED]. He stated that Alameda County has over 1,000,000 population and is governed by a Board of Supervisors. [REDACTED] stated that he is deeply concerned about communist activities at the University of California. He stated that he had seen press comments about the Director's testimony before the Congress concerning communists at the University. In fact, the Director had stated that five faculty members and 38 individuals who were students or connected with the University in some capacity with subversive backgrounds had participated in the demonstrations. [REDACTED] wondered whether the Bureau could furnish him the identities of these individuals. He added that he desired to make some speeches in Alameda County and this information would be of assistance to him.

SA Stukenbroeker furnished [REDACTED] a copy of the Director's statement about student demonstrations at the University of California. [REDACTED] was told that the FBI could not furnish him with the identities of these individuals or in any way elaborate on Mr. Hoover's statement. [REDACTED] asked a number of other questions trying to gain additional information concerning the identities of the communists. However, he was told that he should stick strictly to Mr. Hoover's statement and not try to attribute anything additional to the FBI. At the conclusion of the interview he stated he thoroughly understood the FBI's position in not purposely identifying such individuals or making additional comments on the California situation. [REDACTED] was a very friendly individual who apparently has a good working knowledge of communist activities in his area. He keeps in close contact with the State of California committees investigating subversives at the University. He not only is familiar with school activities but also communists in the area who are not associated directly with the University.

[REDACTED] asked whether Congressman W. Donlan Edwards of California, a neighboring Congressman, was formerly a Special Agent of the FBI. After checking, SA Stukenbroeker told [REDACTED] that Edwards had served as an Agent from 1940 to 1941. [REDACTED] stated that he was highly disappointed in Edwards' record as a Congressman inasmuch as Edwards had voted against the House Un-American Activities Committee and generally taken a stand which, in [REDACTED] opinion, favored communist activities. When citizens challenged his record Edwards immediately replies that he served in the Bureau as a Special Agent. [REDACTED] stated that in his opinion Edwards was certainly not doing the Bureau and the country any good by his activities.

File 94-2-39725 reflects that [REDACTED] on April 23, 1965, called at the Director's reception room and asked to shake hands with Mr. Hoover. When advised of the Director's absence he was taken on a tour.

b6

Inasmuch as [REDACTED] may contact the San Francisco Office in the future it is felt we should advise that Office of his visit at the Bureau.

RECOMMENDATION:

That the attached letter be sent to San Francisco.

Courtney Evans called to state that in connection with his current assignment in Katzenbach's office, he was asked to call with reference to the following by the Attorney General:

He said that in connection with the trip that eight Congressmen were going to take to Alabama, they understood that the FBI, of course, could offer them no protection, but Katzenbach felt that we should tell the local offices and law enforcement officials of the plans of the Congressmen.

According to current information, eight Congressmen plan to go to Selma, Alabama, tomorrow, February 5, 1965, via Montgomery, Alabama. They will leave by plane at 8:00 a.m. and arrive at Montgomery at 11:32 a.m. From Montgomery they plan to drive by car to Selma. Their present plans are to be there for the day. The Congressmen who will make the trip are: John Conyers, Michigan; Charles C. Diggs, Jr., Michigan; Don Edwards, California; Augustus F. Hawkins, California; Jonathan Bingham, New York; James Scheuer, New York; Weston Vivian, Michigan; and Henry S. Reuss, Wisconsin.

ACTION TAKEN:

Dear Congressman:

I was shocked when I read your brief remarks on page 14991 of the Congressional Record for Thursday, July 14. It seems that once again you have forgotten my offer to talk with you and provide the facts concerning matters regarding the FBI in which you have an interest. Consequently, you once again have unjustly impugned the integrity of the FBI and its Director.

Had you inquired, I would have pointed out that the release of information concerning the Czechoslovakian attempt to "bug" the Department of State was made by State, and the FBI had neither control over nor influence in the timing of the release.

Your implication that Mr. Hoover (or anyone in the FBI) arranged for the Department of State release to "blanket" publicity regarding the statement by the Solicitor General is grossly unwarranted. Such unfounded remarks belie your comment to me last year that you have great respect for the FBI and Mr. Hoover.

By letter to the Director of 9-25-67 Congressman Don Edwards (D - California) advised he has read several reports in the press that there are no Negroes in Mississippi offices of the Justice Department. These reports are very unsettling to him particularly in light of the Federal Government's commitment to equal employment opportunities. He wonders if the Director can tell him if the reports are accurate. Edwards was a Special Agent from 12-16-40 to 12-27-41 when he voluntarily resigned. He is an extreme liberal who has distorted the facts and gone out of his way to attack the FBI. His son has been a civil rights worker in Mississippi. During the Summer of 1964, Edwards and his son slept one night in a house in a Negro district of McComb, Mississippi, which was ripped the following night by three bombs thrown from the street. [In recent years Edwards and his wife have had a number of contacts with persons of Russian and Satellite Embassies.] *1215X* (U)

We cannot speak for the rest of the Department; however, the Bureau does not have any Negro employees assigned in Mississippi. In view of Edwards' record, it is likely we could expect him to use a reply to that effect in a manner highly critical of the Bureau. It is believed we should simply tell him that while we cannot speak for the Department as a whole, FBI employees are assigned wherever the need for them is greatest. *cy*

We received a telephone call from the Personnel Section in the Department the afternoon of 10-5-67 to the effect that Congressman Don Edwards (D - California) has inquired as to the number of Negroes in the Mississippi Offices of the Justice Department. The Department desires to know whether we have any, is canvassing the other segments of the Department having offices in Mississippi and contemplates advising Edwards briefly as to what the situation is. The Personnel Section of the Department was advised a subsequent contact with the Department would be made on the matter. *cy*

The text of Edwards' letter to the Department as relayed by the Department sounds about the same as the one he directed to the Bureau 9-25-67 advising he has read several reports in the press that there are no Negroes in the Mississippi offices of the Justice Department. As pointed out in my memorandum of 9-28-67, Edwards was a Special Agent from 12-16-40 to 12-27-41 when he voluntarily resigned. My memorandum to you dated 10/17/67 outlined the proposed format for the graduation exercises of the 80th Session, FBI National Academy, on 11/1/67.

Among the items reported were the identities of members of Congress invited to the graduation exercises by the class. Don Edwards (D), Congressman from the Ninth District, California, was one of those invited. Mr. DeLoach noted "Edwards is one of our worst enemies," and the Director noted "Who invited him?"

Congressman Edwards was invited to the graduation exercises by class member Elmer Lee Klein, Chief of the Uniform Division, San Jose, California, Police Department. Congressman Edwards is from San Jose and that city is in his Congressional District. It should be noted that Chief Klein also invited Congressman Charles S. Gubser (R), Tenth District, California, to the graduation. Class members have been instructed to check with the offices of Congressmen and Senators they have invited to the graduation exercises to determine those planning to attend. If Edwards accepts the invitation, you are assured he will be shown no courtesies or special consideration.

Chief Klein comes from a Police Department headed by a National Academy graduate in good standing. He has an excellent academic record in the class and teaches police science part time at San Jose State College. His Chief of Police, during the investigation of this applicant, stated Klein is an excellent administrator and it is to be noted that he made a grade of 100 on the comprehensive examination covering police administration.

The expected colloquial on the House floor yesterday concerning the charges by Congressman William R. Anderson (D. - Tenn.) against the Director regarding his testimony about captioned group and Philip and Daniel Berrigan almost got lost in the rush to pass legislation attempting to prevent a railroad strike. Congressman Anderson did not take the floor to make his speech until 11 p.m. on 12-9-70, although he earlier had released his speech to the news media and United Press International carried a brief account of it yesterday about 5:30 p.m. He spoke for only five minutes when Congressman John M. Ashbrook (R. - Ohio) asked Anderson to yield for a comment. Ashbrook's request came after Anderson had stated the Director was practicing McCarthy tactics. Anderson refused to yield and Ashbrook then made a point of order that a quorum was not present, necessitating a quorum call of the House which took approximately 45 minutes. During this time Congressman Anderson, who had appeared extremely nervous while delivering his speech, was observed being counselled by House Liberals such as Congresswoman Patsy Mink (D. - Hawaii) and Congressman Andrew Jacobs (D. - Indiana). After the quorum call, Anderson returned to the microphone, asked for and received unanimous approval to include the remainder of his speech in the Record and promptly left the House Chambers.

Congressman Larry Hogan (R. - Maryland), who had obtained a special order immediately following Anderson's, then was recognized. He opened his remarks by chiding Anderson for circulating a letter to his colleagues inviting them to enter into a discussion regarding his charges and then refusing to yield so that a discussion could ensue. Hogan immediately was harassed by Congressman Jacobs who asked that he yield and then demanded a quorum call. He vacated his quorum call request shortly thereafter. Congressman Hogan, under very trying circumstances resulting from the "testy" attitude of members and the late hour, as well as obvious harassment by a few liberals, managed to speak for approximately 15 minutes during which time he specifically answered Anderson's two basic charges against the Director--that the Director had deprived the Berrigans of due process of law and that the Director was practicing McCarthy tactics.

M. A. Jones to Bishop Memo
Re: East Coast Conspiracy to Save Lives

At this point, approximately 11:55 p.m., conferees on the bill dealing with the railroad strike had returned to the House Chamber, and Congressman Hogan was asked if he would release the floor so this urgent piece of legislation could be disposed of. Hogan stated he would do so on condition that the remainder of his remarks could be placed in the Record and his several colleagues who also asked to speak on this matter would have the opportunity to put their views in the Record. This was agreed to.

Congressmen John Flynt (D-Ga.), Richard Ichord (D-Mo.), Dante Fascell (D-Fla), and Ed Edmondson (D-Okla.), who had remained throughout the long session to speak on this matter, promptly began writing out their remarks which were submitted to the desk for inclusion in the Record. Congressman Samuel Devine (R-Ohio) had been appointed one of the conferees on the railroad bill; hence, he was engaged in this activity during the proceedings precipitated by Anderson's remarks. He does, however, have an opportunity to submit his statement on this topic for later inclusion in the Record. Congressman H. Allen Smith (R-Cal.) who also remained throughout the long session to speak on the Anderson charges, advised Inspector Bowers as he left the Chamber around 12:15 a.m. that he planned to wait until he has an opportunity to read Anderson's full speech so he can prepare a more complete answer to it.

Although Anderson had circulated a letter among members of the House inviting them to participate in a discussion regarding his charges against the Director and in defense of the Berrigan brothers, it was apparent that no other member intended to speak in support of his views. In addition to the above-named Congressmen who had specifically told us they would speak in the Director's defense, several others on the floor indicated by their actions they would have spoken out had the situation arisen under circumstances allowing open discussion. The only other Congressman who actually did make any remarks concerning this matter was Congressman John Rooney (D-NY), who interrupted Congressman Hogan to state that he was astonished that any member of the Congress would visit two prisoners in a Federal prison as had Congressman Anderson.

Appropriate letters to those members of Congress who came to our defense in this regard are being sent through based on their remarks as they appear in the Congressional Record. The Congressional Record, received shortly after 9 a.m., reveals that Congressmen Abner Mikva (D-Ill), Ogden Reid (R-NY), and Don Edwards (D-Calif.) inserted remarks in the Record in support of Anderson. The Record also reveals that Anderson received unanimous consent for all members to have 5 legislative days in which to extend their remarks on the topic of his discussion.

(Code 173, Extension 584) called me to request information as to the number of Special Agents on the FBI-rolls on a full-man-year basis for fiscal years 1940, 1941, 1968 and 1969. She had previously called M. A. Jones, Crime Records Division, for information as to the total appropriations for these same years, which request was reported separately in a memorandum by Mr. Jones. In both instances she advised that the information was requested by a Member of Congress and their policy precluded identifying the congressman making the request.

[redacted] House Appropriations Committee, telephonically advised 11-19-69 that he had received a request from the office of Congressman Don Edwards, Democrat of California, who has been critical of the Bureau, asking for the above information on FBI appropriations and number of Special Agents on the rolls. [redacted] advised Edwards' office of the figures concerning appropriations which material is public information and readily available but declined to furnish the information on number of Special Agents since such is not readily available to him and [redacted] advised Edwards' office they could dig it out themselves from previous appropriations reports. Edwards' office indicated a request had been submitted to the Legislative Reference Service of the Library of Congress but no reply had been received as yet.

Honorable Don Edwards
House of Representatives
Washington, D. C. 20515

Dear Congressman:

Reference is made to your letter of August 6, 1971, concerning training offered by the Federal Bureau of Investigation in Police-Community Relations.

Since 1968, the topic of Police-Community Relations has been included in the FBI National Academy curriculum. Currently, we devote 42 hours to Police-Community Relations and directly related behavioral science subjects in the National Academy.

We have over 100 field police instructors, who have received specialized training, currently offering instruction in Police-Community Relations to local law enforcement agencies upon request. In addition, we have developed a highly specialized corps of instructors in the Training Division to handle requests for command level, regional and statewide schools.

The Bureau's course in Police-Community Relations has been certified by the State of California Commission on Police Officers Standards and Training (POST), Sacramento, California. Among those colleges awarding college credit for these courses are the University of California, Davis, California, and College of the Redwoods, Eureka, California.

Dear Mr. Director:

As part of its current study of the role of the federal government in community relations, the Civil Rights Oversight Subcommittee of the House Judiciary Committee is concerned with the subject of police-community relations as related to minority groups. In connection with further hearings on this subject, the Subcommittee would very much appreciate your furnishing us with certain information regarding the training programs which the Bureau conducts for local police officers.

Specifically, we would like to know what portion of the curriculum of these programs is devoted to the issue of police-community relations affecting minority groups and if this topic is not covered in the training courses, whether the FBI plans to include it in future curricula. If courses on this subject are included, we would like to receive outlines of the substance of these courses and copies of the standard lectures delivered as part of the courses.

Thank you for your assistance in this matter.

Sincerely,

Don Edwards

The 8/6/71 issue of the "Crime Control Digest," a news service publication for law enforcement put out in Washington, D. C., reported that Congressman Edwards, during a House Judiciary Subcommittee hearing on Big City Racial Tension, told Benjamin F. Holman, Director, Community Relations Service, U. S. Department of Justice, that the latter should be more militant in urging other branches of the Justice Department to do a better job (having reference to action to relieve racial tension). Edwards allegedly cited an FBI program of training local police at its Washington academy and told Holman "You should tell the FBI here you get captive cops in here to train them how to shoot guns and wine and dine them why don't you spend as much time and money in cooling off race relations."

Edwards wrote to the Bureau 8/6/71, as Chairman of the Civil Rights Oversight Committee, House Committee on the Judiciary, requesting information concerning FBI training programs in Police-Community Relations. Director noted "Keep your guard up as he is an ex-Agent and most hostile to the Bureau." A reply was sent to Edwards 8/10/71 pointing out that 42 hours of the National Academy curriculum are devoted to Police-Community Relations and related behavioral science subjects. We outlined what we are doing in this subject area in field police training and pointed out the Bureau's course in Police-Community Relations has been certified by the State of California Commission on Peace Officer Standards and Training and that a number of colleges have granted academic credit to those completing the course.

I do not think we should let Edwards get away with shooting off his mouth in such a vein. The Bureau long ago recognized the necessity for closer rapport between the police and the community and we have long included subjects designed to improve that relationship in our Field Police Training and National Academy programs. Edwards' statement, as reported, leaves the clear impression that training programs for police conducted at the FBI Academy deal principally with firearms and wining and dining. We should object and set the record straight.

RECOMMENDATION: That attached letter to Congressman Edwards be sent.

Dear Congressman:

The August 6, 1971, issue of the "Crime Control Digest," a news service publication for law enforcement, reported that you told Mr. Benjamin F. Holman, Director of the Community Relations Service, U. S. Department of Justice, that he should tell the FBI "here you get captive cops in here to train them how to shoot guns and wine and dine them why don't you spend as much time and money in cooling off race relations."

I should like to point out unequivocally that the several allegations in this statement are totally without foundation of fact. Law enforcement officers attending the FBI National Academy are not "captive cops" in any sense of the word; each attendee is nominated by the head of his agency and most wait several years for the opportunity to attend the Academy. Although the administration of a firearms training program is represented in our National Academy curriculum, my letter to you dated August 10, 1971, outlined the high priority given to Police-Community Relations and related subjects during training assistance extended by this Bureau to local law enforcement.

The "wine and dine" portion of your reported comment is absurd to anyone having even the slightest familiarity with FBI operating procedures. This allegation is almost unworthy of denial,

Dear Congressman:

Mr. Brennan has shown me your letter of December 7th concerning investigation by the FBI of the records of the Unitarian-Universalist Association.

As you are aware, this Bureau, at the specific request of the Assistant Attorney General, Internal Security Division, Department of Justice, is conducting an intensive investigation into the unauthorized disclosure of the "Pentagon papers." On October 28, 1971, a subpoena was issued by the Federal Grand Jury, Boston, Massachusetts, to obtain bank records of the Unitarian-Universalist Association and its affiliate, Beacon Press, which published Senator Gravel's edition of "The Pentagon Papers."

Pursuant to a request by attorneys of the Department of Justice, two Special Agents assisted bank personnel in a review of their records to expedite selection of items most responsive to the subpoena and to eliminate documents with no relevancy. These Agents did not make any notes regarding the bank records and did not prepare reports based on their review.

It is considered that the actions of this Bureau in the above matter have been entirely proper and were performed in response to a specific request by attorneys of the Department of Justice.

SUBJECT: (FIRST NAME UNKNOWN) [REDACTED]

SHERIFF'S DEPARTMENT - SUBJECT
NAGI DAIFULLAH - VICTIM
SUMMARY PUNISHMENT
CIVIL RIGHTS

DON EDWARDS

This matter concerns a Civil Rights investigation being conducted by our Sacramento Office into the circumstances of victim's death on 8/14/73, following an altercation with a member of the Kern County, California, Sheriff's Department.

On 8/17/73, a discussion was held with [REDACTED]

[REDACTED] Civil Rights Division (CRD), U. S. Department of Justice (USDJ), regarding this case. During the course of this discussion, [REDACTED] advised that Mr. Robert Murphy, Chief, Criminal Section, CRD, USDJ, had received a phone call earlier this date from Democratic U. S. Congressman Donald Edwards, 10th Congressional California District, who has spent some time in the Kern County, California, area, observing the current strike situation involving the United Farm Workers (UFW) and Teamsters Union. [REDACTED] stated he was informed by Mr. Murphy that Congressman Edwards had offered his opinion the local police agencies were not doing their jobs. Congressman Edwards made no reference to any specific incident but just made that general observation. In this connection, Congressman Edwards also stated he felt the Federal Bureau of Investigation was being hindered in its investigations of Civil Rights complaints by a lack of manpower and by a lack of Spanish speaking Agents. [REDACTED] stated he felt the remarks made by Congressman Edwards to Mr. Murphy were just observations and were in no way meant to be critical of the FBI.

On 8/17/73, Number One Man Joseph G. Kelly, Civil Rights Section, General Investigative Division, telephonically contacted Assistant Special Agent in Charge (ASAC) Theodore P. Rosack, Sacramento Office, to ascertain whether or not that office needed additional Agents to handle the Civil Rights cases arising out of the UFW and Teamsters Union confrontations in the Kern County area and also to determine if sufficient Spanish speaking Agents were available. ASAC Rosack advised

there has obviously been no delay in investigating any of the Civil Rights complaints arising in the Kern County situation other than that delay occasioned by the uncooperative attitude of UFW attorneys making available the location of the various witnesses to incidents that have allegedly occurred. As an example, ASAC Rosack cited the Civil Rights case which was received at the close of business 8/10/73 from FBI Headquarters involving the shooting of two UFW pickets. He stated that the results of this investigation were furnished to FBI Headquarters on the morning of 8/11/73. ASAC Rosack cited the captioned case as an example of the uncooperative attitude of the UFW attorneys in that the local District Attorney desires to conduct a murder investigation into captioned incident; however, the UFW attorneys have refused to make available to him the identities of the witnesses. The District Attorney has approached the Sacramento Office for the identities of these witnesses and he, in turn, was advised to contact the CRD, USDJ, for this information.

ASAC Rosack indicated that at the present time he feels he has sufficient personnel assigned to handle the investigations that have arisen and also feels that the two Spanish speaking Agents presently working in the area are adequate. He indicated that if there was a drastic increase in the number of investigations arising out of the Kern County situation that at that time they would reassess the manpower needs and would so advise the appropriate division at FBI Headquarters.

TOPICS OF INTEREST DISCUSSED AT
THE EXECUTIVES CONFERENCE

For your information, the last several weeks the Executives Conference has devoted its attention to the Congressional investigating committees and my testimony on February 27, 1975, before the Subcommittee on Civil Rights and Constitutional Rights of the Committee on the Judiciary, House of Representatives. In the near future a copy of Attorney General Levi's statement and my statement will be forwarded to you.

In addition, considerable discussion involved the General Accounting Office review of FBI operations. You have been forwarded material concerning this matter under the caption, "General Accounting Office, Review of FBI Operations."

At the Executives Conference meeting of March 6, 1975, a task force proposed by the Attorney General concerning information gathering and retention policies of the FBI was discussed. This is a result of the hearing on February 27, 1975, where Congressman Don Edwards pressed the Attorney General to adopt guidelines acceptable to the Committee in lieu of legislation.

The Attorney General has proposed a task force consisting of representatives from the Office of the Deputy Attorney General; Legal Counsel and Planning of the Department of Justice; two assistants from his own office and Assistant Director John Mintz. The Attorney General has proposed that several outside consultants, consisting of former Attorney Generals, former Special Prosecutors and members of the academic world meet concerning this

Late on 8/23/73, Jerome Zeifman, Chief Counsel of the House Committee on Judiciary, called to advise me of a telephone conversation he had just had with Congressman Edwards. He said Edwards is currently in California and has spent considerable time in the Kern County area where there is a great deal of unrest in connection with labor activities involving grape pickers. Several individuals have been killed or injured during this labor unrest.

Zeifman said that Edwards is very concerned that the investigations of this situation are not being handled properly. He said Edwards specifically expressed his concern that the publicly stated policy of former Acting Director Gray to the effect that outside Agents would be sent in to handle civil rights cases is not being followed in this instance. He said Edwards feels a number of Agents should be sent into the area from other FBI offices and that they specifically should be Agents with Spanish speaking ability. He said Edwards had commented that he recently had some contact with the Phoenix FBI Office and had been highly impressed with the competency of the number of Spanish speaking Agents available there.

Zeifman advised Edwards has visited the FBI Resident Agency office in the area where this labor problem is centered expressing his concern over these cases and also has communicated directly with the Department of Justice about this matter. He said Edwards feels his expressions of concern have not generated the proper response and Edwards is now suggesting that he be allowed to convene his Subcommittee on Civil Rights and Constitutional Rights of the House Committee on Judiciary to conduct hearings in California concerning the handling of these cases. Zeifman said at Edwards' request he has discussed this matter with [redacted] Deputy Assistant Attorney General for Legislative Affairs in the absence of Assistant Attorney General Mike McKevitt, and that he expects a response from [redacted] Zeifman said he was merely advising me so that the FBI would be aware of this situation.

Re: CONGRESSMAN DON EDWARDS
HANDLING OF CIVIL RIGHTS CASES
IN KERN COUNTY, CALIFORNIA

I told Zeifman that I was aware that Edwards had visited the resident agency. I also told him that the adequacy of personnel in the area has been considered by officials both in the field and here in Washington. He was thanked for advising us of Edwards' comments.

This matter was discussed with [redacted] who stated Edwards has been constantly agitating regarding the Kern County situation. b6 He advised that Senator Hubert Humphrey (D.-Minn.) also has gotten b7C into the act and sent a telegram to the Attorney General urging that a large force of personnel be sent into the area to handle the unrest that has resulted from the labor dispute. [redacted] was advised that a week ago we had inquired of the Sacramento FBI Field Office regarding the adequacy of personnel to handle civil rights complaints growing out of this situation in Kern County and were assured that there are sufficient personnel in the area to take care of the matter, including Spanish speaking Agents. He was advised that we have experienced some delays in handling the necessary investigation because of an uncooperative attitude on the part of attorneys representing the United Farm Workers.

The Civil Rights Section of the General Investigative Division advises we have had 23 civil rights cases referred to us as a result of the situation in Kern County, about half of which are preliminary types.

It is not new or unusual for Congressman Edwards to be critical of the FBI with respect to the handling of civil rights matters. He has done so consistently and with this situation being in his home area, it is natural that he will make every effort to take advantage of the publicity potential. Congressman Edwards does not represent Kern County, however. Kern County is divided between two congressional districts. One is represented by Congressman Robert B. Mathias and the other by Congressman William M. Ketchum, both Republicans.

On 6-27-75, Alan Parker, Chief Counsel, House Subcommittee on Civil and Constitutional Rights called Inspector [redacted] and advised that Chairman Don Edwards would like to visit the FBI Training Academy at Quantico, Virginia, sometime during the week of 6-30 - 7-4-75.

Because of the oversight responsibilities of his Subcommittee for the FBI, Parker said, Mr. Edwards feels it is important that he have a good understanding of all aspects of the Bureau's work, including our training activities. Mr. Edwards wants a general tour of the facilities and would like to meet informally with students and members of the staff. Parker thought Edwards would probably spend the entire day at Quantico and would be accompanied by Mr. Parker and [redacted] for the Subcommittee.

Assistant Director, William M. Mooney, advised that a visit by Chairman Edwards during the current week would not interfere with any ongoing training programs and that appropriate personnel are available for tour and general briefing on the training programs.

RECOMMENDATION:

That Legal Counsel Division contact Mr. Parker and make appropriate arrangements, including transportation, for a tour of the facilities at Quantico by Chairman Edwards.

The Honorable Edward H. Levi
 Attorney General of the United States
 Department of Justice
 Washington, D. C. 20530

Dear Mr. Attorney General:

Mr. William A. Sullivan, former Assistant Director of the Federal Bureau of Investigation, appeared on "Face the Nation" Sunday, July 6, 1975. It was stated by Mr. Sullivan during the telecast that he appeared with the clearance of the Director of the FBI, Mr. Kelley.

During the course of this interview, Mr. Sullivan defended the COINTELPRO's, their purpose and implementation. He also referred to break-ins -- "in the national intelligence field." (I am enclosing a copy of the transcript of this program, so Mr. Sullivan's comments can be seen in their original context.)

I believe Mr. Sullivan's defense of COINTELPRO is contrary to testimony before my Subcommittee by Mr. Kelley and yourself. I would like to be ~~ST-117~~ whether Mr. Kelley's approval of Mr. Sullivan's appearance connotes approval of his statements regarding the COINTEL operations?

Further, I would like to be informed of the truth of statements that warrantless and/or surreptitious entries are being or have been effected by the FBI in the national intelligence field. I use the phrase "national intelligence field," as it was used by Mr. Sullivan on the program, although I am not sure what the extent of that phrase means.

year and these figures are attributed to the FBI. He also noted that he had heard that it was Soviet policy to severely limit the number of seamen allowed to leave Soviet ships while in United States ports because of a fear on the part of the Soviet government of defections of their seamen. Congressman Edwards went on to say that the above two statements appeared to be conflicting, but suggested that they may be reconcilable and requested this Bureau's advice on the matter. (U)

The Congressman's statistics are approximately correct concerning the number of Soviet seamen visiting the United States each year. In so far as we can determine, he is not correct in his statement that this information was publicly attributed to the FBI. INTD does, as you know, have an investigative program regarding Soviet seamen visiting this country. The program includes the use of undercover Agents and has been successful in that we have recruitments-in-place furnishing foreign counterintelligence information of value. This program is classified as is our other foreign counterintelligence efforts directed against the Soviets. Because of the classified nature of the topic under consideration, INTD believes that we could best respond to Congressman Edwards' questions in an oral manner, as opposed to a written response. ~~(S)~~ (U)

By appointment, Section Chief Eugene C. The Congressman was given the background of the U.S. shipping agreement with the USSR, ports which are opened and figures concerning the number of Soviet ships entering U.S. ports during the past calendar year and an approximation as to the number of crewmen holding visas. It was suggested that the information about Soviet policy to limited shore leave may have originated from an article by Jack Anderson 11/24/77 and that the FBI experience did not substantiate this. To the contrary, large numbers are given shore leave and they are observed making purchases of merchandise such as calculators, radios, pens and pencils, watches, etc. In response to a question by the Congressman as to how we contend with this large number of potential agents, he was informed that we are working toward a computer capability to assist us which he agreed was a logical approach. Once again I am indebted to you for your actions and support of the FBI and me personally. FBI CHIEF ACTS TO SUSTAIN MORALE, REGAIN PUBLIC TRUST

HON. DON EDWARDS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, January 15, 1979

Mr. EDWARDS of California. Mr. Speaker, I want to commend to my colleagues the remarks of Chief Joseph D. McNamara, chief of police for San Jose, Calif., on the recent decision of FBI Director William Webster to fire two supervisors for their roles in illegal surveillance of the Weather Underground in the early 1970's. The thoughts expressed are even-handed and incisive.

The remarks follow:

[From the San Jose (Calif.) Mercury, Dec. 13, 1978]

FBI CHIEF ACTS TO SUSTAIN MORALE, REGAIN PUBLIC TRUST

(By Joseph D. McNamara)

Recently, FBI Director William Webster announced that two FBI supervisors would be fired and another demoted for their roles in illegal surveillance of the Weather Underground in the early 1970s. He also disclosed that no action would be taken against 58 street agents involved in the break-ins, wire-tappings, and mail openings in the investigation.

Webster confided to associates that it was the most difficult decision he had made as director. There is no doubt that his actions have put him squarely in the middle of controversy.

The Weather Underground was a self-proclaimed revolutionary group active in the late 1960s and early 1970s. The group claimed responsibility for a series of bombings including those at the Pentagon and the Capitol. Five suspected members were arrested a year ago by FBI agents, but eight or nine are still fugitives.

Now, Webster is being attacked for not supporting FBI anti-terrorist actions during a crisis. Simultaneously, others accuse him of condoning illegal activities for not taking action against the 58 street agents. His no win position becomes evident when examining the strong views held by both sides.

For example, last year hundreds of active and retired agents picketed, signed petitions, and helped raise legal defense funds for those agents accused of misconduct. These unprecedented actions by FBI personnel are strongly supported by many in local law enforcement with memories of the Weathermen threat and pressure on the FBI to counteract the terrorist bombings. Many Americans with little sympathy for terrorist groups can also be expected to oppose the firings and demotion.

On the other side are FBI critics disturbed by revelations of questionable Bureau activities against Dr. Martin Luther King, anti-war and civil rights groups during the 1960s. Many in this camp have strongly demanded prosecution and discipline for what they believe to be unauthorized and illegal acts by FBI personnel.

Both sides should ponder some historical facts before judging Director Webster. Those opposing any discipline would do well to recall that classical revolutionary theory counts on an overreaction by authority which lessens public respect for government and enhances the ability of the revolutionary movement to gather new recruits and sympathizers. Those disciplined, in Webster's view, failed in their supervisory responsibility

E 26

CONGRESS

ties to prevent overreaction. Webster also cited some of their answers during the investigation as "unworthy of belief," "evasive," or "inconsistent."

Those crying cover-up might consider the fact that FBI agents are charged with protecting the civil rights of Americans. Depriving them of their rights to due process is hardly the way to motivate them to protect and respect our rights.

Director Webster was correct in not making 58 street agents scapegoats. Punishing them for following orders without any showing of unlawful intent or knowledge would be unfair. Those giving the orders obviously should have known better.

Since his appointment, Webster has asked Congress to provide the FBI with a charter delineating the Bureau's authority. The charter would eliminate doubt about the legality of FBI activities. Agents would know whether or not they were receiving a legal order to be obeyed or one to be questioned or refused.

Director Webster enjoys a well-deserved reputation for fairness and integrity. In October, he addressed the International Association of Chiefs of Police, calling for support of affirmative action in law enforcement. It was a courageous speech which produced a favorable and timely response from an association often characterized as opposed or indifferent to affirmative action.

His disciplinary actions displayed the same kind of courage and concern for credibility in law enforcement. The country needs an FBI that it can be proud of, an agency above reproach. Bill Webster's decision to give 58 street agents the benefit of the doubt reveals his support for FBI personnel trying in good faith to do their jobs. The firings and demotion show his determination that the FBI shall be worthy of the public trust without which it cannot succeed. He deserves our support.

During the morning of 1/14/81, Congressman Don Edwards, Chairman of the House Subcommittee on Civil and Constitutional Rights, contacted SA Emil Moschella, Office of Congressional and Public Affairs, in order to ascertain the identity of the FBI official knowledgeable regarding current FBI records destruction regulations. Memorandum R. P. Finzel to Mr. Colwell
INQUIRY BY CONGRESSMAN DON EDWARDS
REGARDING FBI RECORDS DESTRUCTION REGULATIONS

"Times" regarding the destruction of COINTELPRO material contained in FBI records. Congressman Edwards advised that the "Los Angeles Times" apparently was preparing an article on the COINTELPRO and the fact that the FBI had not, as a matter of policy, destroyed COINTELPRO material contained in FBI files had surfaced. Congressman Edwards requested a brief summary of current FBI records destruction regulations. SA Scherrer pointed out to Congressman Edwards that, at present, all previously approved National Archives and Records Service (NARS) destruction of FBI investigative records has been suspended since 1/10/80, based on an Opinion and Order of U. S. District Judge Harold Greene on the same date. Additionally, SA Scherrer explained to Congressman Edwards that it would be necessary for NARS to conduct an extensive re-appraisal of FBI records holdings, both at FBIHQ and the field, in order to develop new retention schedules for submission to Judge Greene for his review and approval. SA Scherrer also called Congressman Edwards' attention to the fact that the vast majority of COINTELPRO material contained in FBI records is filed in security classifications and that no FBI records in these classifications had been destroyed since 1/16/78, based on a self-imposed FBI moratorium on destruction of such material due to the discovery proceedings in the Felt, Gray, Miller cases. SA Scherrer also explained to Congressman Edwards that, based on the Attorney General's instruction of 6/6/77, all FBI files and records related to pending litigation, Congressional interest or FOIPA requests have not been destroyed. In conclusion, SA Scherrer emphasized to Congressman Edwards that the FBI had not promulgated a policy of not destroying COINTELPRO material contained in our files.

Congressman Edwards expressed his appreciation for the information provided and indicated he would re-contact SA Scherrer through the Office of Congressional and Public Affairs should additional questions arise.

Prior to the Board meeting, Congressman James Sensenbrenner, Jr., minority member of the House Judiciary Subcommittee on Civil and Constitutional Rights, requested an opportunity to address the Board. Scheduling difficulty prevented his addressing the entire Board, but he did meet with those members present on October 3, 1983. The following is a summary of that meeting:

- o He desired to speak to the Board members in order to set the record straight.
- o That the views of Congressman Edwards are not the views of Congress as a whole, the House Judiciary Committee, nor even necessarily those of the Subcommittee on Civil and Constitutional Rights. Congressman Edwards is representative of a very small minority.
- o That he would support the development of investigative applications for the NCIC System.
- o That Board members take a proactive approach in informing Members of Congress as to the benefits of NCIC as a whole, as well as the benefits of the proposed applications.
- o That he is especially interested in the development of a terrorist application prior to the 1984 Olympics.

MEMO TO FILE

RE: MEETING WITH CONGRESSMAN EDWARDS

The following items were discussed today.

1. Computer crime legislation - Congressman Edwards believes that such legislation is inevitable and probably desirable if narrowly focused. He was of the view that it will not have the emotional issues which were present during the Missing Children legislation and, therefore, could be more rationally considered.

2. Senior Executive Service - I explained that we were in the final stages of drafting a form of parallel senior executive service for FBI and DEA Agents which would track the Civil Service System closely and would materially help our career program. Congressman Edwards thought this was a good idea and would help the FBI. I told him we would be back to him when we were in general consensus with the Department.

3. NCIC - Congressman Edwards expressed some general concerns about expanding NCIC beyond public record information. I reviewed the need for the Secret Service file based upon possibly Secret Service statutory responsibility to protect the President. He felt there would be tremendous push to put terrorist information into NCIC. I told him the Committee had a number of proposals and were currently evaluating them. I share some of the Congressman's concerns about maintaining a principled approach to what goes in the NCIC files.

4. GREYLORD - The New York Times article this morning mentions the GREYLORD investigation along with other problems in Chicago. I told the Congressman that this investigation had been an extremely sensitive one and that we had followed it closely from the beginning and had insisted on a number of precautions which will make it a different kind of situation from the Cleveland case. Specifically, I told him that we had worked in close association with the United States Attorney, with the Department of Justice and had kept certain high-ranking officials

in Illinois generally informed of the investigation. I told him that we had given the Senate's ABSCAM report to Chicago for purposes of analyzing the predication and other standards of investigation in the GREYLORD case and that this predication had been re-reviewed at Headquarters. The purpose of my discussing this was, as I told him, because I anticipated defense counsel would mount an assault on the Government as the best defense and I wanted him to know that we believe we were more than ready to meet the challenges.

It was a very useful meeting and we both agreed that it would be helpful to put them on a regular periodic basis.

The Honorable Edwin Meese III
 Attorney General of the United States
 Department of Justice
 Washington, D.C. 20530

Dear Mr. Attorney General:

I am writing with respect to recent statements in press releases and at news conferences by Department of Justice officials discussing the details of pending criminal charges before trial. These extrajudicial statements often describe the charges as proven fact, offer opinion on the character of the defendants, or imply a belief in the guilt of the accused. This practice, which began before you took office as Attorney General, threatens to deprive defendants of the presumption of innocence.

Our entire criminal justice system is based on that presumption. Arrest warrants and indictments contain only accusations, which the government must prove through evidence submitted to a court or jury. Extrajudicial statements by persons associated with the prosecution (or defense) of a criminal case should include only incontrovertible, factual matters, and should not include subjective observations. Certain types of information that tend to create dangers of prejudice without serving a significant law enforcement function should not be disclosed.

These principles have been embodied in a Department statement of policy covering all personnel. 28 C.F.R. §50.2. They are also reflected in the ABA's Code of Professional Responsibility, which is binding on most lawyers in your Department and has been adopted by local rule in many courts.

It appears, however, that Department of Justice and FBI officials no longer feel bound by these principles. Press releases, news conferences, and attributed and unattributed statements to the press freely discuss the unproven details of pending cases and regularly violate limitations on pretrial publicity. The most frequently ignored rule is the bar against

statements indicating a belief in the guilt of the accused. Often there is a disturbing discrepancy between what is said immediately following an arrest or indictment and what is proved at trial. I am enclosing a list of some specific examples of recent improper statements by federal officials.

This problem was illustrated in the case against John A. Walker, Jr., where the trial judge actually issued an order restraining FBI Assistant Director William Baker from making any further extrajudicial statements in violation of Rule 16 of the U.S. District Court in Maryland. (Rule 16 adopts the limitations of Disciplinary Rule 7-107 in the ABA's Code of Professional Responsibility.)

Law enforcement cannot be conducted by news conference and press release. The media techniques that are exploited in other areas of public policy are inappropriate to criminal justice. Self-congratulatory press releases on specific cases are not only undignified, they erode the presumption of innocence and may infringe upon constitutional guarantees of a fair trial.

I am sure that you are sensitive to these issues. I hope you will take immediate steps to ensure that Department personnel adhere to prevailing standards on fair trial and free press. I look forward to hearing from you on this matter.

Sincerely,

Don Edwards

§ 50.2 Release of information by personnel of the Department of Justice relating to criminal and civil proceedings.

(a) *General.* (1) The availability to news media of information in criminal and civil cases is a matter which has become increasingly a subject of concern in the administration of justice. The purpose of this statement is to formulate specific guidelines for the release of such information by personnel of the Department of Justice.

(2) While the release of information for the purpose of influencing a trial is, of course, always improper, there are valid reasons for making available to the public information about the administration of the law. The task of striking a fair balance between the protection of individuals accused of crime or involved in civil proceedings with the Government and public understandings of the problems of controlling crime and administering government depends largely on the exer-

cise of sound judgment by those responsible for administering the law and by representatives of the press and other media.

(3) Inasmuch as the Department of Justice has generally fulfilled its responsibilities with awareness and understanding of the competing needs in this area, this statement, to a considerable extent, reflects and formalizes the standards to which representatives of the Department have adhered in the past. Nonetheless, it will be helpful in ensuring uniformity of practice to set forth the following guidelines for all personnel of the Department of Justice.

(4) Because of the difficulty and importance of the questions they raise, it is felt that some portions of the matters covered by this statement, such as the authorization to make available Federal conviction records and a description of items seized at the time of arrest, should be the subject of continuing review and consideration by the Department on the basis of experience and suggestions from those within and outside the Department.

(b) Guidelines to criminal actions.

(1) These guidelines shall apply to the release of information to news media from the time a person is the subject of a criminal investigation until any proceeding resulting from such an investigation has been terminated by trial or otherwise.

(2) At no time shall personnel of the Department of Justice furnish any statement or information for the purpose of influencing the outcome of a defendant's trial, nor shall personnel of the Department furnish any statement or information, which could reasonably be expected to be disseminated by means of public communication, if such a statement or information may reasonably be expected to influence the outcome of a pending or future trial.

(3) Personnel of the Department of Justice, subject to specific limitations imposed by law or court rule or order, may make public the following information:

(i) The defendant's name, age, residence, employment, marital status, and similar background information.

Department of Justice

(ii) The substance or text of the charge, such as a complaint, indictment, or information.

(iii) The identity of the investigating and/or arresting agency and the length or scope of an investigation.

(iv) The circumstances immediately surrounding an arrest, including the time and place of arrest, resistance, pursuit, possession and use of weapons, and a description of physical items seized at the time of arrest.

Disclosures should include only incontrovertible, factual matters, and should not include subjective observations. In addition, where background information or information relating to the circumstances of an arrest or investigation would be highly prejudicial or where the release thereof would serve no law enforcement function, such information should not be made public.

(4) Personnel of the Department shall not disseminate any information concerning a defendant's prior criminal record.

(5) Because of the particular danger of prejudice resulting from statements in the period approaching and during trial, they ought strenuously to be avoided during that period. Any such statement or release shall be made only on the infrequent occasion when circumstances absolutely demand a disclosure of information and shall include only information which is clearly not prejudicial.

(6) The release of certain types of information generally tends to create dangers of prejudice without serving a significant law enforcement function. Therefore, personnel of the Department should refrain from making available the following:

(i) Observations about a defendant's character.

(ii) Statements, admissions, confessions, or alibis attributable to a defendant, or the refusal or failure of the accused to make a statement.

(iii) Reference to investigative procedures such as fingerprints, polygraph examinations, ballistic tests, or laboratory tests, or to the refusal by the defendant to submit to such tests or examinations.

(iv) Statements concerning the identity, testimony, or credibility of prospective witnesses.

(v) Statements concerning evidence or argument in the case, whether or not it is anticipated that such evidence or argument will be used at trial.

(vi) Any opinion as to the accused's guilt, or the possibility of a plea of guilty to the offense charged, or the possibility of a plea to a lesser offense.

(7) Personnel of the Department of Justice should take no action to encourage or assist news media in photographing or televising a defendant or accused person being held or transported in Federal custody. Departmental representatives should not make available photographs of a defendant unless a law enforcement function is served thereby.

(8) This statement of policy is not intended to restrict the release of information concerning a defendant who is a fugitive from justice.

(9) Since the purpose of this statement is to set forth generally applicable guidelines, there will, of course, be situations in which it will limit the release of information which would not be prejudicial under the particular circumstances. If a representative of the Department believes that in the interest of the fair administration of justice and the law enforcement process information beyond these guidelines should be released, in a particular case, he shall request the permission of the Attorney General or the Deputy Attorney General to do so.

(c) *Guidelines to civil actions.* Personnel of the Department of Justice associated with a civil action shall not during its investigation or litigation make or participate in making an extrajudicial statement, other than a quotation from or reference to public records, which a reasonable person would expect to be disseminated by means of public communication if there is a reasonable likelihood that such dissemination will interfere with a fair trial and which relates to:

(1) Evidence regarding the occurrence or transaction involved.

(2) The character, credibility, or criminal records of a party, witness, or prospective witness.

(3) The performance or results of any examinations or tests or the refusal or failure of a party to submit to such.

(4) An opinion as to the merits of the claims or defenses of a party, except as required by law or administrative rule.

(5) Any other matter reasonably likely to interfere with a fair trial of the action.

(28 U.S.C. 509)

[Order No. 469-71, 36 FR 21028, Nov. 3, 1971, as amended by Order No. 602-75, 40 FR 22119, May 20, 1975]

§ 50.3 Guidelines for the enforcement of Title VI, Civil Rights Act of 1964.

(a) Where the heads of agencies having responsibilities under Title VI of the Civil Rights Act of 1964 conclude there is noncompliance with regulations issued under that title, several alternative courses of action are open. In each case, the objective should be to secure prompt and full compliance so that needed Federal assistance may commence or continue.

(b) Primary responsibility for prompt and vigorous enforcement of Title VI rests with the head of each department and agency administering programs of Federal financial assistance. Title VI itself and relevant Presidential directives preserve in each agency the authority and the duty to select, from among the available sanctions, the methods best designed to secure compliance in individual cases. The decision to terminate or refuse assistance is to be made by the agency head or his designated representative.

(c) This statement is intended to provide procedural guidance to the responsible department and agency officials in exercising their statutory discretion and in selecting, for each noncompliance situation, a course of action that fully conforms to the letter and spirit of section 602 of the Act and to the implementing regulations promulgated thereunder.

I. ALTERNATIVE COURSES OF ACTION

A. ULTIMATE SANCTIONS

The ultimate sanctions under Title VI are the refusal to grant an application for assistance and the termination of assistance being rendered. Before these sanctions may

be invoked, the Act requires completion of the procedures called for by section 602. That section requires the department or agency concerned (1) to determine that compliance cannot be secured by voluntary means, (2) to consider alternative courses of action consistent with achievement of the objectives of the statutes authorizing the particular financial assistance, (3) to afford the applicant an opportunity for a hearing, and (4) to complete the other procedural steps outlined in section 602, including notification to the appropriate committees of the Congress.

In some instances, as outlined below, it is legally permissible temporarily to defer action on an application for assistance, pending initiation and completion of section 602 procedures—including attempts to secure voluntary compliance with Title VI. Normally, this course of action is appropriate only with respect to applications for noncontinuing assistance or initial applications for programs of continuing assistance. It is not available where Federal financial assistance is due and payable pursuant to a previously approved application.

Whenever action upon an application is deferred pending the outcome of a hearing and subsequent section 602 procedures, the efforts to secure voluntary compliance and the hearing and such subsequent procedures, if found necessary, should be conducted without delay and completed as soon as possible.

B. AVAILABLE ALTERNATIVES

1. Court Enforcement

Compliance with the nondiscrimination mandate of Title VI may often be obtained more promptly by appropriate court action than by hearings and termination of assistance. Possibilities of judicial enforcement include (1) a suit to obtain specific enforcement of assurances, covenants running with federally provided property, statements of compliance or desegregation plans filed pursuant to agency regulations, (2) a suit to enforce compliance with other titles of the 1964 Act, other Civil Rights Acts, or constitutional or statutory provisions requiring nondiscrimination, and (3) initiation of, or intervention or other participation in, a suit for other relief designed to secure compliance.

The possibility of court enforcement should not be rejected without consulting the Department of Justice. Once litigation has been begun, the affected agency should consult with the Department of Justice before taking any further action with respect to the noncomplying party.

Department of Justice

2. Administrative Action

A number of effective alternative courses not involving litigation may also be available in many cases. These possibilities include (1) consulting with or seeking assistance from other Federal agencies (such as the Contract Compliance Division of the Department of Labor) having authority to enforce nondiscrimination requirements; (2) consulting with or seeking assistance from State or local agencies having such authority; (3) bypassing a recalcitrant central agency applicant in order to obtain assurances from, or to grant assistance to, complying local agencies; and (4) bypassing all recalcitrant non-Federal agencies and providing assistance directly to the complying ultimate beneficiaries. The possibility of utilizing such administrative alternatives should be considered at all stages of enforcement and used as appropriate or feasible.

C. INDUCING VOLUNTARY COMPLIANCE

Title VI requires that a concerted effort be made to persuade any noncomplying applicant or recipient voluntarily to comply with Title VI. Efforts to secure voluntary compliance should be undertaken at the outset in every noncompliance situation and should be pursued through each stage of enforcement action. Similarly, where an applicant fails to file an adequate assurance or apparently breaches its terms, notice should be promptly given of the nature of the noncompliance problem and of the possible consequences thereof, and an immediate effort made to secure voluntary compliance.

II. PROCEDURES

A. NEW APPLICATIONS

The following procedures are designed to apply in cases of noncompliance involving applications for one-time or noncontinuing assistance and initial applications for new or existing programs of continuing assistance.

1. Where the Requisite Assurance Has Not Been Filed or is Inadequate on its Face.

Where the assurance, statement of compliance or plan of desegregation required by agency regulations has not been filed or where, in the judgment of the head of the agency in question, the filed assurance falls on its face to satisfy the regulations, the agency head should defer action on the application pending prompt initiation and completion of section 602 procedures. The applicant should be notified immediately and attempts made to secure voluntary compliance. If such efforts fail, the applicant should promptly be offered a hearing for the purpose of determining whether an adequate assurance has in fact been filed.

If it is found that an adequate assurance has not been filed, and if administrative alternatives are ineffective or inappropriate and court enforcement is not feasible, section 602 procedures may be completed and assistance finally refused.

2. Where it Appears that the Field Assurances Are Untrue or Are Not Being Honored.

Where an otherwise adequate assurance statement of compliance, or plan has been filed in connection with an application for assistance, but prior to completion of the application the head of the agency in question has reasonable grounds, based on substantiated complaint, the agency investigation, or otherwise, to believe the representations as to compliance with some material respect untrue or a being honored, the agency head may action on the application pending initiation and completion of section 602 procedures. The applicant should be notified immediately and attempts made to secure voluntary compliance. If such efforts and court enforcement is determined ineffective or inadequate, a hearing should be promptly initiated to determine whether in fact, there is noncompliance.

If noncompliance is found, and if administrative alternatives are ineffective or inappropriate and court enforcement is not feasible, section 602 procedures may be completed and assistance finally refused.

The above-described deferral and compliance procedures would normally be appropriate in cases of an application for noncontinuing assistance. In the case of initial application for a new or existing program of continuing assistance, deferral would often be less appropriate because of the opportunity to secure full compliance during the life of the assistance program. In those cases in which the agency does defer action on the application, the applicant should be given prompt notice of asserted noncompliance; funds should be paid out for short periods only, without long-term commitment of assistance; and the applicant advised that acceptance of the funds carries an enforceable obligation of nondiscrimination and the risk of revocation of severe sanctions, if noncompliance in fact is found.

B. REQUESTS FOR CONTINUATION OR RENOVATION OF ASSISTANCE

The following procedures are designed to apply in cases of noncompliance in all submissions seeking continuation or renewal under programs of continuing assistance.

In cases in which commitments for financial assistance have been made prior to the effective date of Title VI regulations and funds have not been fully disbursed,

RULE 16
RELEASE OF INFORMATION BY ATTORNEYS
IN CRIMINAL CASES

It is the duty of the lawyer not to release or authorize the release of information or opinion for dissemination by any means of public communication, in connection with pending or imminent criminal litigation with which he is associated, if there is a reasonable likelihood that such dissemination will interfere with a fair trial or otherwise prejudice the due administration of justice. As used in this rule, the word "lawyer" includes his partner, member of his firm, associate, employee or agent.

With respect to a grand jury or other pending investigation of any criminal matter, a lawyer participating in the investigation shall refrain from making any extrajudicial statement, for dissemination by any means of public communication, that goes beyond the public record or that is not necessary to inform the public that the investigation is underway, to describe the general scope of the investigation, to obtain assistance in the apprehension of a suspect, to warn the public of any dangers, or otherwise to aid in the investigation. (Added 3/29/69)

From the time of arrest, issuance of an arrest warrant or the filing of a complaint, information, or indictment in any criminal matter until the commencement of trial or disposition without trial, a lawyer associated with the prosecution or defense shall not release or authorize the release of any prejudicial statement, for dissemination by any means of public communication, relating to that matter and concerning: (Added 3/29/69)

- (1) The prior criminal record (including arrests, indictments, or other charges of crime), or the character or reputation of the accused, except that the lawyer may make a factual statement of the accused's name, age, residence, occupation, and family

- (2) The existence of or contents of any confession, admission, or statement given by the accused, or the refusal or failure of the accused to make any statement;
- (3) The performance of any examinations or tests or the accused's refusal or failure to submit to an examination or test; (Added 3/29/69)
- (4) The identity, testimony, or credibility of prospective witnesses, except that the lawyer may announce the identity of the victim if the announcement is not otherwise prohibited by law; (Added 3/29/69)
- (5) The possibility of a plea of guilty to the offense charged or a lesser offense; (Added 3/29/69)
- (6) Any opinion as to the accused's guilt or innocence or as to the merits of the case or the evidence in the case. (Added 3/29/69)

The foregoing shall not be construed to preclude the lawyer during this period, in the proper discharge of his official or professional obligations, from announcing the fact and circumstances of arrest (including time and place of arrest, resistance, pursuit, and use of weapons), the identity of the investigating and arresting officer or agency, and the length of the investigation; from making an announcement, at the time of seizure of any physical evidence other than a confession, admission or statement, which is limited to a description of the evidence seized; from disclosing the nature, substance, or text of the charge, including a brief description of the offense charged; from quoting or referring without comment to public records of the court in the case; from announcing the scheduling or result of any stage in the judicial process; from requesting assistance in obtaining evidence; or from announcing without further comment that the accused denies the charges made against him. (Added 3/29/69)

During the a jury trial of any criminal matter, including the period of selection of the jury, no lawyer associated with the prosecution or defense shall give or authorize any extrajudicial statement or interview, relating to the trial or the parties or issues in the trial, for dissemination by any means of public communication, except that the lawyer may quote from or refer without comment to public records of the court in the case.

~~After the completion of a trial or disposition without trial of any criminal matter, and prior to the imposition of sentence, a lawyer associated with the prosecution or defense shall refrain from making or authorizing any extrajudicial statement for dissemination by any means of public communication if there is a reasonable likelihood that such dissemination will affect the imposition of sentence.~~

Honorable Don Edwards

Washington, D. C.

Dear Chairman Edwards:

This letter responds to your expressed concerns about extrajudicial statements made by Justice Department personnel during news releases and press conferences.

The Department of Justice (DOJ) respects and joins you in your interest for justice and fairness and respectfully submits that we will continue, in furtherance of this interest, to act in a responsible manner when dealing with the news media on matters of public interest. The DOJ and FBI, in accepting responsibility to individuals and society, follows the guidelines set forth in the Code of Federal Regulations and the American Bar Association's Code of Professional Responsibility, when considering the vast amount of fast breaking information that is prepared for release, through trained FBI and Justice Department spokesmen.

The various guidelines a Government agency like the FBI must follow before releasing information to the news media are unquestionably open to interpretation. FBI officials are continuously made aware of the guidelines and the FBI's position not to disclose prohibited extrajudicial information concerning individuals. To my knowledge, there has never been a situation in which an FBI official willfully disobeyed the standards set forth in the guidelines. However, should a violation occur, there appears to be adequate recourse and procedures to address the wrongdoing through the organization's internal policies and the judicial system.

2 JAN 5 1987

I am unaware of any FBI case in which statements issued to the news media resulted in a judicial determination that such statements prejudiced the Justice Department's prosecution or the defendant's right to a fair trial. In addition, I know of no FBI official who has ever been found in contempt of a court order by a magistrate or Federal judge for comments made to the media.

FBI/DOJ

Honorable Don Edwards

In your letter expressing concern about extrajudicial statements you list several examples which you consider to be in violation of the Code of Federal Regulations (CFR) and the American Bar Association's (ABA) Code of Professional Responsibility. I will not debate such conclusions and appreciate you bringing them to our attention. The application of the regulations to specific cases is, of course, a matter open to interpretation. On rare occasions, a technical violation may occur. However, I can assure you it will not happen because of a reckless or casual approach to our duties. I know you appreciate the difficult task of balancing the legitimate interest of the public to be informed and the rights of the accused, especially in a fast breaking and complex criminal investigation.

I want to assure you that the FBI's entire Public Affairs Program stresses accountability and responsibility - accountability for the accuracy of releases made to the media, and responsibility by having the spokesman identified. The FBI's continuing media program stresses the need to respect a defendant's right to a fair trial. Through this proactive effort, I am confident that the FBI will continue to make responsible comments on matters of public interest.

Sincerely,

John R. Bolton
Assistant Attorney General
Office of Legislative Affairs

NOTE: The statement in the first sentence of paragraph 4 of this letter is based on conversations with the Legal Counsel Division, the Inspection Division (OPR), the Press Office and the Administrative Services Division (Administrative Summary Unit).

FEDERAL GOVERNMENT

LETTER OF COMPLAINT FROM CONGRESSMAN DON EDWARDS, DATED
NOVEMBER 22, 1985, CONCERNING EXTRAJUDICIAL STATEMENTS
TO THE NEWS MEDIA BY THE DEPARTMENT OF JUSTICE (DOJ)
AND THE FBI

ACTION MEMORANDUM

The following is in response to a letter dated
November 22, 1985 from Congressman Don Edwards, Chairman,
Subcommittee on Civil and Constitutional Rights, to the Attorney
General, a copy of which was forwarded to me by a DOJ memorandum
dated April 1, 1986. The letter indicates that both DOJ and the
FBI have violated the Code of Federal Regulations (CFR) and the
Disciplinary Rules of the American Bar Association's (ABA) Code
of Professional Responsibility concerning extrajudicial
statements to the news media. Also, enclosed is a recommended
response to Congressman Edwards.

A fundamental concept in the issuance of public
statements by the FBI is accountability. Our executives and
media-trained Special Agents, therefore, furnish their identities
for attribution along with the public statement. This documen-
tation facilitates a review of the statement in the event it is
called into question.

Press releases and news conference statements by
officials of the FBI are made only after the fullest
consideration has been given to 28 CFR 50.2, "Release of
information by personnel of the Department of Justice relating to
criminal and civil proceedings," and the FBI Manual of 62-109537-22
Administrative Operations and Procedures, Part 2, Section 5,
"Policy and Guidelines for Relations with News Media." The
guidelines specifically indicate that the release of information
can only be made after consideration has been given to the
interest of the public, to understanding the problems of
controlling crime and administering Government, and to the
protection of individuals accused of crime or involved in
criminal proceedings. There has never been any indication, to my
knowledge, within the FBI that officials, during press releases
or news conferences, have ever purposely attempted to influence
opinion as to the guilt of a subject or the outcome of a
defendant's trial.

Frequently, the FBI is confronted with inquiries by the press and other media concerning indictments, arrests, and convictions of subjects. In response to those inquiries, the best available information is utilized. On occasion, there may appear to be a discrepancy between the information released at the time of the indictment or arrest and the information revealed at the trial. The discrepancy arises because of the very nature of our criminal justice system, which places the burden upon the Government to prove the guilt of the individual and allows the defendant the opportunity to provide evidence. Additionally, new facts may be developed in the investigation after an arrest or indictment.

The FBI frequently relies on public records, such as warrants, affidavits and indictments, for its factual information. Most subjects are arrested after a complaint is presented under oath to a neutral and detached magistrate or judge who issues a warrant. The complaint must meet the standard of probable cause before the warrant is issued. Therefore, the information contained in the complaint is factual and provides sufficient detail and circumstances of the investigation to convince the magistrate that the subject for whom the warrant is issued in all probability committed the crime for which he or she is charged. It is understood under our system of laws that only proof beyond a reasonable doubt, or a guilty plea, resulting in a conviction, constitutes actual proof of the charges. On the other hand, our criminal justice system does not allow for charging and adjudication of ultimate issues behind closed doors. The process is quite properly subject to public scrutiny, and to release no information at the time of charging would usually be inconsistent with the nature of our legal system. What is to be released requires a delicate balancing process.

Congressman Edwards' letter of November 22, 1985, references several examples citing violations of the CFR, Local Rule 16 of the U.S. District Court of Maryland, and the Disciplinary Rules as set forth in the ABA's Code of Professional Responsibility. On a rare occasion when dealing with hundreds of press releases throughout the country a technical violation of the Rules and Regulations may occur. The occurrence of such action is not done in a wanton reckless manner but is something that happens during the excitement created by the public's intense interest. However, what may appear to be a technical violation when taken out of context is not necessarily a violation when viewed and interpreted as part of the complete text and circumstances surrounding the news release.

The following are example responses to the news articles referred to by Mr. Edwards in his letter of November 22, 1985.

1(a) - The article referred to in this paragraph of Congressman Edwards' letter cites a violation of 28 CFR 50.2(b)(6)(i) which prohibits observations about a defendant's character. First one must look to the case and circumstances surrounding the news release. The particular article in question was captioned, FBI: Ojeda Came Out Firing, Hit Agent. The caption alone says this case and the arrest were unusual, life threatening and one raising a great deal more public interest than most other cases. The firing of the Uzi submachine gun at the arresting Agents of the FBI by one of the subjects, raised this arrest to a higher level of interest. The public interest suddenly became sensitized and curious. The news media sought the answers to questions concerning the circumstances surrounding this shoot-out and arrest.

The descriptions provided by FBI spokesman Diader Rosario are examples of technical interpretations under an unusual set of circumstances. Rosario provided the news media with a description of Rios as a fugitive from justice on explosives charges, and described Ramos as an individual found guilty several years ago of possession of 1,350 pounds of iremite, a highly sensitive explosive, while including a description of Osorio as having served time for attempted robbery. The descriptions were made to inform the public of the potential danger of the situation and the threat of these individuals to society. It informs the public as to the necessity to approach the arrest, by the FBI, in the manner described in the article.

4(a)(b)(c) - The statements referenced in these sections of Congressman Edwards' letter were made by me in response to press inquiries concerning the John Anthony Walker, Jr., investigation. The investigation of Walker became a case of high visibility with a great deal of national interest after his arrest for espionage. In response to inquiries by the news media, I provided information

Counsel
Office of Professional
Responsibility

which I believed to fall within the guidelines of the CFR. But, I also recognized the fact that the defense, in this particular case, disagreed with some statements. The defense sought and obtained a court order to prohibit comments to the press concerning the Walker investigation by me and other representatives of the FBI. However, the court order was a mere recitation of the Local Rule 16 of the U.S. District Court for the District of Maryland and only prohibited extrajudicial statements. Later an attempt was made to find me in contempt of the court order, but that failed when the judge vacated the order after a hearing in which the defense had an opportunity to argue in favor of the contempt charges.

The efforts on the part of the defense in the John Anthony Walker, Jr., case are perfect examples of our judicial system at work. The defense alleged that extrajudicial statements were made but the Department of Justice, in argument on my behalf, disagreed. The end result was the dismissal of the complaint filed by the defendant.

5(a)(b)(e) - The articles referenced in these paragraphs were made to inform the public of the problems of controlling crime in our society and to inform organized criminal groups that criminal activity of this nature would be considered as a priority investigation by the FBI. The statements were not specific as to individuals but outlined the complex criminal organizational structure. The statements are not considered to be self serving, nor do they make reference to the guilt of individuals.

The various guidelines which a Government agency like the FBI must follow before releasing information to the news media are unquestionably open to interpretation. Media representatives are continuously made aware of the guidelines and the Bureau's position not to disclose extrajudicial information concerning individuals. There has never been a situation within the FBI, to my knowledge, where an FBI official has willfully disobeyed the standards set forth in the guidelines. If a violation should occur, there appears to be adequate recourse and procedures to rectify the wrongdoing, whether or not it was purposely done, through the organization's internal policies and the judicial system.

Although the above comments do not address individually each article in Congressman Edwards' letter, the comments are applicable to nearly all situations. On a rare occasion comments may be made that could be interpreted as extrajudicial. If such a comment should be made, appropriate action will be taken to correct the error made by the FBI representative so that the same mistake is not repeated in the future. Please note that the statement in paragraph four of the enclosed letter regarding the absence of adverse judicial action resulting from public statements by FBI officials is based on contacts with our Legal Counsel Division, Administrative Services Division, Office of Professional Responsibility, and Press Office, as well as my own personal recollection.

The FBI respects and joins Congressman Edwards' interest in justice and fairness and respectfully submits that we will continue, in furtherance of this interest, to act in a responsible manner when dealing with the news media on matters of public interest.
